

416 DRUG, ALCOHOL, AND CANNABIS TESTING

I. PURPOSE

- A. The school board recognizes the significant problems created by drug, alcohol, and cannabis use in society in general, and the public schools in particular. The school board further recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow.
- B. It is the belief of the school board that a work environment free of drug, alcohol, and cannabis use will not only be safer, healthier, and more productive, but will also be more conducive to effective learning. Therefore, to provide such an environment, the purpose of this policy is to provide authority so that the school board may require all employees and/or job applicants to submit to drug, alcohol, and cannabis testing in accordance with the provisions of this policy and as provided in federal law and Minnesota Statutes, sections 181.950-181.957.

II. GENERAL STATEMENT OF POLICY

- A. All school district employees and job applicants whose positions require a commercial driver's license will be required to undergo drug, alcohol, and cannabis testing in accordance with federal law and the applicable provisions of this policy. The school district also may request or require that drivers submit to drug, alcohol, and cannabis testing in accordance with the provisions of this policy and as provided in Minn. Stat. §§ 181.950-181.957.
- B. The school district may request or require that any school district employee or job applicant, other than an employee or applicant whose position requires a commercial driver's license, submit to drug, alcohol, and cannabis testing in accordance with the provisions of this policy and as provided in Minn. Stat. §§ 181.950-181.957.
- C. The use, possession, sale, purchase, transfer, or dispensing of any drugs not medically prescribed is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of drugs which are not medically prescribed is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of drugs which are not medically prescribed are prohibited from entering or remaining on school district property.
- D. The use, possession, sale, purchase, transfer, or dispensing of alcohol or cannabis is prohibited on school district property (which includes school district vehicles),

while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of alcohol or cannabis is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of alcohol or cannabis are prohibited from entering or remaining on school district property.

- E. Any employee who violates this section shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge.
- F. The school district may discipline, discharge, or take other adverse personnel action against an employee for cannabis flower, cannabis product, lower-potency hemp edible, or hemp-derived consumer product use, possession, impairment, sale, or transfer while an employee is working, on school district premises, or operating a school district vehicle, machinery, or equipment as follows:
 - 1. if, as the result of consuming cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product, the employee does not possess that clearness of intellect and control of self that the employee otherwise would have;
 - 2. if cannabis testing verifies the presence of cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product following a confirmatory test;
 - 3. as provided in the school district's written work rules for cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products and cannabis testing, provided that the rules are in writing and in a written policy that contains the minimum information required by section 181.952; or
 - 4. as otherwise authorized or required under state or federal law or regulations, or if a failure to do so would cause the school district to lose a monetary or licensing-related benefit under federal law or regulations.

III. FEDERALLY MANDATED DRUG, ALCOHOL, AND CANNABIS TESTING FOR SCHOOL BUS DRIVERS

A. General Statement of Policy

All persons subject to commercial driver's license requirements shall be tested for alcohol, marijuana, cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP), pursuant to federal law. Drivers who test positive for alcohol or drugs shall be subject to disciplinary action, which may include termination of employment.

B. Definitions

1. “Actual Knowledge” means actual knowledge by the school district that a driver has used alcohol or controlled substances based on: (a) direct observation of the employee’s use (not observation of behavior sufficient to warrant reasonable suspicion testing); (b) information provided by a previous employer; (c) a traffic citation; or (d) an employee’s admission, except when made in connection with a qualified employee self-admission program.
2. “Alcohol Screening Device” (ASD) means a breath or saliva device, other than an Evidential Breath Testing Device (EBT), that is approved by the National Highway Traffic Safety Administration and placed on its Conforming Products List for such devices.
3. “Breath Alcohol Technician” (BAT) means an individual who instructs and assists individuals in the alcohol testing process and who operates the Evidential Breath Testing Device (EBT).
4. “Commercial Motor Vehicle” (CMV) includes a vehicle which is designed to transport 16 or more passengers, including the driver.
5. “Designated Employer Representative” (DER) means a designated school district representative authorized to take immediate action to remove employees from safety-sensitive duties, to make required decisions in the testing and evaluation process, and to receive test results and other communications for the school district.
6. “Department of Transportation” (DOT) means United States Department of Transportation.
7. “Direct Observation” means observation of alcohol or controlled substances use and does not include observation of employee behavior or physical characteristics sufficient to warrant reasonable suspicion testing.
8. “Driver” is any person who operates a Commercial Motor Vehicle, including full-time, regularly employed drivers, casual, intermittent or occasional drivers, leased drivers, and independent owner-operator contractors.
9. “Evidential Breath Testing Device” (EBT) means a device approved by the National Highway Traffic Safety Administration for the evidentiary testing of breath for alcohol concentration and placed on its Conforming Products List for such devices.
10. “Licensed Medical Practitioner” means a person who is licensed, certified, and/or registered, in accordance with applicable Federal, State, local, or

foreign laws and regulations, to prescribe controlled substances and other drugs.

11. “Medical Review Officer” (MRO) means a licensed physician responsible for receiving and reviewing laboratory results generated by the school district’s drug testing program and for evaluating medical explanations for certain drug tests.
12. “Refusal to Submit” (to an alcohol or controlled substances test) means that a driver: (a) fails to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so; (b) fails to remain at the testing site until the testing process is complete; (c) fails to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test; (d) fails to permit the observation or monitoring of the driver’s provision of a specimen in the case of a directly observed or monitored collection in a drug test; (e) fails to provide a sufficient breath specimen or sufficient amount of urine when directed and a ~~it has been~~ determination has been made that no adequate medical explanation for the failure exists; (f) fails or declines to take an additional test as directed; (g) fails to undergo a medical examination or evaluation, as directed by the Medical Review Officer or the Designated Employer Representative; (h) fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to sign the certification on the forms); or (i) is reported by the Medical Review Officer as having a verified adulterated or substituted test result. An applicant who fails to appear for a pre-employment test, who leaves the testing site before the pre-employment testing process commences, or who does not provide a urine specimen because he or she has left before it commences is not deemed to have refused to submit to testing.
13. “Safety-Sensitive Functions” are on-duty functions from the time the driver begins work or is required to be in readiness to work until relieved from work, and include such functions as driving, loading and unloading vehicles, or supervising or assisting in the loading or unloading of vehicles, servicing, repairing, obtaining assistance to repair, or remaining in attendance during the repair of a disabled vehicle.
14. “Screening Test Technician” (STT) means anyone who instructs and assists individuals in the alcohol testing process and operates an ASD.
15. “Stand Down” means to temporarily remove an employee from performing safety-sensitive functions after a laboratory reports a confirmed positive, an adulterated, or a substituted test result but before a Medical Review Officer completes the verification process.

16. “Substance Abuse Professional” (SAP) means a qualified person who evaluates employees who have violated a DOT drug and alcohol regulation and makes recommendations concerning education, treatment, follow-up testing, and aftercare.

C. Policy and Educational Materials

1. The school district shall provide a copy of this policy and procedures to each driver prior to the start of its alcohol and drug testing program and to each driver subsequently hired or transferred into a position requiring driving of a Commercial Motor Vehicle.
2. The school district shall provide to each driver information concerning the effects of alcohol and controlled substances use on an individual’s health, work, and personal life; signs and symptoms of an alcohol or drug problem; and available methods of intervening when an alcohol or drug problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.
3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that he or she has received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

D. Alcohol and Controlled Substances Testing Program Manager

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the Medical Review Officer, the Breath Alcohol Technician, the Substance Abuse Professional, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

1. Alcohol Concentration. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than

0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.

2. Alcohol Possession. No driver shall be on duty or operate a Commercial Motor Vehicle while the driver possesses alcohol.
3. On-Duty Use. No driver shall use alcohol while performing safety-sensitive functions.
4. Pre-Duty Use. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.
5. Use Following an Accident. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until he or she undergoes a post-accident alcohol test, whichever occurs first.
6. Refusal to Submit to a Required Test. No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.
8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.
9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district which prohibit the possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

No driver found to have an alcohol concentration of 0.02 or greater but less than

0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and policy of the school district.

G. Prescription Drugs/ Cannabinoid Products

A driver shall inform his or her supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if a driver claims to have only used non intoxicating cannabinoids or edible cannabinoid products.

H. Testing Requirements

1. Pre-Employment Testing

- a. A driver applicant shall undergo testing for [alcohol and] controlled substances before the first time the driver performs safety-sensitive functions for the school district.
- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. In order to be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug, alcohol, and cannabis testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.
- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug, alcohol, or cannabis test administered by an employer to which the

employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.

- e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse ("Clearinghouse") to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law. The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query. The school district shall retain the consent for three (3) years from the date of the query.

2. Post-Accident Testing

[Note: 49 C.F.R. § 382.303 governs post-accident testing of drivers.]

- a. As soon as practicable following an accident involving a Commercial Motor Vehicle, the school district shall test the driver for alcohol and controlled substances if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8)

hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.

3. Random Testing

[Note: 49 C.F.R. § 382.305 governs random testing of drivers.]

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.
- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

4. Reasonable Suspicion Testing

[Note: 49 C.F.R. § 382.307 governs reasonable suspicion testing of drivers.]

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances on duty or within four (4) hours before coming on duty. The test shall be done as soon as practicable following the observation of the behavior indicative of

the use of controlled substances or alcohol.

- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
- c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.
- d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

[Note: 49 C.F.R. §§ 382.309, 40.23(d), and 40.305 govern return-to-duty testing.]

- 5. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until a Substance Abuse Professional has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances.

[Note: 49 C.F.R. §§ 382.311, 40.307, and 40.309 govern follow-up testing.]

- 6. Follow-Up Testing. When a Substance Abuse Professional (SAP) has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.

- 7. Refusal to Submit and Attendant Consequences

[Note: Consequences for refusals to submit to required drug, alcohol,

and cannabis tests are addressed generally in 49 C.F.R. §§ 40.191, 40.261, and 382.211. They are more specifically addressed in 49 C.F.R. §§ 382.501-382.507 and in 49 U.S.C. § 521(b).]

- a. A driver or driver applicant may refuse to submit to drug, alcohol, and cannabis testing.
- b. Refusal to submit to a required drug, alcohol, or cannabis test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of 49 U.S.C. § 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.
- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by a SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment C to this policy.

I. Testing Procedures

1. Drug Testing

[Note: The Federal Drug Testing Custody and Control Form (CCF) must be used to document every urine collection required by the DOT drug testing program. 49 C.F.R. § 40.45.]

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight

of the donor.

- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense.
- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventh-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.
- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If

the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.

- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
 - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was received from the laboratory.

2. Alcohol Testing

[Note: The DOT Alcohol Testing Form (ATF) must be used for every DOT alcohol test. 49 C.F.R. § 40.225]

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or a STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a “negative” test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBTD]. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor’s inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an Evidential Breath Testing Device will be required to be performed between 15 and 30 minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver's or driver applicant's expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.

[Note: The limitation on discharge in Paragraph 2., below, is contained solely in Minnesota law. State law is preempted by federal laws and regulations as it relates to drivers of commercial motor vehicles (such as bus drivers). See Minn. Stat. § 221.031, Subd. 10. Nevertheless, school districts may decide to comply with the state law requirements for various reasons (such as to treat all school district employees equally since employees subject to testing only under state law are accorded these additional rights). Consultation with the school district's legal counsel is recommended.]

2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug, alcohol, or cannabis test UNLESS:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug, alcohol, or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the Substance Abuse Professional; and
 - b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a confirmatory test after completion of the program.
 - c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be [***name, address, telephone number***], which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug,

alcohol, and cannabis testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minn. Stat. Ch. 13. Any information concerning the individual’s test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

- 1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.

[Note: The federal recordkeeping requirements for school districts are detailed in the federal regulations 49 C.F.R. §§ 382.401 et seq. and 40.331. The Federal Department of Transportation (DOT) publishes a guide to the recordkeeping requirements of mandatory drug, alcohol, and cannabis testing for persons with a commercial driver’s license as part of its Alcohol & Drugs: DOT Compliance Manual.]

- 2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

“Basic records” includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Collection records	2 years
Negative and canceled drug tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	Indefinite

“Education and training records” must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

- 3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse (“Clearinghouse”) as required under federal law, including:

- a. The name of the person tested;
- b. Any verified positive, adulterated, or substituted drug test result;
- c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;
- d. Any refusal to submit to any test required hereunder;
- e. Any report by a supervisor of actual knowledge of use as follows
 - (1) Any on-duty alcohol use;
 - (2) Any pre-duty alcohol use;
 - (3) Any alcohol use following an accident; and
 - (4) Any controlled substance use.
- f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;
- g. Any negative return-to-duty test; and
- h. Any employer's report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.
2. Referral, Evaluation, and Treatment
 - a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of Substance Abuse Professionals readily available to the driver or applicant and acceptable to the school district.

[Note: Subparagraphs b. and c., below, are based on the provisions of 49 C.F.R. § 40.289.]

- b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by a Substance Abuse Professional (SAP) and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide a SAP evaluation or any subsequent recommended education or treatment.
- c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
- d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.

3. Disciplinary Action

- a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to drug, alcohol, and cannabis testing other than that required by federal law. For example, drivers may be requested or required to undergo drug, alcohol, and cannabis testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy

and as provided in Minn. Stat. §§ 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall within the definition of “other employees” covered by Section IV. of this policy.

[Note: When the testing of drivers complies with federal testing requirements and procedures, school districts clearly are exempt from the state drug, alcohol, and cannabis testing requirements in Minn. Stat. §§ 181.950-181.957. See Minn. Stat. § 221.031, Subd. 10. When testing beyond the federally mandated requirements, however, school districts still must comply with state law.]

IV. DRUG, ALCOHOL, AND CANNABIS TESTING FOR OTHER EMPLOYEES

The school district may request or require drug, alcohol, and cannabis testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug, alcohol, and cannabis testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug, alcohol, or cannabis testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

A. Definitions

1. “Cannabis testing” means the analysis of a body component sample according to the standards established under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of cannabis flower, as defined in Minnesota Statutes, section 342.01, subdivision 16, cannabis products, as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, hemp-derived consumer products as defined in section 342.01, subdivision 37, or cannabis metabolites in the sample tested. The definitions in this section apply to cannabis testing unless stated otherwise.
2. “Confirmatory test” and “confirmatory retest” mean a drug or alcohol test that uses a method of analysis allowed under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
3. “Drug” means a controlled substance as defined in Minnesota Statutes, section 152.01, subdivision 4, but does not include marijuana, tetrahydrocannabinols, cannabis flower as defined in section 342.01, subdivision 16, cannabis products as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, and hemp-derived consumer products as defined in section 342.01, subdivision 37.

4. “Drug and Alcohol Testing,” “Drug or Alcohol Testing,” and “Drug or Alcohol Test” mean analysis of a body component sample by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested. "Drug and alcohol testing," "drug or alcohol testing," and "drug or alcohol test" do not include cannabis or cannabis testing, unless stated otherwise.
5. "Employee" means a person, independent contractor, or person working for an independent contractor who performs services for compensation, in whatever form, for an employer.
6. "Initial screening test" means a drug or alcohol test or cannabis test which uses a method of analysis under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
7. “Job Applicant” means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the charter school in a position that does not require a commercial driver’s license, and includes a person who has received a job offer made contingent on the person’s passing drug or alcohol testing. Job applicants for positions requiring a commercial driver’s license are governed by the provisions of the charter school’s drug and alcohol testing policy relating to school bus drivers (Section III.).
8. “Other Employees” means any persons, independent contractors, or persons working for an independent contractor who perform services for the charter school for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver’s license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver’s license are primarily governed by the provisions of the charter school’s drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver’s license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of “other employees.”
9. “Positive Test Result” means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
10. “Random Selection Basis” means a mechanism for selection of employees that:
 - a. results in an equal probability that any employee from a group of

employees subject to the selection mechanism will be selected; and

- b. does not give the charter school discretion to waive the selection of any employee selected under the mechanism.

- 11. “Reasonable Suspicion” means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.
- 12. “Safety-Sensitive Position” means a job, including any supervisory or management position, in which an impairment caused by drug, alcohol, or cannabis usage would threaten the health or safety of any person.

B. Circumstances Under Which Drug, Alcohol, or Cannabis Testing May Be Requested or Required; Exceptions

1. General Limitations

- a. The school district will not request or require an employee or job applicant whose position does not require a commercial driver’s license to undergo drug, alcohol, or cannabis testing, unless the testing is done pursuant to this testing policy; and is conducted by a testing laboratory which participates in one of the programs listed in Minn. Stat. § 181.953, Subd. 1.
- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver’s license to undergo drug, alcohol, or cannabis testing on an arbitrary and capricious basis.

2. Cannabis Testing Exceptions

For the following positions, cannabis and its metabolites are considered a drug and subject to the drug and alcohol testing provisions in Minnesota Statutes, sections 181.950 to 181.957:

- a. a safety-sensitive position, as defined in Minnesota Statutes, section 181.950, subdivision 13;
- b. a position requiring face-to-face care, training, education, supervision, counseling, consultation, or medical assistance to children;
- c. a position requiring a commercial driver's license or requiring an employee to operate a motor vehicle for which state or federal law requires drug or alcohol testing of a job applicant or an employee;
- d. a position of employment funded by a federal grant; or

- e. any other position for which state or federal law requires testing of a job applicant or an employee for cannabis.

3. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug, alcohol, and cannabis testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer which is contingent on the applicant's passing drug, alcohol, and cannabis testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

- a. The school district must not request or require a job applicant to undergo cannabis testing solely for the purpose of determining the presence or absence of cannabis as a condition of employment unless otherwise required by state or federal law.
- b. Unless otherwise required by state or federal law, the school district must not refuse to hire a job applicant solely because the job applicant submits to a cannabis test or a drug and alcohol test authorized by Minnesota law and the results of the test indicate the presence of cannabis.
- c. The school district must not request or require an employee or job applicant to undergo cannabis testing on an arbitrary or capricious basis.
- d. Cannabis testing authorized under paragraph (d) must comply with the safeguards for testing employees provided in Minnesota Statutes, sections 181.953 and 181.954.

4. Random Testing

The school district may request or require employees to undergo drug, alcohol, and cannabis testing on a random selection basis only if they are employed in safety-sensitive positions.

5. Reasonable Suspicion Testing

The school district may request or require any employee to undergo drug, alcohol, and cannabis testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of cannabis, drugs, or alcohol;
- b. has violated the school district's written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol, cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products while the employee is working or while the employee is on the school district's premises or operating the school district's vehicles, machinery, or equipment;
- c. has sustained a personal injury, as that term is defined in Minnesota Statutes, section 176.011, Subd. 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

5. Treatment Program Testing

The school district may request or require any employee to undergo drug, alcohol, and cannabis testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo drug, alcohol, and cannabis testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

6. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug, alcohol, and cannabis testing as part of a routine physical examination provided the drug, alcohol, or cannabis test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug, alcohol, or cannabis test may be requested or required as part of the physical examination.

C. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug, alcohol, and cannabis testing.

D. Right of Other Employee or Job Applicant to Refuse Drug, Alcohol, and Cannabis Testing and Consequences of Such Refusal

1. Right of Other Employee or Job Applicant to Refuse Drug, Alcohol, and Cannabis Testing

Any employee or job applicant whose position does not require a commercial driver's license has the right to refuse drug, alcohol, and cannabis testing subject to the provisions contained in Paragraphs 2. and 3. of this Section IV.D.

2. Consequences of an Employee's Refusal to Undergo Drug, Alcohol, and Cannabis Testing

Any employee in a position that does not require a commercial driver's license who refuses to undergo drug, alcohol, and cannabis testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.

3. Consequences of a Job Applicant's Refusal to Undergo Drug, Alcohol, and Cannabis Testing

Any job applicant for a position which does not require a commercial driver's license who refuses to undergo drug, alcohol, and cannabis testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.

E. Reliability and Fairness Safeguards

1. Pretest Notice

Before requesting an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing or requesting cannabis testing, the school district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug, alcohol, and cannabis testing policy.

2. Notice of Test Results

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug, alcohol, or cannabis testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

3. Notice of and Right to Test Result Report

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing, an employee or job applicant who has undergone drug, alcohol, or cannabis testing of the employee or job applicant's right to request and receive from the school district a copy of the test result report on any drug, alcohol, or cannabis test.

4. Notice of and Right to Explain Positive Test Result

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide him or her with notice of the test results and, at the same time, written notice of the right to explain the results and to submit additional information.
- b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.
- c. The employee may present verification of enrollment in the medical cannabis patient registry or of enrollment in a Tribal medical cannabis program as part of the employee's explanation.
- d. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used non intoxicating cannabinoids or edible cannabinoid product.
- e. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

5. Notice of and Right to Request Confirmatory Retests

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide him or her with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her expense.
- b. An employee or job applicant may request a confirmatory retest of the original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or

job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minn. Stat. § 181.953, Subd. 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug, alcohol, or cannabis threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.

6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform him or her of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments E and F to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.
2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.
3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug, alcohol, or cannabis test requested by the school district, unless the following conditions have been met:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug, alcohol, or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation

with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and

- b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
- 4. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
- 5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon or after hire.
- 6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.
- 7. An employee must be given access to information in his or her personnel file relating to positive test result reports and other information acquired in the drug, alcohol, and cannabis testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

G. Withdrawal of Job Offer for an Applicant for a Position That Does Not Require a Commercial Driver's License

If a job applicant has received a job offer made contingent on the applicant's passing drug, alcohol, and cannabis testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

1. Possession of a sample must be traceable to the employee from whom the sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;
2. The sample must always be in the possession of, must always be in view of, or must be placed in a secure area by a person authorized to handle the sample;
3. A sample must be accompanied by a written chain-of-custody record; and
4. Individuals relinquishing or accepting possession of the sample must record the time the possession of the sample was transferred and must sign and date the chain-of-custody record at the time of transfer.

I. Privacy, Confidentiality and Privilege Safeguards

1. Privacy Limitations

A laboratory may only disclose to the school district test result data regarding the presence or absence of drugs, alcohol or their metabolites in a sample tested.

2. Confidentiality Limitations

With respect to employees and job applicants, test result reports and other information acquired in the drug, alcohol, or cannabis testing process are private data on individuals as that phrase is defined in Minn. Stat. Ch. 13, and may not be disclosed by the school district or laboratory to another employer or to a third-party individual, governmental agency, or private organization without the written consent of the employee or job applicant tested.

3. Exceptions to Privacy and Confidentiality Disclosure Limitations

Notwithstanding Paragraphs 1. and 2., evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minn. Stat. Ch. 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed to a substance abuse treatment facility for the

purpose of evaluation or treatment of the employee.

4. Privilege

Positive test results from the school district drug, alcohol, or cannabis testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

J. Notice of Testing Policy to Affected Employees

The school district shall provide written notice of this drug, alcohol, and cannabis testing policy to all affected employees upon adoption of the policy, to a previously non-affected employee upon transfer to an affected position under the policy, and to a job applicant upon hire and before any testing of the applicant if the job offer is made contingent on the applicant's passing drug, alcohol, and cannabis testing. Affected employees and applicants will acknowledge receipt of this written notice in the form of Attachment G to this policy.

V. POSTING

The school district shall post notice in an appropriate and conspicuous location on its premises that it has adopted a drug, alcohol, and cannabis testing policy and that copies of the policy are available for inspection during regular business hours by its employees or job applicants in its personnel office or other suitable locations.
