

Discipline and Classroom Management

In order to provide our students with the excellent educational climate they deserve, we have developed the following classroom management system for Third Grade.

Each child will receive a weekly violation-recording sheet that will be sent home in their folder. Each day a Behavior Binder will travel with your child's group to each of their classes. In this binder all violations will be documented.

How our **Discipline and Classroom Management** works:

- > Throughout the day a behavior binder will travel with all groups of students
- > Each day your child will begin with zero violations. We believe that each day is a new day.
- > Ideally all students should complete the school day without any rule violations.
- > If a violation should occur, the students will receive notice of their violation and it will be documented in their assigned behavior binder.
- > If a student's behavior should continue to spiral downward, he or she will continue to accumulate violations.
- > Three violations in a day will equal a step on The School Wide Discipline Plan (which is included below).
- > Should a student receive a fourth violation in one day, they will be referred to the office for an <u>Office</u>

 Level Intervention.
- > On the <u>First Step</u> of the plan the student will bring home a <u>Better Behavior Letter</u> and you will receive a phone call.
- > Once on the <u>Second Step</u> of the plan the student will begin to serve recess detention and so on.
- The <u>School Wide Discipline Plan</u> is attached for you to review. This documents the consequences related to each <u>Step</u> on our plan.
- Also included is a list of the various violations that may warrant a violations being recorded on a students violation recording sheet.

Please, check your child's violation sheet at the end of each day and review it with your child. We count on you as parents, to look for violations in order to help us manage your student's behavior at school.

Checking your child's folder daily will help you to monitor your child's behavior.

Thank you for your support!!
