

Seymour Middle School (7/8)
Supply List by Department

In an effort to provide school supply information earlier in the summer, we have developed a basic supply list by department. Your student will get a more detailed supply list once schedules are mailed late July. This list will get you started in purchasing items off of the team list. **If you need assistance with school supplies, please contact SMS at (812) 522-5453.**

Grade 7
