**Course Overview**

In this course, your student will cover four general areas of the scientific world. These include Life Structure & Function, Reproduction of Organisms, Energy in the Atmosphere, and Human Impact on the Environment. By the end of the year, your student will be able to actively engage in the 5 E's of scientific inquiry; Engage, Explore, Explain, Extend, and Evaluate. We will try to cover as many of these content areas as possible.

**Required Text**

Inspire Science

**Office Location****Course Materials**

Notebook

Pencil

Eraser

**Homework Policy**

Homework should be finished and handed in at the beginning of class on the following day that the assignment was received, unless otherwise instructed. All late work will be graded as "late" accordingly, unless excused. All vocabulary is due on the Monday of the beginning of each chapter. Quiz corrections are due the day after students receive their graded quizzes back, unless otherwise instructed.

**Additional Information**

I'm very excited to get to know your child and help them further their educational abilities this school year. Please feel free to contact me with any questions, concerns, or thoughts throughout the school year!
