

ADVANCED PLACEMENT EXAMINATION SCHEDULE: MAY 18 – JUNE 3, 2021

- Due to the complexities of this school year associated with the coronavirus pandemic, students have the option to opt out of one or more exams. Please refer to the Opt Out information emailed by Ms. Tiberii.
- Please note that **digital exams (remote)** have either a 12:00pm or 4:00pm start time as the tests are synchronized across the country and will be administered remotely; these exams will be taken at the students' homes. **Highlighted exams** will be administered in school at the identified times.
- Students who will be testing remotely via digital administration are encouraged to attend classes on those test days to the degree that they are able. Teachers and administrators understand the effects of a prolonged screen experience and certainly want students to be focused and alert for their examination.
