Somerville Public Schools - School Committee Goals 2019 - 2022

Through the following long-range goals, we commit to addressing deep-rooted systemic barriers that have prevented us from achieving our district vision of equity and excellence and ensuring that all students, regardless of race or ethnicity, have the supports and resources they need to achieve educational success in our district now and in the future. By 2022, we will ...:

...increase the percentage of support staff of color by 6 percentage points, teachers and counselors of color by 5 percentage points, and administrators of color by 4 percentage points through evaluating and strengthening all elements of our human capital system.

... 1) conduct a district enrollment study to understand the prospective future population of the district and 2) craft a vision for school assignment and programming aligned with the district's equity policy.

... design, evaluate, and partially or fully implement student-based budgeting to ensure that every student has equitable access to rich learning opportunities that help them thrive.

... design a robust system of aligned developmental academic and social-emotional benchmarks which will be used to inform practices, policies, and resource allocation.
