

Further Adventures of Christopher Columbus

Who can retell the story of Christopher Columbus? You can use the globe to help you show the story if you'd like.

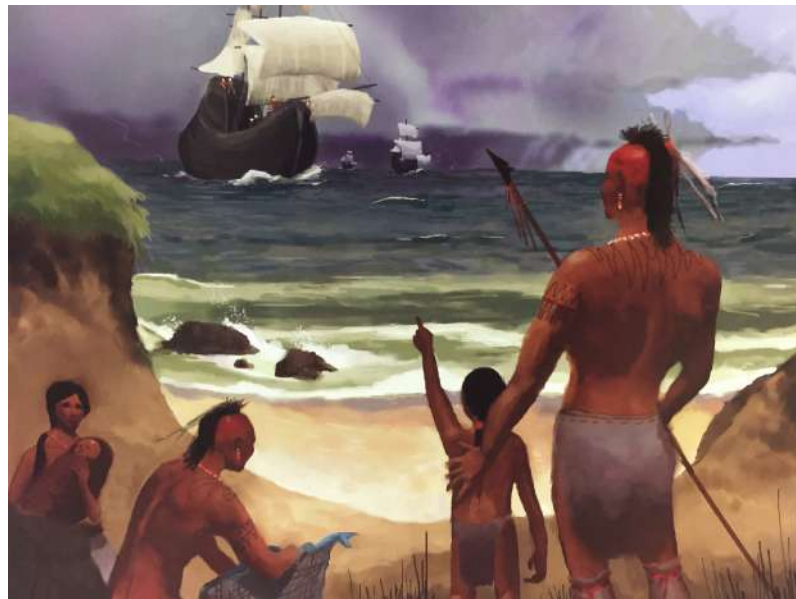

Further Adventures of Christopher Columbus

Let's review the read aloud from yesterday, titled *Not the Indies* in which Columbus was very happy because he thought he had reached the Indies in Asia. Remember that when Columbus began exploring, he didn't find as much gold as he expected.

Further Adventures of Christopher Columbus

We have been starting each day by learning a new song verse to review what we learned in the previous read aloud. The song is sung to the verse of "If You're Happy and You Know It".

Further Adventures of Christopher Columbus

Eastern Asia had a lot of gold and spice.
Eastern Asia had a lot of gold and spice.
But it was a distant land,
Miles and miles across the sand.
It was difficult to get the gold and spice.

Columbus said that he had found the Indies
Columbus said that he had found the Indies
He went looking for lots of gold,
But he had no luck, we're told.
'Cause he didn't really sail to the Indies.

Ferdinand and Isabella ruled in Spain.
Ferdinand and Isabella ruled in Spain.
Told Columbus he should wait,
Then they said his plan was great.
Ferdinand and Isabella ruled in Spain.

Chris and his crew sailed across the sea.
Chris and his crew sailed across the sea.
Nina, Pinta, and their ship,
Santa Maria made the trip.
Chris and his crew sailed across the sea.

Further Adventures of Christopher Columbus

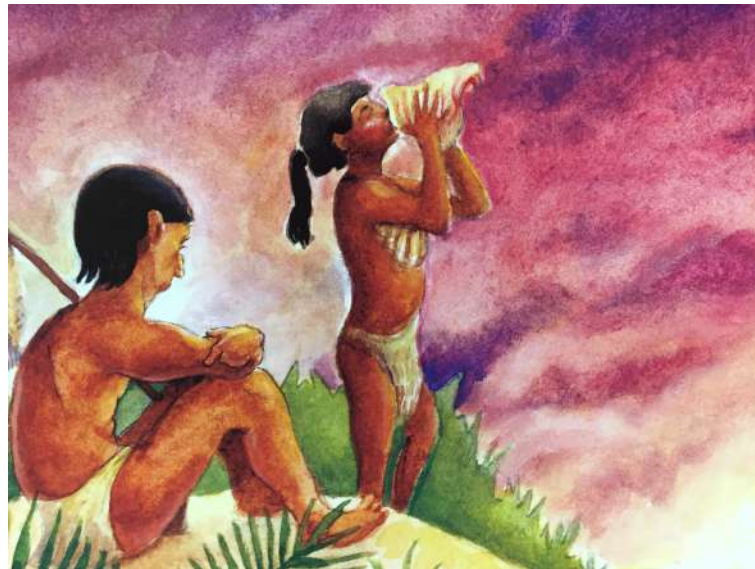

Columbus did not find Asia or the Indies, but an entirely different continent and group of people. Columbus was right that he could have kept going west to get to Asia, but he didn't realize that there were two continents blocking his path: North America and South America. Columbus still did not realize his mistake.

Not the Indies

Further Adventures of Christopher Columbus

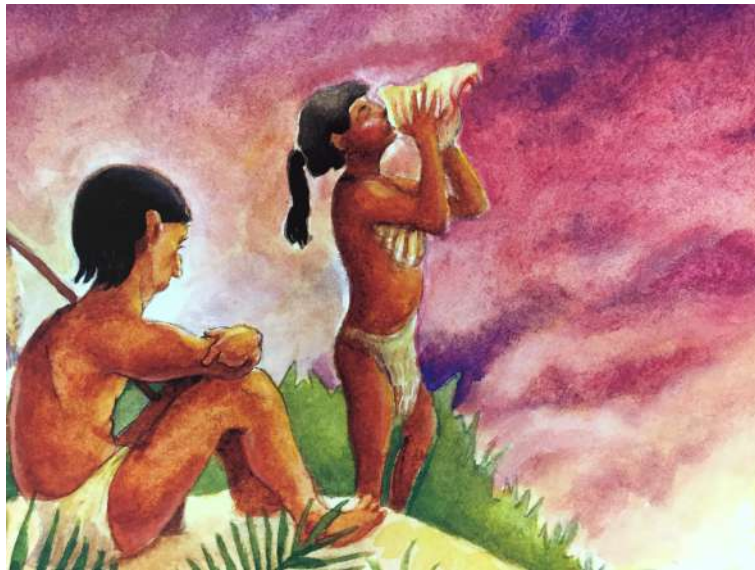

The people Columbus met on his visit to the island of Hispaniola in 1492 were not Indians from India, but were native people from the Taino (TI-no) tribe. The peaceful Taino lived in large huts around a central plaza, where they had meetings and ceremonies and where the children played group games.

Further Adventures of Christopher Columbus

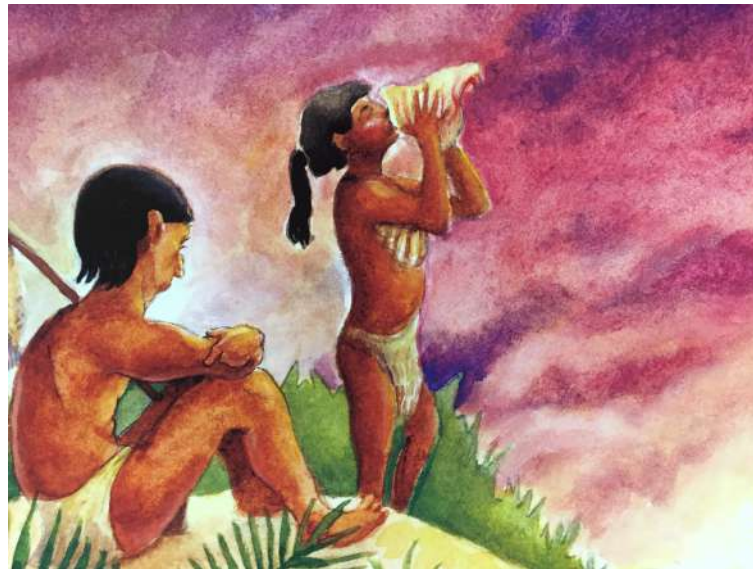

There were thousands of Taino people who had been living on the island of Hispaniola for a very long time before Columbus landed there.

Remember that people lived on the continents of North and South America long before European explorers like Columbus visited and settled in the area.

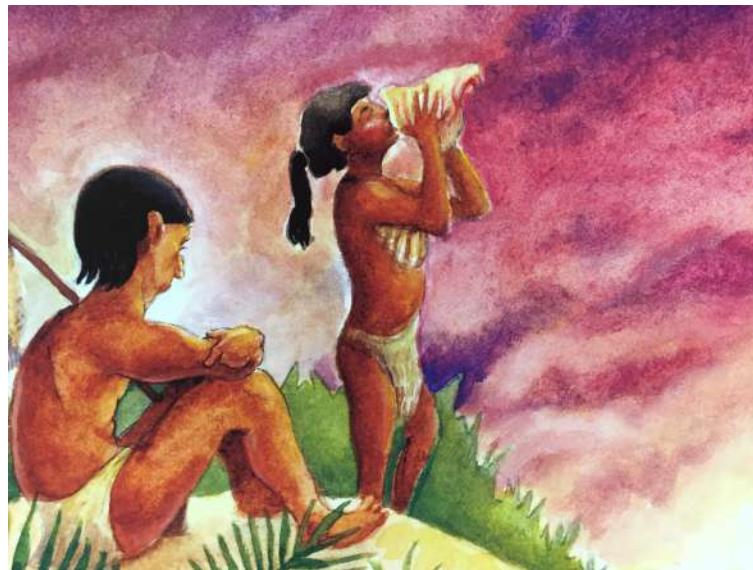

Further Adventures of Christopher Columbus

There were many, many different tribes of Native Americans in the Americas, each with its own way of eating, dressing, and living depending on the particular region where the members of the tribe lived. Another term people sometimes use for Native American is American Indian.

Further Adventures of Christopher Columbus

The term American Indian came about because Columbus mistook the Taino tribe for Indians from the Indies, where he thought he landed.

Further Adventures of Christopher Columbus

At the end of our last read aloud, Columbus and some of his crew members had just returned to Spain to the palace of King Ferdinand and Queen Isabella, bringing back some gold, fruits, tropical parrots, and other goods.

Further Adventures of Christopher Columbus

In today's read aloud, you will hear about Columbus's voyage back to the island of Hispaniola. What do you think he will find upon his return?

Listen carefully to hear if Columbus ever finds what he set out to find and to see if your predictions are correct.

Further Adventures of Christopher Columbus

When Christopher Columbus set sail from Europe for the second time, he commanded not three, but seventeen ships. In comparison to the Nina, the Pinta, and the Santa Maria, that's a lot of ships!

Further Adventures of Christopher Columbus

He told himself, "I will return to Hispaniola and find the men I left on that island waiting to help me. We will find the wealth of Asia and be rich!" Everything seemed to be working perfectly. Remember, he still thinks he's landed in Asia, but you and I know he did not.

Further Adventures of Christopher Columbus

But the most important word in that statement is seemed. In fact, this time Columbus was sailing straight into trouble.

What do you think is going to happen when he gets there this time?

Further Adventures of Christopher Columbus

Reaching Hispaniola, he found that the fort his men had assembled from the wooden planks of the Santa Maria was gone. There was no sign of the sailors he had left there either. Something was terribly wrong.

Further Adventures of Christopher Columbus

Columbus spoke with a few of the native island people, whom he still insisted on calling Indians.

Remember that these people from the Taino tribe were not Indians from India; they were really Native Americans.

Further Adventures of Christopher Columbus

He learned that while he was away, the Spanish crew had been unkind to the native people and had taken advantage of them.

If you are taking advantage of people you are treating them unfairly for selfish reasons.

Further Adventures of Christopher Columbus

Columbus had originally come in peace, but his greediness and the greediness of his sailors had changed things on the island. The men who had sailed with Columbus on his second voyage also treated the natives badly and were just as greedy for treasure.

Further Adventures of Christopher Columbus

Once more, Columbus and his crew took advantage of the natives. They were forced to work for no pay, carving mines into the high mountainsides.

"There is gold in those mountains," Columbus and his men told one another," and we did not sail all this way to leave it there." But they did not find as much gold as they had expected.

Further Adventures of Christopher Columbus

Why did they think they would find a lot of gold?

Further Adventures of Christopher Columbus

When Columbus returned to Spain from this voyage, the king and queen did not like the report he gave them. Isabella said, "We will let you sail a third time for us, but you had better find spices and more gold this time!"

Further Adventures of Christopher Columbus

On this third voyage, Columbus thought, "Surely this time I will find a city rich with gold and spices like those I have heard about," but all he saw were jungles. Why won't he find an Asian city?

Further Adventures of Christopher Columbus

During his search, Columbus became very sick. Weak and discouraged, he ordered his men to head for Hispaniola.

Further Adventures of Christopher Columbus

When they got there, Columbus was surprised to find that a nobleman sent by Ferdinand and Isabella was waiting for him. The reason the king and queen had sent the nobleman is because they'd heard after the second voyage that Columbus was treating the native people cruelly and was keeping the gold for himself.

Further Adventures of Christopher Columbus

The nobleman had been ordered to spy on Columbus and to arrest him if this turned out to be true. Indeed the nobleman heard from many people on the island how Columbus and his men had mistreated the native people of Hispaniola.

Further Adventures of Christopher Columbus

The nobleman announced,
“Christopher Columbus, you
are being charged with keeping
all the gold and treasures for
yourself, and therefore doing a
terrible job as governor.

Further Adventures of Christopher Columbus

Remember, the king and queen made Columbus governor, putting him in charge of all the islands and people he found. The king and queen will decide your fate."

Further Adventures of Christopher Columbus

Columbus is going to jail!
They didn't have jails in
Hispaniola, so Columbus had
to be taken back to Spain.

Further Adventures of Christopher Columbus

Columbus sailed the long journey home to Spain, not as the ship's commander, as he had once been, but as a prisoner heading to jail. He wondered how he would be greeted by King Ferdinand and Queen Isabella.

Further Adventures of Christopher Columbus

What will the king and queen do? What do you think will happen to Columbus?

Further Adventures of Christopher Columbus

Today, every year in October, Americans remember Christopher Columbus's arrival in the Americas back in 1492. This day is called Columbus Day. Later, you will learn about a group of people called the Vikings who sailed to North America even before Christopher Columbus did.

Further Adventures of Christopher Columbus

Historians from many countries have researched and retold the story of Christopher Columbus many times over. It means different things to different people, but one thing we know for sure is that Columbus's mistake changed the world.

Today, we know a lot about Columbus because of historians--people who study the past. Our country remembers Columbus on Columbus Day on October 12. What happened on that particular day, October 12, 1492?

Word Work

Explicit Vocabulary Instruction

Further Adventures of Christopher Columbus

In the read aloud you heard, "King Ferdinand and Queen Isabella were **ashamed** of how they treated Columbus."

Say the word **ashamed** with me.

Whisper ashamed to the ceiling.

Whisper ashamed to your neighbor.

Let's clap it out.

Further Adventures of Christopher Columbus

Ashamed means feeling bad or guilty for something you have done, or because of how you have been treated.

You might feel ashamed if you grab a toy from a baby and the baby starts to cry.

Further Adventures of Christopher Columbus

Are there things Columbus and his crew did for which they should have felt ashamed? What are they? Use the word *ashamed* when you tell about it.

“Columbus and his crew should have felt ashamed when...”

Further Adventures of Christopher Columbus

*What's the word we have been talking
about?*

Let's clap it out.

Further Adventures of Christopher Columbus

I am going to read some phrases to you. If the person in the phrase might feel ashamed, please put your thumbs up.
If the person should not feel ashamed, thumbs down.

Further Adventures of Christopher Columbus

*A boy who takes a piece of gum from his mother's purse
without asking.*

Further Adventures of Christopher Columbus

Girls and boys who tease other children.

Further Adventures of Christopher Columbus

A girl who wins her baseball game

Further Adventures of Christopher Columbus

*A woman who honks her horn impatiently at people
crossing the street*

Further Adventures of Christopher Columbus

A man who writes a great story.
