# 6th – 8th Grade GREAT ACTIVITIES FOR TIME AT HOME

Use these **fun activities** to make the most of time at home with 6th – 8th graders that boost their **reading**, **math**, and **critical thinking skills** and their **mental health**.

# LET'S GO!

#### activity #1

The World's A Stage! Storytelling takes many forms. From creative writing to acting, we all love a good story! In this activity, invite your middle schooler to become a playwright and tell a story with a play. Encourage your child to follow the steps below to develop their script. If they'd like to perform their masterpiece, be sure to practice your lines!

Think of something that would be a good basis for a play. It could be a news story, a picture, something that happened, or something completely made up. Take time to brainstorm some ideas.

 It is recommended that your initial play has four scenes:

Scene 1: Your story

begins and describes the characters and the problem.

Scene 2: The characters try to solve the problem.

Scene 3: The characters solve the problem.

Scene 4: The final scene sums up what happens at the end of the story. What happened after the characters solved the problem?

**Step 2: Identify the** 

**Conflict.** The heart of most stories is conflict, or the main problem.

Step 3: Decide on the

Setting. When and where does your story take place?

**Step 4: Develop your Characters.** Who is in your play? What do they have to do with the story?

**Step 5: It's all about Conversation.** Conversation is what moves a play forward. What are your characters saying? How are they responding to each other? Think

of this as you write your story.

idea. Piensen en algo que sería una buena base para una obra de teatro. Podría ser una noticia, una imagen, algo que sucedió o algo completamente inventado. Tómense el tiempo para hacer una lluvia de ideas.

Se recomienda que la obra tenga cuatro escenas:

> Escena 1: la historia comienza y describe

los personajes y el problema.

Escena 2: los personajes intentan resolver el problema.

Escena 3: los personajes resuelven el problema.

Escena 4: la escena final resume lo que sucede al final de la historia. ¿Qué pasó después de que los personajes resolvieron el problema?

Paso 2: Identificar el

conflicto. El corazón de la mayoría de las historias es el conflicto o el problema principal.

Paso 3: Decidir el escenario y lugar histórico.

¿Cuándo y dónde tiene lugar la historia?

Paso 4: Desarrollar los personajes. ¿Quién está en la obra de teatro? ¿Qué tienen que ver con la historia?

#### Paso 5: Todo tiene que ver con la conversación.

La conversación es lo que lleva una obra hacia adelante. ¿Qué dicen los personajes? ¿Cómo se están respondiendo el uno al otro? Piensa en esto mientras escribes tu historia.
