Berkshire Academics

We focus on differentiated Instruction and engaging students for global opportunities.

Excellent academic programs in:

- Math
- Science
- Language Arts
- Social Studies

Berkshire Science

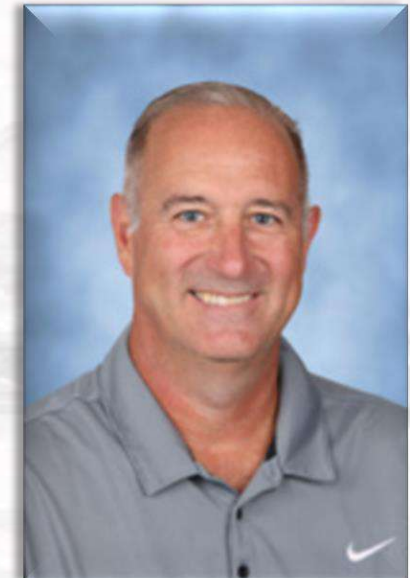

NGSS Standards

- The next Generation Science Standards are a new set of K-12 standards that identify science and engineering practices, crosscutting concepts, in addition to core ideas
- It's more about "how science is done" than just "what do you know"
- Students will experience a big shift during their middle school years and beyond with new resources and practices coming into their science classrooms

6th Grade Science Teachers

Mrs. Allen

Mr. Bruyneel

Science Education

Less:

- Rote memorization of facts & terms
- Teachers providing information to the whole class
- Students reading textbooks and answering questions at the end of a chapter
- Worksheets
- Pre-planned outcome for "cookbook" laboratories or hands-on activities

More:

- Facts and terminology learned as needed while developing explanations and designing solutions supported by evidence-based arguments and reasoning
- Students conducting investigations, solving problems, and engaging in discussions with teachers' guidance
- Students reading multiple sources and developing summaries of information
- Students writing journals, reports. Posters, and media presentations that explain and argue
- Multiple investigations driven by students' questions with a range of possible outcomes that collectively lead to deep understanding of established core scientific ideas

Berkshire Math

"Mathematics is the biggest motivation because it starts from zero and goes up to infinity."

6th Grade Math Teachers

Mrs. Konen

Mr. Knoper

Math Education

Math Lab

- Math Lab is a support hour that takes place of an elective
- Student Knowledge gaps will be addressed through current content using a variety of different learning techniques
- Students are recommended for this class from their elementary school teachers

College Prep Math

- Students in this course will be learning content from the 6th grade Common Core State Standards
- Students will master content using Big Ideas Math textbook (green version)
- Students are engaged in activities in their Record and Practice Journals

Advance Math

- Students in this course will be learning content from the 7th grade Common Core State Standards using Big Ideas Math (Red version)
- The content covered will be more rigorous and at a rapid pace than college prep
- Students will deepen their mathematical thinking and learn to explain math concepts using correct math discourse

Berkshire ELA

“The journey of a lifetime starts with the turning of a page”

-Rachel Anders

ELA Education

Important Facts

All Middle School ELA curriculum follows the Common Core State Standards

Common Core Standards were adopted by the state of Michigan in 2010. BPS instituted a new ELA Curriculum in the 2017

What does the Curriculum "look" like?

The ELA curriculum is consistent from 6th grade through 8th grade. Each year students study curriculum through the use of thematic exploration. The themes discussed and explored at each level include:

6th Grade

Courage to be me
Decisions that matter
Making your voice heard
Dealing with disaster

7th Grade

Bold actions
The creative world
Perception and reality
Guided by a cause

8th Grade

Culture and belonging
Approaching adulthood
Impacting the world

During each unit students can expect to read short stories, poetry, articles and novels. Students will also learn and understand the writing of narrative, analytical, comparison and persuasive essays. The curriculum is rich with multi-culture pieces and is diversified to meet the needs of all students.

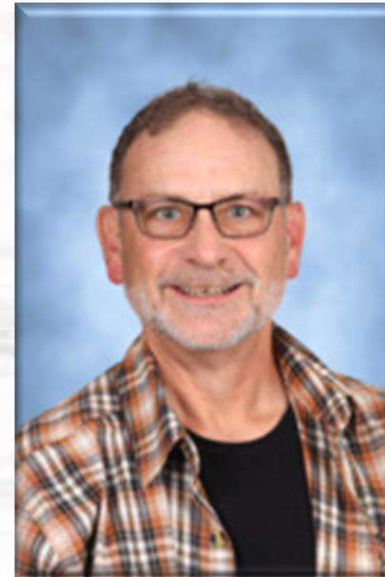

Berkshire Social Studies

*"History is the continuous
chain of events.
Understanding the past
helps us understand the
present and shape the
future."*

Power School

PowerSchool supports educators, administrators, and families to help students learn in a way that's right for them.

The screenshot shows the PowerSchool login interface. At the top, the 'PowerSchool' logo is displayed in a dark blue font. Below it, the 'Parent Sign In' section contains two input fields: 'Username' and 'Password'. To the right of the password field is a blue 'Sign In' button. A link that says 'Having trouble signing in?' is positioned below the password field. The 'Create an Account' section follows, featuring a paragraph of text: 'Create a parent account that allows you to view all of your students with one account. You can also manage your account preferences.' This is followed by a blue 'Create Account' button. A 'Learn more' link is also present at the end of the paragraph. The background of the login form has a faint, stylized tiger head graphic.
