### Secure Cloud Computing Services

**Secure Cloud Computing Services (SCC Services)** provides an option to remotely operate your Skyward application through a secure cloud provider. Our cloud provider operates servers within its own facilities allowing you secure access to all applications through a browser via the Internet. The SCC Services are fully responsible for all aspects involved in database disaster recovery, loading releases and updates, operating and maintaining host servers, software, and databases.

#### School Business Suite

Silver Package

\$ 3,000.00 \*

\* This is a 36 month contract.

**The SCC hosting fees are not included in the Skyward total above. All SCC hosting fees will be invoiced by and paid directly to ISCorp.**

Additional discounts may apply if your district is hosting both the School Business Suite and Student Management Suite at ISCorp. If you are interested in learning more about the SCC Services package options, please contact ISCorp, Jeff Zillner - VP Operations, 262.240.7777 or jzillner@iscorp.com.

## Implementation and Training

### Implementation Schedule

Skyward will establish a mutually agreed upon implementation schedule. Failure by the customer to adhere to the implementation schedule may result in delays and additional costs. The customer may be required to repurchase items if the delay causes Skyward to replicate completed items. Skyward and the customer will subsequently agree on a revised implementation schedule.

### Project Management

This is going to be a significant project, and you need a professional to manage it. Skyward's project management team will facilitate the flow of information to make your implementation a success. We are heavily versed in project management best practices and apply these in conjunction with our unique industry expertise for a smooth transition.

### Training

Unlike many of the one-size-fits-all training programs prevalent in our industry, Skyward delivers web and onsite sessions tailored to your best practices. We layer an initial level of consulting with your leadership team to define short- and long-term goals. We understand the comfort level of your staff is a strong indicator of long-term success, which is why these trainings are supplemented with our self-paced Professional Development Center. Skyward's training model will provide a robust plan designed to fully train your staff without the need for purchasing additional hours. By utilizing Skyward's proven methods, you are setting your team up for a successful implementation.

## Pricing Footnotes

- <sup>1</sup> This is a 3-Year Contract with automatic renewal after the initial term. The contract will renew at the then-current rate.
- <sup>2</sup> The rate per student for the recurring fee will remain unchanged as stated in the Pricing Detail section above through June 30, 2027 or August 31, 2026 as determined by your fiscal year and indicated on the Terms and Conditions.  
The initial count is based on the student count as available from Market Data Retrieval (MDR) a division of Dun and Bradstreet.  
The recurring fee can fluctuate for subsequent years based on obtaining enrollment information directly from each applicable state.
- <sup>3</sup> Skyward's Professional Development Center (PDC) is included in the core package. The PDC is a self-paced learning center to assist in training all staff. It includes online tutorials, simulations, and testing options. Your entire staff will have unlimited access to Skyward's on-line library and training materials for select modules.
- <sup>4</sup> The customer is solely responsible for having access to and obtaining all required data from their existing software system. The customer assumes responsibility for utilizing their internal resources (IT, Legal teams, etc.) to obtain said data in order to complete the purchased Data Migrations. Failure to obtain the required data will result in a change order form and require the customer to manually enter the data into Skyward.  
  
A full database backup is recommended. Normally a full backup will provide Skyward with all the information needed to decipher what each field represents in the data. At a minimum the district is required to provide ASCII Delimited files with data mapping that identifies what data is contained in each file and what each column of data represents.  
  
The customer is also responsible for completing required verification documents provided by Skyward for each migration. The verification involves specific scenarios to assist Programming and Quality Assurance to support the accuracy of the migrations.  
  
You will need to retrieve this data and provide verification multiple times during the data migration process. It is important you have this process solidified in order to accomplish these data retrievals and verification postings. A delay in delivery of the data will delay the migration and negatively affect the quality of the migration. This also has negative effects on the training of Skyward with your new users.
- <sup>5</sup> **Account Balancing Clarification**  
Skyward software requires that an account's ending balance for the quarter or year be equal to the opening balance for the next quarter or year. This is an accepted accounting principal and if your data does not meet that requirement Skyward will attempt to determine the discrepancy and if the discrepancy cannot be determined in a timely manner, Skyward will make an offsetting entry to fulfill the requirement. Skyward will clearly identify which account was adjusted and how the adjustment was accomplished. The customer may conduct further research and make a journal entry to eliminate the offsetting entry if desired.
- <sup>6</sup> This proposal includes the Skyward Data Migration Bundle. This data migration package is sold as a bundle. These migrations are nontransferable and nonrefundable.
- <sup>7</sup> Any applicable third-party product licenses may be subject to an annual increase.  
  
Skyward requires an SSL (Secure Socket Layer) certificate to run any web-based applications.  
Skyward's IT Services can provide you more information including cost and installation of an SSL certificate.
- <sup>8</sup> **Secure Cloud Computing (SCC) Setup Assistance**  
SCC Compliancy Testing.  
Installation/Setup Service.
- <sup>9</sup> This proposal includes a Project Management discount. This discount applies when purchasing a core product.  
Future sub module purchases will include standard Project Management fees.

## Training Footnotes

Skyward consultation and training is sold as a number of days and web hours identified on the proposal. The number of days and hours sold is an estimate of customer needs based on a combination of preliminary information gathered from the customer prior to the sale and Skyward's past training experience. It will be at the discretion of the Skyward and Customer Project Managers to use the days and web hours in a manner that best suits the customer. Any time spent by Skyward consultants for preparation, follow up, and the creation of training materials or other deliverables is also considered billable and will be deducted from this consulting time at the consulting rate. The customer can purchase additional consulting hours if more consulting time is needed.

**Web training** allows Skyward to remotely present, discuss, and review our product directly with you. This application utilizes the Internet and is conducted live between your staff (at their own workstation) and a Skyward service representative without the need for them to travel to your location, providing you with a lower cost of training and/or implementation along with greater flexibility of your installation timeline.

**Cancellation of Training.** Any scheduled training days may be cancelled by the customer up to 72 hours in advance for Web Enabled training and a minimum of 30 days in advance for On-Site training. If the scheduled training is cancelled by the customer after the minimum advanced notice to Skyward, then the customer will be responsible for the full amount of the scheduled training and any airline change fees (if applicable).

**Finance setup day** included for verification of previously installed conversion data in preparation for live processing. This includes but is not limited to security setup, default parameter settings in the software, verification of printing capabilities, verification of conversion totals on financial reports (balance sheet, revenue and expense, payroll history totals, etc.), verification of code table setup, and random verification of data records in each module converted. Skyward will assist the customer in working through these items so that the customer can verify the accuracy of information before processing begins.

## Custom Forms (Checks, W-2's, etc.) and Peripherals

**Nelco** is the exclusively recommended supplier of preprinted, blank laser, pressure seal (blank and preprinted) checks and MICR toner cartridges. To request free samples or to place your order, visit [www.skywardforms.com](http://www.skywardforms.com) or contact Nelco's customer service center at 1-800-266-4669.

**School Technology Associates, Inc.** has been a mutually exclusive partner with Skyward since 1992 and offers a complete line of hardware, software, service, and support for peripheral equipment needed to run Skyward's Student, Food Service, and TrueTime/Time Tracking software. Popular products include Tardy Kiosk, Positive Attendance, ID Badging, Time Clocks, and more! All items have been completely tested by Skyward and are in use by Skyward customers nationwide. If the district opts to use an optional third-party solution, please contact School Technology for approved hardware and system quotes. These integrated solutions are sold independently of Skyward.
