

ACTIVITIES AND ATHLETICS CODE OF CONDUCT

Athletic endeavors and student activities in Reedsport School District are an important contributing factor in the development of young men and women. Therefore, participants in these programs should conduct themselves in an exemplary manner at all times. The following rules of conduct are formulated to be strictly adhered to by all athletic and school activity participants. All students who participate in extracurricular athletics and activities must abide by the Activities and Athletics Code of Conduct. To be eligible for participation in extracurricular athletics and/or activities, a student must sign a receipt of receiving the Activities and Athletics Code of Conduct. The Standards of Conduct for Activities and Athletics must be obeyed from the point of the first meeting. Activities and Athletics are defined in Board Policy IGDJ - AR1 and can be found in the student handbook.

Standards of Conduct for Activities and Athletics

2. Students shall meet all Oregon School Activities Association (OSAA) and Reedsport School District requirements for participation.
3. Any student participating in an activity or as a member of an athletic team within the Reedsport School District who in any way conducts himself/herself in such a manner as to bring discredit upon the student, the team, group or school will be suspended immediately from the sport or activity by an administrator or advisor for at least one contest/activity but the suspension may be extended to include any or all of the remainder of the season. Suspension under this policy must be approved by the athletic director and the principal.
4. Where there is reasonable suspicion that a student is guilty of the possession or use of tobacco products, alcoholic beverages, drugs, controlled substances or imitation controlled substances at any time or place while a member of an athletic team or activity, the student will be tested as soon as possible for those substances.
5. When a student decides to quit a sport or activity, the student should consult with the coach or advisor and by mutual agreement, the student will be dropped from the sport/activity. If the student wishes to join another team/activity, the student can do so only when the coaches or activity advisors involved confer and have reached a mutually acceptable decision.
6. A student who misuses the facilities and/or equipment at the student's disposal will be subject to suspension. This includes, but is not limited to, taking school materials for personal use (jersey, balls, etc.) If the student is caught with school materials, the student will be suspended from the sport or activity to be determined by the athletic director or activity advisor.
7. Students will maintain neat appearance, good hygienic standards and for safety purposes, abide by regulations regarding hair length and facial hair, where applicable. Individual coaches may enforce more stringent regulations if they are written and approved by the athletic director and building principal before the season begins.
8. Students must be in attendance at school all day, each day, when practices, activities or contests are held, unless the absence is pre-arranged or excused through the athletic director. A student must be in all classes on the last school day of the week to be eligible to participate in the following non-school day activities unless pre-arranged approval is granted through the athletic director.
9. Transportation for participants to and from out-of-town contests/activities is provided by the school district. Team members are to travel with the team to the out-of-town contests/activities and also return with the team. The only exception will be with prior parental arrangement or with personal arrangement by the parent with the coach/advisor allowing the parent to provide return transportation. The coach or advisor will make the final decision.
10. A student is expected to practice with the team when suspended for a drug/alcohol/tobacco suspension. A student may not practice when academically ineligible or suspended from school for disciplinary procedures.
11. Academics

Penalty for Alcohol and Drug Violations

Where there is reasonable suspicion that a student is guilty of the possession or use of alcoholic beverages, drugs, or controlled substances, the student will be suspended from the sport or activity and the penalty applied as documented below. For the first violation the student will be suspended for the remainder of the current season and the next athletic/activity season conforming to the fall, winter and spring athletic/activity seasons. The student may be reinstated after a full six weeks if he/she:

1. Completes an alcohol/drug assessment.
2. Complies with the treatment program (developed as a component of the assessment) as delineated by the assessment professional.

The penalty period does not end with the sport or activity season, but continues regardless of seasons ending or beginning. If the prescribed treatment program extends beyond the suspension period, the student must continue in the program to be eligible to participate in sports and activities. A second infraction of the alcohol/drug standard during the remainder of the school year will result in the student losing all extracurricular participation privileges for the remainder of the next three sport/activity seasons. A third positive result will result in loss of participation privileges for the next two years.
