Class Description

6th Grade Spanish is an exploratory course that will introduce you to Spanish language and culture. We will be learning basic skills and getting you excited to learn more!

The method we will be using is called **Teaching Proficiency through Reading and Storytelling, TPRS®**. Be prepared to listen, read, write, speak, sing, dance, and act in Spanish to learn the language effectively! In addition, we will be learning about other cultures that speak Spanish.

You will put to use many skills and be expected to give your 100% best. Spanish is supposed to be fun and the best way to learn is to take risks and make mistakes.

I am extremely passionate about Spanish as a language and the history and culture that make up the Spanish-speaking world. I am very excited to share this passion with all of you!
