

## **Anamosa Middle School Supply List and Information**

(Supply Lists on Reverse Side)

The following information is intended to help you prepare your child for classes in 2016-2017 at the Anamosa Middle School.

Our student lockers are quite small and will not accommodate trapper keepers, large notebooks or extra large book bags. Please do not purchase these items for your child. We use a color-coding system for different subjects, which help students with organization. Please be prepared to replace pencils, folders, spiral notebooks and other supplies as needed throughout the year.

5th grade students will not be expected to change clothes for their daily P.E. class. All of our 6th-8th students do change clothes for physical education. They are furnished a locker with a combination lock for their P.E. clothes. Students will need shorts, a T-shirt, socks, and an **inexpensive** pair of tennis shoes that can be kept at school. Students should also keep a towel and deodorant in their locker. P.E. clothing will normally only need to be laundered every two weeks. Large gym bags do not fit into regular lockers or P.E. lockers.

Dress and appearance are important issues at Anamosa Middle School. The pride and image of a school is reflected in the way students dress. The image of Anamosa Middle School is that of well-dressed young men and women. Appropriate dress combines common sense and good taste in dress and grooming. Shoes must be worn at all times. You must be neat, clean, and properly attired.

Unacceptable items include: Clothing that is revealing in its design (halter tops, spaghetti straps, tops that reveal the stomach, muscle shirts, extremely short skirts or shorts, etc.) If you find yourself constantly having to adjust your clothing because of possible exposure, it is probably not suitable for school. Clothing with vulgar, sexually suggestive language and/or gestures, or stated as double meanings. Clothing, which has alcohol, tobacco, or drug advertising - caps, hats, or bandanas - sunglasses. Gang related items-chains, cords, ropes, studded jewelry, etc. that may be used as a weapon.
