

2023 - 2024

Dear Fifth Grader and Families,

I want to welcome you to fifth grade at New Boston Central School! A child's fifth grade year is an exciting transitional year in which students experience tremendous growth and work towards becoming more independent learners. Students will have many opportunities to work in teams, gain organizational skills, and create good study habits. We will work on developing individual goals together and focus on maximizing shared learning experiences. This year, fifth graders will be switching teachers for science and social studies! You will have Mrs. Gentili for social studies!

In fifth grade, we will be busy learning through hands-on activities, discovery lessons, and performance-based tasks. We will complete a cross-curricular national parks research project. Students will choose a national park and create a project showcasing their work. Projects will be celebrated with a school-wide National Parks Expo. Students will also learn about the core principles of American government and the foundations of American democracy through the study of the American Revolution and the original thirteen colonies. Throughout the year, we will explore interesting science topics through hands-on experiments and STEM activities, bringing creativity and science to life!

Having a "good fit" book at all times is a must and reading 20-30 minutes a day is an excellent way to keep up your reading skills. In fifth grade, students will participate in the 40 Book Challenge. The purpose of this reading challenge is to help expand reading horizons by reading books from various genres students wouldn't typically choose. I am so excited to dive into some new math concepts and hope that my incoming students will have mastered those multiplication facts! You got this!

I look forward to all the adventures in the upcoming school year. I am very excited to be your teacher and can't wait to meet you!

Sincerely,

Ms. Jen

Meet the Teacher

About Me

I've been teaching for 21 years and 19th have been here at New Boston Central School. In addition to teaching, I enjoy biking, cross country skiing, snowshoeing, hiking, kayaking, and spending time with my friends and family. I run three outing clubs here at school for 5th and 6th graders. There's the hiking club in the fall, snowshoe club in the winter and Trail Maintenance club in the spring. I've enjoyed my summer with friends and family and working in my gardens. I have two lovely cats, Max and Patches. My cats were both named after a section of the Appalachian Trail called Max Patch that I enjoyed hiking through during my through hike in 1999 with my mother.

HELLO

5TH GRADE

We encourage you to keep reading this summer! Reading helps keep your mind sharp, improves your vocabulary and spelling, and is FUN! We hope you can curl up with many good books this summer as you take on the...

Summer Reading

Selfie Challenge!

We would love to see pictures of you as you complete each challenge! The reading challenge cards will be shared with the class upon our return to school and will count toward our **40 Book Challenge**! You can create a digital document with all of your pictures or bring your pictures in! Happy reading!

One more thing!

Knowing your multiplication facts entering 5th grade is SO important! They are the building blocks for higher-level math concepts and they help you develop strong number sense! Keep practicing over the summer! ☺

Have a GREAT Summer! We can't wait to meet you!

Cross Them Out #2

Solve all nine multiplication problems below. Locate and cross out each of your answers in the grid. When you have finished, 28 boxes will remain. Working horizontally, left to right, write the remaining letters in order in the empty boxes below the grid to reveal the answer to the following question.

What did the father say to his son who wanted to be a tank driver when he grew up?
