+School of Excellence \*School of Distinction !School of Progress (designation beginning in 2001-02) ^Priority School

<sup>1</sup> In 2002-03, 2003-04, and 2004-05 ABC's results did not include writing for grades 4, 7, and 10.

<sup>2</sup> In 2005-06, writing was included again and K-8 mathematics standards were raised. Also, U.S. History and Civics/Economics were returned to high school composite after two years of not being included.

<sup>3</sup> In 2006-07, standards were raised in high school mathematics (Alg I, Alg II, Geometry) and English I; Chemistry, Physical Science, and Physics not included.

<sup>4</sup> In 2007-08, standards were raised in K-8 reading. All 10 EOC exams at the high school level were included.

<sup>5</sup> In 2008-09, grades 3-8 students who scored level II (all) or level I (upon request) on EOGs were retested, and retest scores counted.

<sup>6</sup> In 2009-10 and 2010-11, retest scores counted again in grades 3-8 and retest scores also counted for end-of-course exams. Chemistry and Physics were not included in the high school composite.

<sup>7</sup> In 2012-13, the NC READY Accountability Model and Ready Assessments were implemented. Composites are College and Career Ready.

<sup>8</sup> In 2013-14, the NC READY Accountability Model was adjusted to include five achievement levels. Grade Level Proficiency represented students scoring Achievement Level 3 or higher. Students scoring at Achievement Levels 4 or 5 are considered College and Career Ready.
