

Rock Hill Schools Curriculum Reporting Map

Please note that the name of this document has been changed from “Curriculum Map” to “Rock Hill Schools Curriculum Reporting Map.” The Map tells you when you should assess standards/indicators. This is not a teaching timeline or pacing guide. Many of the standards/indicators should be taught and revisited throughout the year.

Standards and indicators listed **may always be assessed early**, but they must be **reported by the end of the grading period specified**. For example, if a particular standard/indicator is listed within the 3rd nine weeks, a teacher may go ahead and assess this standard in the first or second nine weeks. However, it should be reported on the report card in the 3rd nine weeks. Standards that are reported over multiple quarters should be reported in such a fashion to notify parents of the student's progress on that specific standard.
