

Dear Families,

We would like to welcome you and your child to fourth grade. We are excited for the new year and to be some of the first teachers in our school to begin a new school year teaching remotely. This year your child will have two teachers. Mrs. Thomas will be teaching your child language arts in the morning and Mrs. Miller will be teaching math, science, and social studies in the afternoon. Since it is the beginning of the year, we would like to introduce ourselves.

Mrs. Miller has a bachelor's in English from Wilmington College, a master's in English from the University of Dayton, and obtained her teaching license in 2012. She has worked with children for over thirteen years and this will be her 9th year teaching at Greenville. She lives outside of Arcanum with her husband Joe, two sons, and two small dogs.

Mrs. Thomas earned her bachelor's degree in Elementary Education from Asbury University, and her master's in curriculum and leadership from Wright State University. She is licensed to teach gifted learners and E.S.O.L. students. Mrs. Thomas is a primary and intermediate trained Literacy Collaborative coach with 35 years of teaching experience. She and her husband, Ed, live in Sidney.

We both understand how important the year spent in our classroom is to your child's developing academic skills. These skills will help your child become independent learners in the years to come. We are looking forward to spending the year with you and your child.

If you have any questions, please contact either one of us at amiller@gcswave.com or ethomas@gcswave.com. You may also call us at school at (937) 548-1013. We look forward to a great year!

Sincerely,

Mrs. Miller

Mrs. Thomas
