

Intro

1. What countries do you think contributed the most to climate change?
1. How are countries responding to climate change? What are actions they are taking?

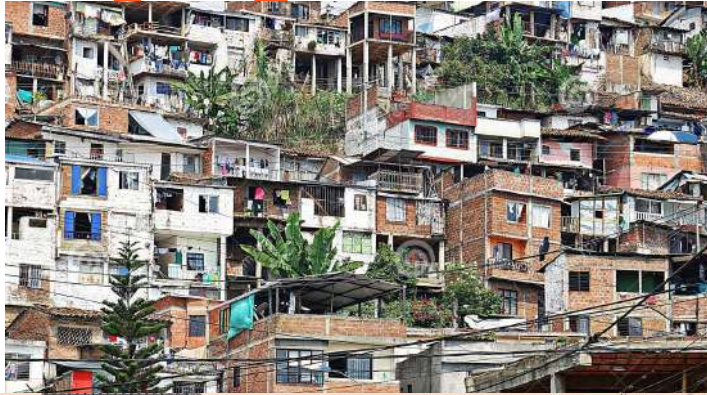

Agenda

1. Intro (10)
2. Developing vs. Developed (10)
3. Read! (5)
4. Stations (30)
5. Make a claim + Debate (5)
6. Comic Strip

TODAY'S BIG QUESTION:

Should developing nations be able to use fossil fuels?

Developing Nations

Developed Nations

Developed Nations

Developing Nations

STATIONS

- 4 minutes per station
- 6 stations
- Answer the questions on your paper
- If a computer is logged off, log into student

SHOULD DEVELOPING NATIONS BE ABLE TO USE FOSSIL FUELS?

SHOULD

SHOULD NOT

1. Now think about what nations are most affected by climate change? If we allow them to burn fossil fuels, what do you expect to happen to their countries in the future?

1. Draw a feedback loop for question #2

1. There are consequences to both decisions. List a consequence of the claim / decision you made. How would you address this problem?

Syria Comic Strip

What is happening in Syria and why?
