

**Attn: 7th grade parents- school year 2024-2025**

**All students entering 7<sup>th</sup> grade must have one dose of Tdap (tetanus, diphtheria and pertussis), and one dose of the Meningococcal vaccine.** The State of Ohio requires that all students must have these immunizations. Please have your physician or health department complete the needed immunization and return the record to the school. If your son/daughter has already received these, please send a copy of the immunization record to the school office so their record can be properly updated.

Children who are not in compliance will be excluded from school after October 1<sup>st</sup>, per state law.

The Union County Health Department has an immunization clinic on the 4<sup>th</sup> Thursday of each month at the Richwood Fire Department, by appointment only. 937-642-2053

**The Health Department will also be at the High School during open house on August 7th, 2024 from 3-6pm for an immunization clinic. 7<sup>th</sup> graders are welcome to attend for vaccines. Please call 937-645-2058 to schedule an appointment. Appointments are required.**

Please return the completed record to the school or mail directly to the school nurse:

North Union Middle School
