This policy defines the following:

- *School property* is defined in NDCC 15.1-19-10(6)(b) as all land within the perimeter of the school site and all school buildings, structures, facilities, and school vehicles, whether owned or leased by a school district, and the site of any school-sponsored event or activity.

This policy establishes conditions, restrictions and procedures for the use of school property for community purposes.

Authority

The Board delegates to the Superintendent or designee the authority to approve or deny the use of school property to outside youth or community groups for activities that provide an economic, educational, or cultural benefit primarily to the residents of the District.

The Superintendent or designee shall ensure that this policy is posted on the District's website.

The Superintendent or designee shall implement administrative regulations for requesting and granting permission for use of school property and shall distribute the necessary information to individuals affected by them.

An application for use of school property may be denied because of noncompliance with established policy and procedures by the Superintendent or designee.
