

## Brown Bag Speech

Don't forget your  
Parent Note **AND**  
Outline!!!

- For this speech, you will need 3 items...
  - An item from your past, an item from your present, and an item that might represent your future
- All of those items need to fit in your bag, so if it's too big for your bag, find a picture of it or a toy replica (Only use a picture if **ABSOLUTELY** necessary)
- You need to use your bag to create an intro and a conclusion – that is the tricky part – stories? vacations? future?
- Don't forget your intro and conclusion – you can't just jump right into the items you brought
- Be creative – put a little thought into it!
- This speech should be at **least** 1 minute and 30 seconds
