

7th grade computers – PowerPoint project – ‘All about me’

You will create a PowerPoint presentation all about yourself, and you are required to have a minimum of the following slides, not necessarily in this order. The bullets below are not necessarily all going to fit on one slide, you may need to use multiple slides to say what you are trying to say.

- Title slide: name, class, etc.
- About me
 - When and where were you born, when and where you grew up, went to school, etc.
- My family: slides telling about/describing your family: their ages, jobs, etc. and all of the members of it
 - Include pets if you have them.
- Hobbies: What do you like to do in your spare time?
- Activities: What activities do you participate in?
 - Could be in school: band, chorus, sports, etc.
 - Could be outside of school: youth group, church group, baseball, etc.
- Favorites: food, teams, class, animal, color, teacher, movie, book... anything that is your favorite
- Future plans. This has to be at the end of the slide show. It should include what you want to do in the future and when you grow up. What schooling you will need and where you will go to get that schooling. (EXAMPLE: If you want to be a third grade teacher you might say you will graduate high school, and go to NSU to major in Elementary Education)

All slides should have backgrounds and pictures. You are encouraged to bring pictures from home for the family/about me slides etc. Other pictures will be found on the internet. Colors/backgrounds etc. should all fit together with some sort of a theme. Not just be random crazy colors that do not fit together at all. Text should be big enough that I can easily read it from the back of the room if it were on the projector. Text colors should be easy to read against the background.

Animations, slide transitions, and sounds are required on all objects in the PowerPoint.

Here is the rubric you will be graded on.

Rubric

CATEGORY	POINTS POSSIBLE	POINTS EARNED
Title slide	5	
About Me	10	
My Family	10	
Hobbies	10	
Activities	10	
Favorites	10	
Future plans	10	
All slides have backgrounds, pictures, and themes. Slides fit together and flow smoothly	15	
Text is big enough to be legible from the back of the room and is easy to read against the background.	10	
Animations, Transitions, and sounds on all slides and objects.	10	
TOTAL	100
