All contracts and resolutions have been reviewed by our legal team. Let’s start with arbiter sports. This company provides family ID, which is a direct service to our parents and coaches and provides an online portal as a repository to house paperwork for parents regarding sports and physicals. We have the 2023-2024 Waterfront learning contract. This is for any students or families that want to engage in online learning at the elementary level. Thus far, there are no families at the elementary school that have notified their wish to participate. However, the agreement will be in place in case that changes. We have the William McKinley agreement. This is to be able to use the field there for our junior high and high school soccer team. This is an annual agreement. Next are the Watson Institute and Bradley School annual contracts, which are approved private schools for a couple of our outplaced students that need them. We have the annual vision support services contract for one of our students. Next we have our yearly pass through funds agreement with the AIU. As you may remember from years past, Pass Through federal IDEA Section 619 dollars are designated for school age students, age 5, who are in Kindergarten receiving special education programs and services. We will be asking your approval of the pass through use of funds agreement with the AIU for the upcoming school year, ensuring that the District executes the agreement according to the law, and with cost records of expenditures made in association with this agreement. This is an annual agreement, and Riverview qualifies for \$1,395.00 this year. Finally, we have co-operative athletic agreements with Allegheny Valley for golf, softball, and wrestling. These agreements have been reviewed and revised by the solicitors of both school districts and should be equally beneficial. This also ensures that we maintain opportunities for our students for this school year. Golf is particularly timely, and subsequent to your vote, should be voted on in early August by the PIAA and Allegheny Valley boards.

As a result of the new teacher contract, we took out the PLC dates from the calendar and added an additional PD day, on January 2<sup>nd</sup>. This PD day does not affect the students at all.
