- Green is good! You want your plan to look similar to the one above
- If you do not complete your course plan through senior year, you will have red on your grid and you may see “off track” in other places on Infinite Campus
- Completing your Plan through 12th grade is NOT required for registration, but helpful if you want to use this tool

How to Register:

Step 1: Find the registration guide

Go to your desktop on your macbook, find guide, and open it

Step 2: Read through registration guide

Understanding your Registration Guide

Interior Design 

Grade Level: 9,10,11,12
Credits: SHS: 1 Credit
Prerequisite: None
Program of Study: Arts & Communication - Elective

Description: When you walk into a room, do you imagine a new design? Do you want to re-create the space in your own way? In Interior Design I, you will learn the basics of designing spaces for the interior and exterior of homes. This course will emphasize designing and drawing floor plans, types of furniture and furniture layout, window treatments, wall coverings, the history of housing, and the elements and principles of design. These skills will guide students to creatively and knowledgeably design rooms. Students will create floor plans and presentation boards that reflect their creativity as an interior designer.

AP Studio Art – A & B  

Grade Level: 11,12
Credits: SHS: 2 Credits
College: Possible college credit with a score of 4 or higher on a portfolio of work submitted to the College Board.
Prerequisite: Advanced Art Studio (must register in same academic year) This is an independent study course.
Description: This class is designed for students who are seriously interested in the practical experience of art and want to focus on medium. For this course, in lieu of an AP exam, students will submit a portfolio of work to the College Board for potential college credit.

The AP Program offers three portfolios: Drawing, 2-D Design, and 3-D Design. The portfolios share a basic, three-section structure, which requires the student to show a fundamental competence and range of understanding in visual concerns (and methods). It is recommended that some students provide their own materials for their medium.

Refer to “Grade Level”. Is the class offered in 9th grade?

Refer to “Prerequisite”.

Step 4: Registering on Infinite Campus

#5 - Make sure you have 16 total courses selected plus 4 alternatives.

#6 - Save - read alerts carefully

The screenshot displays the Infinite Campus registration interface. On the left is a navigation menu with categories: Bryce, Academic Planner, Academic Progress, Transportation, Fees, To Do List, Reports, Family, Messages, Discussions, Household Information, Family Members, Fees, and Food Service. The main area shows a course plan for a student named Bryce. The plan includes sections for English (2.00 / 2.00), Mathematics (2.00 / 2.00), and Science (6.00 / 6.00). There are several alerts: 'ALERT: Course Plan was saved.', 'ALERT: Not enough credits selected in English to meet the minimum plan requirements.', 'ALERT: Not enough credits selected in Social Studies to meet the minimum plan requirements.', 'ALERT: Not enough credits selected in Physical Education to meet the minimum plan requirements.', 'ALERT: Not enough credits selected in Alternates for grade 12 to meet the minimum plan requirements.', 'ALERT: Course Requirements not met: Course Requirement not met: Student needs to complete one semester of an Economics course as a senior.', and 'ALERT: Grade level Credit Requirements not met: Grade 12 does not have enough credits planned.' A confirmation dialog box is open in the center, titled 'shakopeemn.infinitecampus.org says:', with the message 'Course Plan was saved.' and an 'OK' button. The background shows a search bar and a list of courses.
