

Adding Up In Chunks

Category 1

Adding multiples of ten to any number

$$7 + 30$$

$$7 + 40$$

$$15 + 10$$

$$15 + 20$$

$$15 + 30$$

$$15 + 40$$

The background of the slide is a stylized illustration of a circus stage. At the top, there are brown and light blue diagonal stripes representing a sun or tent structure. Below this is a black scalloped curtain with a gold border decorated with small white stars. The stage floor is a solid blue color. In the center of the stage, there are four addition problems stacked vertically.

$$57 + 33$$

The background of the slide is a stylized illustration of a circus stage. At the top, there are alternating red and light blue diagonal stripes. Below this is a black scalloped curtain with a gold border decorated with small white stars. The stage floor is a solid blue color. In the center of the stage, four addition problems are listed vertically in a large, black, sans-serif font.

Category 3

Add up in chunks and then break apart the 1's into
friendly combinations.

Example: $28 + 24 = 28 + 20 + 48 + 2 + 2 = 52$

$$18 + 10$$

$$18 + 13$$

$$18 + 20$$

$$18 + 23$$
