Career Clusters to KHS Paths

What are your skills, interests, and personality?

- Think about your **Career Clusters Reflections** that you work on during TLC

What career clusters seem to fit you best?

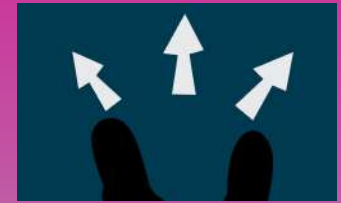

What career clusters do you have an interest in?

How are Career Clusters/KHS Paths helpful?

Career Clusters and KHS Paths help you select classes that align with your interests while exploring a range of opportunities. Since you've identified your top two Career Pathways in Xello, use the KHS Paths to guide your course selections and further explore these options. This will support post-secondary planning and developing future goals.

Career Cluster: Architecture & Construction Construction Path

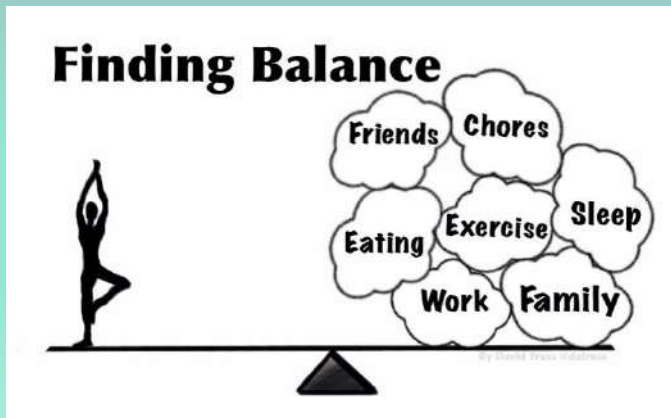

Please use this document to help build your 4 year plan, this outline provides the suggested sequencing of courses in the elective area for the Construction Path. Students interested in pursuing other careers in the Architecture & Construction Career Cluster should consider a similar 4 year plan and should talk to their school counselor to build their personal 4 year course sequencing.

KHS Paths can be found in [Xello](#) and in your Math Classrooms

Selecting Courses

What do you need to know or consider before choosing classes?

- Talk to current teachers about recommendations they have for you.
- Consider the information discussed at your High School Planning Conference.
- Seek feedback from your parents.
- Don't be afraid to take a class that may challenge you, as it could become a new strength or interest for you.
- Keep in mind your extracurricular activities and a balance of school/activities & family.

Laude & Indexing System

The purpose of the Laude System is to reward graduating students who perform at a high academic level and choose highly academic courses.

- Students must have an Indexed Cumulative GPA of 3.4 or higher to be considered.
- .025 is added to the student's GPA for each .5 credit course completed
- Students earn one laude point for each .5 credit Indexed Class completed.

Available Courses:

- AP Human Geography
- AP Computer Science Principles
- Honors English 9
- Honors Biology

Additional Laude Information

Opportunities for earning College Credit

CAPP (8) ~ CAPP stands for Cooperative Academic Partnership Program. Our teachers are certified to teach a particular college's curriculum so our student can earn college credit from UW Oshkosh. These credits may be transferred to other colleges by sending a transcript from UW Oshkosh to your destination college.

CLEP (1) ~ CLEP stands for the College Level Examination Program. **CLEP** exams help students earn college credit for what they already know, for a fraction of the cost of a college course.

AP (19) ~ AP stands for Advanced Placement. Students complete our curriculum, take the AP Exam in the spring and if they earn a 3 or higher on the exam, can earn college credit. The cost of the AP Exam for this year was \$102.

Transcripted Credit (17) ~ Transcripted Credit is also known as dual enrollment courses. A student in high school signs up for a course that has an agreement with a post-secondary institution and if they meet the requirements of the course, the student receives high school and college credit...for free!

Block Scheduling

1st Block ~ 90 Minutes

2nd Block ~ 90 Minutes

Scheduling 2025-26 Online Course Request Form
All Forms are due by **February 11th** to Student Services

Student Name: _____

Please read and check that you agree to all of the following:

- ☐ I understand that all work submitted must represent my original ideas and/or I will appropriately cite all relevant sources. If it is not completely original, failure to do so can result in receiving a failing grade for the assignment and possibly for the course. I may be required to complete the assignment with or without credit to continue in the course.
- ☐ No one other than me can complete any portion of an assignment, activity or exam. Doing so may result in a failing grade and immediate removal from the course.
- ☐ I may be assigned proctored assessments and quizzes in person or by the phone to be used to discuss the protocol used in research for a project or paper. There are standard assessment books in online courses. Most courses have a proctored semester exam or summative activity.
- ☐ I understand that if I do not pass the end of course assessment, credit may not be awarded for the course no matter what the grade earned throughout the course, unless knowledge of content can be substantiated.
- ☒ I may drop the course if it is not a good fit by the end of the 10th day of the start of the course. If I choose to drop the class after the 10th day, a grade of a **WPM** (Withdrawal Pass) will be transcripted. Also, you will be added back to an in-person class and will need to make up the work that was missed.
- ☐ I may be dropped from the course if I (1) do not successfully complete 1 assignment within 7 days of the start of the course and (2) I am not on pace by the end of the second week and have not been making sincere efforts to get caught up. A grade of a **WPM** will be added to your transcript if the class is dropped.
- ☐ Attendance is measured by successfully completing daily assigned activities/assignments and assessments.
- ☐ If I have a family vacation/personal activity scheduled that will limit my ability to complete work or remain on pace, I am expected to inform my KHS Coach and Teacher ahead of time. I am also expected to complete assigned work ahead of time.
- ☐ I understand that I am responsible for communicating with my teacher on a regular basis and that any assignments submitted beyond the due date may not receive full credit.
- ☐ If I am absent, I may be required to return to school to complete any missing assignments and my coursework is up to date.
- ☐ To register for your class, you need to complete a **Skills Course** 1 week prior to your start date (check your email for details). Failure to do so will result in removal from the online course.

I have read and understand the expectations listed above and agree to abide by them.

- When choosing courses, you only need to enter in classes for next school year. You can plan courses for future years, but those classes will not be scheduled at this time.
- The Grade Level highlighted in Grey is the year the student is scheduling for.
- If a **blue alert** pops up, there is a note to read regarding the course. Typically, this relates to a course fee. You are still able to register for this course.
- If a **red alert** pops up, there is a prerequisite issue. You need to remove that course from your plan and add another selection in order to submit your requests.
