

DDSD Families: Below is a list of additional online educational resources to engage students during the school closure. These activities and links are not intended to replace classroom instruction or district adopted curriculum, however, they are options that allow students to practice skills and continue with their learning until school reopens.

Online Educational Resources

DDSD has compiled a list of safe online educational resources with many appropriate links for elementary, middle and high school students. Staff at the David Douglas School District handpicked these online resources because they are educational, interactive, engaging and safe for students and families. We have also included links to resource pages compiled by other organizations. Please note that these sites have not been vetted by DDSD.

Elementary			
Storyline	K-5	https://www.storylineonline.net/	Reading
NRICH	K-5	https://nrich.maths.org/primary	Math
Smithsonian Kids	K-5	https://www.si.edu/kids	Science
