

Total time:
4 hours

Difficulty Level:
Very challenging

Skill Points:

- Composing with extreme minimal depth of field
- Creating sharp images at high magnification
- Capturing a moving subject

CREATING SKILLFUL MACRO PHOTOGRAPHY

PHOTZY.COM

Macro photography is not 'close-up' photography. It is defined as a photograph in which the size of a small subject is reproduced onto the negative or image sensor at 1/2 life size to 5X life size.

KEY LESSON: The simplest way to get to macro magnifications is with a macro lens. You can also use extension tubes, a reversal ring, or a bellows. Depth of field is crucial; do not use an aperture wider than f/16. Shutter speed is also crucial; use a tripod or increase ISO.

EQUIPMENT

- Camera

Any camera with macro capability

- Any lens + lens hood

Macro lens or a lens with needed accessories

- Filter

Extension tubes or reversal ring for low expense entry

- Tripod + Bounce cards

Highly suggested

- External off-camera flash Helpful

TIPS!

These settings can vary widely. This is a starting point.

Shooting Mode	A/Av	Metering mode	Center weighted
Shutter Speed	1/125 th or faster	Format	RAW + JPG
Aperture	f/11 to f/22	White balance	AWB (AUTO)
ISO	400 And adjust as necessary for shutter speed		
Lens	Use a tube, reversal ring, or filter if necessary. A bellows is not recommended for beginners

ACTION ASSIGNMENT!

1- Study the sample photographs:

- A-** Begin with objects that don't move. This will help you learn how to place focus, work with minimal depth of field (DOF), and achieving a sharp picture.
- B-** Proper focus placement is critical in macro photography. For subjects that don't move, use a tripod. Keep the f/stop closed down. However, do not go to the smallest f/stop. Use the aperture just before the smallest. If the smallest f/stop on your lens is f/22 – then use f/16.
- C-** Excellent macro photography typically examines common objects from an unusual angle. This is part of what makes these photos exciting. Be prepared to get onto the ground.
- D-** The use of a tripod is difficult with moving subjects. Instead, brace the camera tightly to your face and tuck the elbows in. Set your focus ring. Use your upper body as a focusing tool by gently moving it forward and backward. When the proper part of the subject comes into focus, freeze your body, and release the shutter.
- E-** Part of the fun in macro photography is to highlight common subjects very closely. Make sure that your shutter speed is fast enough to create a sharp picture. Pay attention to your lighting, especially backlighting. Use reflectors or electronic flash if necessary.

2- Setup your camera. Drive mode and focus mode are optional to preference.

HOW DID YOU DO?

- Did your shot have a magnification of 1:1 or larger?
- Did you use the upper body technique to place focus?
- Is your image sharp and free of camera shake?
- Did you properly place your DOF window?

READY! SET! GO! ACTION CARDS - GENRE: MACRO PHOTOGRAPHY

SWEET!

Here's a few more photography goodies for you:

DON'T MISS OUT: Limited Time Daily Free Bonuses Expire 11:59pm EST!

Top pick for you

Hey there!

Let's get real for a minute... Learning photography can be super challenging! But we're here to help you every step of the way!

Here are 3 of our most useful (*and FREE!*) photography resources—

1. Take this [30 Second Quiz](#) to find the #1 thing holding your photography back.
2. Download these [3 Free Photography Cheat Sheets](#) to help you understand the basics.
3. Access our [Free Photography eBook Library](#), with 250+ downloadable (.pdf) tutorials on Photo Fundamentals, Post-Processing, Composition, Low-light, and much more!

Always remember: Momentum is the key to exploring and developing your creative talents...

So get out there and take some more pictures!

We're so glad you're here!

Photzy.com is an online photography school with over 200,000 students from 180 countries.

Founded in 2012, our focus has always been simple, practical tips and tutorials, for beginners. No matter where your current skill level is, we'd like to help you explore your unique creative side, through photography.

"At Photzy, we believe EVERYONE is creative, and that photography is the best way to explore and share your creative side with the world."
