

What can we do about issues or problems in our community?

We can use art to show support or share about issues important to us.

Art has always played an important role in fighting injustice.

What is going on in our community right now?

How does it make you feel?

How do you want to feel instead?

How do you think your neighbors feel?

What might you say to your neighbors?

We can use art to show support to our friends and neighbors.

We can use art to share about issues important to us.

We can use art to protect the powerless, give strength to the vulnerable, and speak for those who have no voice.
