Subject: 2017-18 Brunswick High School Budget Proposal
Date: January 2017

The attached budget proposal outlines the normal instructional, extra-curricular, and support needs for Brunswick High School for the 2017-18 school year. This budget has been designed to adhere to the request we put forward a flat budget. All stipend requests/changes and new program request/changes result from decreasing lines already in existence. Requests below will therefore maintain a 0% increase to the high school budget.

Services and programs outlined below will allow us to better meet the needs of our students. The following are being requested based on student need and interest with the intent to best support student learning.

STIPEND REQUESTS

Girls Ice Hockey Coach (Stipend #78) – The girls' ice hockey coach currently has 206 hours allocated to the position, while the boys ice hockey coach has 304 hours attached to the position. The number of hours of work required by the coaches is equitable and therefore the hour counts should be the same. It is being requested that we move 98 hours from Stipend #B68 to even out the discrepancy. A full justification is included in the Stipend Requests section of this book.

JV Tennis (Stipend #78) - A request has been made to permanently allocate 98 hours from the JV Tennis Stipend #B68 to the Girl's Hockey Stipend #78. There are an additional 69 hours attached to this stipend and it is requested that these 69 hours be put towards funding the new stipends proposed in the New Programs portion of this book. Stipend #B68 is no longer used and has not been for several years. This would not have any negative impact on programs or students. A full justification is included in the Stipend Requests section of this book.

Garden Project – BHS is requesting a stipend be put in place for the BHS Garden Club supervisor. 150 hours for a total of \$2,587.50 is requested to compensate the supervisor for their work in planning, organizing and teaching students how to farm, manage and market produce. A full justification is included in the Stipend Requests section of this book.

Crooker Theater Manager – At the present time, there is no one person responsible for managing Crooker Theater. Given its extensive use by the school as well as the community it would be beneficial to have a person responsible for the oversight of the venue. This would ensure that the space and equipment are properly cared for and used. 150 hours for a total of \$2,587.50 is requested to compensate this role. A full justification is included in the Stipend Requests section of this book.

NEW CO CURRICULAR PROGRAM REQUESTS

Science Olympiad – BHS is requesting \$1,500 of funding to support the Science Olympiad club. Funds would be used to purchase materials and cover registration fees for students taking part in the program. This is a co-curricular activity that provides students with hands on learning, the opportunity to compete against peers at other schools and gives students interested in pursuing a STEM endorsement the opportunity to fulfill one of the requirements of the program. (STEM endorsement launching in the 2017-18 academic year). The full justification for this proposal is included in the New Programs section of the book.

Science Fair – BHS is requesting \$450 of funding to support the Science Fair club. Funds would be used to purchase materials, cover registration fees and travel expenses for the club supervisor. This is a co-curricular activity open to all students interested in conducting scientific experiments and taking part in the state Science Fair. The full justification for this proposal is in the New Programs section of the book.

BHS Garden Club – BHS is requesting \$2,000 of funding to support the BHS Garden Club. Funds would be used to purchase materials (such as seeds and fertilizer) and equipment necessary for farming. This club is working towards providing students with extended learning opportunities that could result in high school credit in addition to providing students with an opportunity to learn more about organic farming. The full justification for this proposal is included in the New Programs section of the book.

CO-CURRICULAR ADJUSTMENT REQUEST

Destination Imagination – This club has not run in over five years and there are no plans to reestablish the activity. The recommendation therefore is to close this budget line and use the funds to support programs such as the Science Fair and Science Olympiad.

Proposed REAL School Trip- Blue Man Group

About the Blue Man Group: "The history of Blue Man Group originates with three friends fresh out of college who made a life-defining decision together. Chris Wink, Phil Stanton, and Matt Goldman determined they would achieve lives of meaning and purpose, forging their own road, following their own path...What transpired was a ground-breaking performance that moved and inspired audiences. This unprecedented theatrical success led to ongoing accolades, awards and genre-jumping opportunities...A dynamic combination of art, music, comedy and technology, the show's euphoric celebration of human connection has universal appeal for a broad range of age groups and cultural backgrounds..."
(www.blugman.com/about-blue-man-group)

Trip Overview: REAL School staff proposes a trip to see the Blue Man Group in Boston as a highly engaging activity that works towards English/Arts/Elective credits while simultaneously working towards the identified goals of increasing student interest, positive staff/student relationships, and providing life aspirations activities. Due to the high value of this activity, it will also be used as an incentive item to encourage greater school performance. Students will be invited based on interest and recent school performance. Students will be required to attend three pre-trip meetings to complete learning activities and return trip paperwork. Many of our students come from financially insecure homes. We have generated funding from outside donors for our student activity fund. This is exactly what these donations were meant to support. The majority of our students lack the opportunity to engage in these types of opportunities outside of school, so this field trip will be an opportunity to engage them in a unique way. The academic components, in addition to physicality of the show, will expose our students to healthy risks.

Chaperon Staff: Sadie Russell and Evan Kumagae

Other Staff Impacts: Ray Dunn and Megan McCue (offer in school programming for students who don't attend), Melissa Mullison (coordinate van coverage for Evan and Sadie), Tom Benton (bag lunches)

Number of Students: 3-4 students from the High School

Emergency Contact: Martin Mackey, REAL School Principal.

Can you imagine how the people in the painting feel? Does the painting have a mood—calm agitated, happy, sad, etc.? What contributes to this mood (color, composition, subject matter, lines, texture, etc.)? How would you describe the overall emotion of the painting? If you had to retitl this work, what would you call it and why?
3. Tell Students that they are going to write a short story inspired by the story. The first step is taking 15 minutes to fill out the question worksheet. (below)
4. Students will have 15 minutes to write a short, first edit of a story inspired by the painting.
