To celebrate the 50th Episode of The PE Geek Podcast, I wanted to tap into the audience of Physical Education teachers across the globe and ask them one simple question **"What App, Device, Tech Tool, Tip or Trick would you share with others & why"**.

The responses were recorded in Voxer and make up the bulk of today's episode. It's jam packed full of amazingness.

The 50 tips, resources, and ideas explored by the various Physical Education Teachers in today's episode include
