This handbook is prepared for you, the Anamosa Middle School student, and your parents/guardians. It contains information about our school's organization and general regulations, especially those which occur most frequently. It will acquaint you with middle school practices. However, it is not possible to include all aspects of the school day. Various situations arise from time to time that will be addressed on an individual basis and/or by referencing Anamosa Community School District Board of Education policies.

JURISDICTIONAL AND BEHAVIORAL EXPECTATIONS STATEMENT

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school ground if the misconduct directly affects good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules, and regulations are in effect 12 months a year. A violation of a school district policy, rule, regulation or student handbook provision may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities, whether the violation occurred while school was in session or while school was not in session.

Students are expected to comply with and abide by the school district's policies, rules, regulations and student handbook. Students who fail to abide may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a discipline atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics. The discipline imposed is based upon facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules, regulations and student handbook provisions as circumstances warrant, including those contained in this handbook. Students are expected to know the contents of the handbook and comply with it.

ADVERSE WEATHER & DELAYS

Whenever it is necessary to call off school because of severe weather or impassable roads, you can be notified through our automated system. If using Media, the stations utilized for these announcements are: WMT AM 600; KCCK AM 106.9 or FM 88.3; KHAK AM 1360 or FM 98.1; KRNA FM 94.1; or KCRG TV Channel 9, KWWL TV Channel 7, and KGAN TV Channel 2. We strongly recommend that families sign up for our district automated announcement system by logging on to Infinite Campus and checking *Emergency* and *General* for message preferences. You will receive a text or email alerting you to changes in the school schedule. Working parents should develop an emergency plan for early dismissals, discuss it with their child(ren).

ANAMOSA COMMUNITY BULLYING PREVENTION EXPECTATIONS

- 1) We will not bully others.
- 2) We will try to help others who are bullied.
- 3) We will try to include others who are left out.
- 4) If we know that somebody is being bullied, we will tell an adult in the community, an adult at home, and an adult at school.

ARRIVAL TIME

You need to arrive at school early enough to allow time to go to your locker, take care of office duties, and be in the classroom before the bell rings at 8:10. Students arriving very early and before supervision begins create an unsafe environment. Please remember to dress appropriately for weather conditions as students may be standing outside until 8:00.

ATTENDANCE/ILLNESS

If you have a fever or are vomiting, you should not come to school. When school is missed because of illness, a call to the school should be made by your parent/guardian to notify the staff that you will not be in school along with the reason. If a call is not received, the health secretary will attempt to reach your parent by phone. You will be unexcused until a call or note, excusing you, is received. Please refer to Board Policy 501.2 at the end of this handbook.

If you become ill or injured at school, your parents / guardians will be notified as soon as possible. Emergency or minor first aid will be administered if a person competent to do so is available. An emergency medical form providing necessary information to be used in case of an injury or illness needs to be completed annually and updated as necessary in Infinite Campus.

You will be allowed to leave school grounds during school hours only with authorization from your parents / guardians or other persons listed on your emergency information. If you leave the school during the day, your parents / guardians should come into the office to have you released into their care. In this manner, the school is able to help control unwanted visitors to the school campus.

BICYCLES & SKATEBOARDS

Because of the potential of accidents, bicycles and skateboards are to be used with extreme caution on school grounds. As you near the building, get off and walk these items. All bicycles must be kept in the bicycle racks. Please watch for buses and cars when riding on/off the school grounds. Before and after school are particularly busy traffic times.

CELL PHONES

In an effort to support student safety before and after school, students are allowed to possess cell phones at AMS if parents/guardians choose to send one with their child. Students must adhere to the following rules:

1. Cell phones must be turned off and put in the student's locker during the school day (8:10-3:10).
2. Placing the phone on vibrate and texting is not considered off and is prohibited.
3. Using a cell phone to record or video tape is prohibited.

Staff members will take cell phones from students not abiding by this expectation and leave them in the office until the end of the school day. A third and subsequent problems with a cell phone will require a parent/guardian to come to school to pick up the phone.

DISASTER PROCEDURES

Fire, bus, tornado and other crisis response drills will be conducted in order to practice the proper safe procedures during emergency situations. Procedures for fire and tornado evacuation will be posted in each room.

Fire Alarms

The fire alarm is a continuous tone and a flashing strobe light. When the alarm sounds, students will immediately stand and form a single line leaving through the designated exit. Walk quickly and quietly out of the building. Do not stop for coats, books, or any other materials. The first students to the door will hold it open until all students have left the building.

Tornado Alarms

A tornado signal will be an intermittent tone via the intercom system. Students are to move quickly to the designated safe room. They will then sit on the floor and cover their heads.

Students who pull the fire alarm or who falsely report an alarm, in addition to being disciplined under school district policy, may be reported to law enforcement officials.

DRESS AND APPEARANCE

The pride and image of a school is reflected in the way students dress. The image of Anamosa Middle School is that of well dressed young men and women. Appropriate dress combines common sense and good taste in dress and grooming. Shoes must be worn at all times. You must be neat, clean, and properly attired. Unacceptable items include:

1. Clothing that is revealing in its design (halter tops, spaghetti straps, tops that reveal the belly or midriff, muscle shirts, extremely short skirts or shorts, etc.) If you find yourself constantly having to adjust your clothing, it is probably unacceptable for school wear.
2. Clothing with vulgar, sexually suggestive language and / or gestures, or stated as double meaning
3. Clothing which has alcohol, tobacco, or drug advertising
4. Caps, hats, or bandanas
5. Sunglasses
6. Gang related items
7. Chains, cords, ropes, studded jewelry, etc. that may be used as a weapon

If dressed inappropriately, students will be asked to turn shirts inside out, put on jacket or change, etc.

EVENT COURTESY

There are many school sponsored events that you can attend. In addition to sporting events, there are concerts, plays, field trips, and many others. For events you are expected to:

1. Be respectful and quiet during the national anthem
2. Watch the event
3. Support the performers
4. Be respectful and courteous to others
5. Demonstrate good sportsmanship
6. Be a positive reflection on families, school, and community
7. Remain seated until organized intermission
8. Applaud in recognition of what is occurring and not as a way to draw attention to yourself

Examples of inappropriate behavior at events are spitting, fighting, arguing, running around, taunting, and jeering.

Offenders will be warned and if inappropriate conduct continues, you may be asked to leave the event.

FOOD and DRINKS

Candy, pop, coffee, energy drinks and food do disrupt the educational environment during class and are very high maintenance items in and out of the class. Only special classroom arrangements will be honored in having or consuming any of these items. For these special arrangements, students may bring store bought or bakery purchased snacks that include the nutritional label and ingredient list. Snacks served during the school day will make a positive contribution to children's diets and health, with an emphasis on serving fruits and vegetables as the primary snacks and water as the primary beverage. Please reference Wellness Policy 504.7. We encourage students to stay hydrated during the school day by drinking water. Students are welcome to carry with them clear, resealable water bottles containing only plain water.

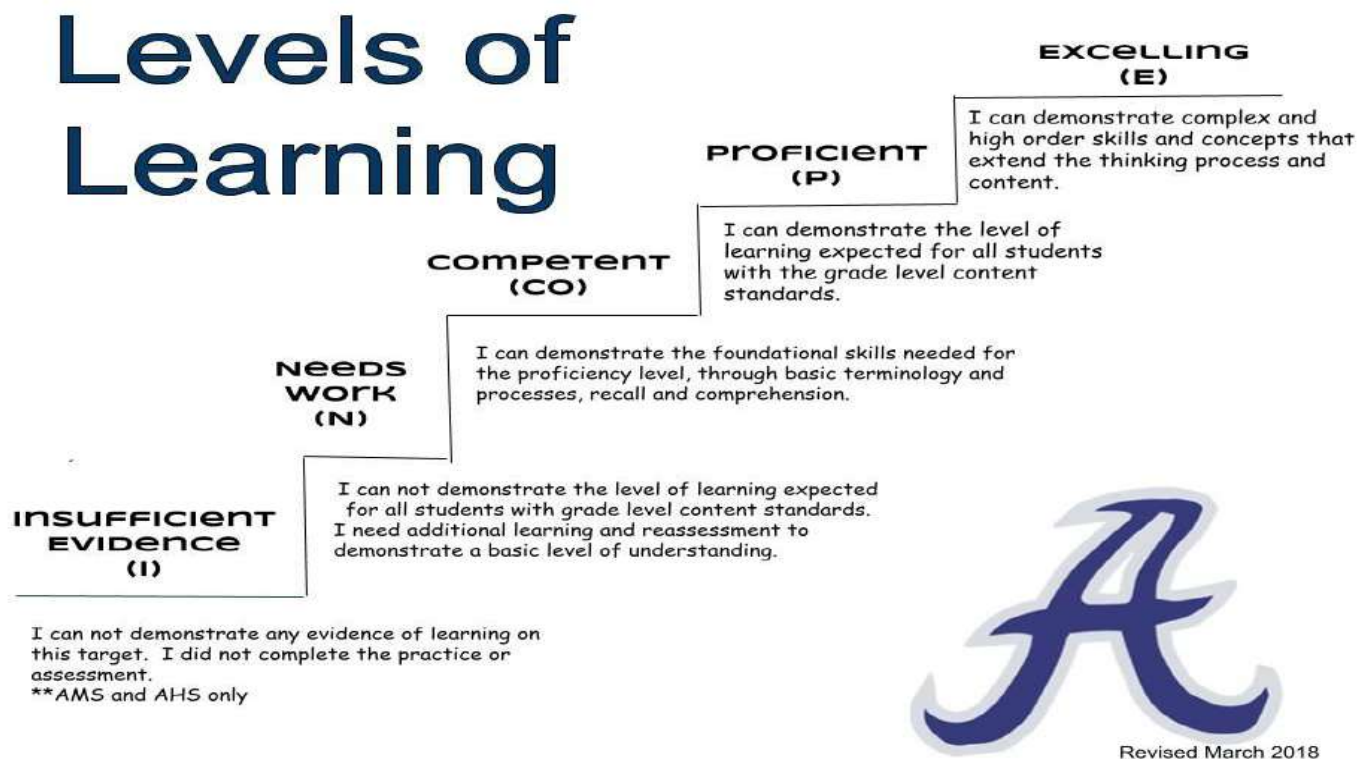

ITEMS NOT TO BE BROUGHT TO SCHOOL OR SCHOOL ACTIVITIES

You should not bring items to school that would typically be disruptive to the educational environment. This would include communication devices, handheld game devices, toys, fidgets, etc. If there is a reason to have any device at school that can be disruptive to the educational environment, permission from administration should be requested in advance. The school is not responsible for these items.

A dangerous weapon is classified as any object, instrument, knife, gun, explosive device, chain, studded jewelry, laser pointers, etc. that could cause physical harm to a student or school employee. If you are found to be in possession of such items, you could face expulsion and civil penalties.

LEVELS OF LEARNING

At AMS, we implement standards based learning and Levels of Learning to describe where students are at in their learning process. Students are encouraged to improve their demonstrated level of learning through additional practice and reassessments. There is no extra credit; homework is considered practice and therefore, not graded.

LOCKERS

A locker will be assigned to you. Lockers remain the property of the school and are not to be used to hold illegal items. Typically, lockers will be randomly searched for drugs at least once a year. The school is not responsible for lost or stolen property. Be sure you use the lock on your locker to keep your valuables safe. Book bags are to be stored in lockers during the day, not carried with you.

MAKE UP WORK

Extended absences from school will be handled on an individual basis regarding work that needs to be done. It is your responsibility to complete the work and to follow class procedures on identifying what you missed. You may arrange for work to be collected in the office after you've been gone or if it is known that your absence will extend beyond one day.

MEALS/ACCOUNTS

All students are to report to the lunchroom during their lunch period whether they eat a purchased school lunch, carry their own lunch, or choose not to eat. We do not recommend skipping lunches; you need the nutrition. Lunches delivered from carry out restaurants are not allowed. Single item purchases are available for student accounts with a positive balance or cash in hand. Due to food allergies, food should not be shared. Behavior in the lunchroom is expected to be civil and respectful. *Please reference board policy #701.7 regarding meal charges.*

Breakfast is served beginning at 7:45. We serve a "breakfast to go" so all students can have breakfast and still get to class on time.

RAIDER FIGHT SONG

Oh when the big blue Raiders fall in line
We're gonna score a touchdown every time
We're gonna yell, yell, yell for our old high
And for our alma mater sing our praises high
And we will go, go, go for another score
And we will cheer them, cheer them all the more
For we're the Raiders of the blue 'n white, blue 'n white
Fight, fight, fight!
Yeah blue, Yeah white
Yeah team, Let's fight
Yeah blue, Yeah white
Yeah team, Let's fight

REAL RAIDER

Since academic achievement is the only factor when determining a student's level of learning, we also want to recognize students who demonstrate expected behavior with a quarterly REAL Raider certificate. REAL Raiders are:
Responsible, Engaged, Accountable, a Leader.

RESPECT FOR PUBLIC PROPERTY / VANDALISM

You are invited to join the staff in keeping the middle school clean and undamaged. Although we allow gum chewing at AMS, we all incur the responsibility to prevent it from becoming a maintenance issue. Vandalism to school property is treated seriously and will result in discipline, fines, and / or charges filed with the police.

You are asked to take proper care of school property. Proper care of textbooks, library books, and computers will prolong their use. You will be charged for books which are lost or damaged. If computer misuse is abusive or repetitive, you will be charged for costs associated with repair/replacement.

Any student willfully marking or damaging Anamosa Middle School property will be assessed the total cost for all replacement or repairs. You and your parent / guardian will be held responsible for payment of debt.

RESPONSIBLE USE PRACTICES

Adapted from "Digital Intelligence (DQ)." *DQ Institute*, www.dqinstitute.org/.

SCHOOL PHONE

A phone is available in the office for emergency needs. There are also phones in each classroom. The office phone may be used for personal calls that are non-emergency in nature (forgotten gym clothes, homework etc.) as long as it results in NO loss of class time. We suggest students make this kind of call over lunch unless required by a teacher at another time. If you are tardy to class because of a personal phone call, the tardy is unexcused. Do not have friends or family members call you at school.

STUDENT CONDUCT DISCIPLINE

Creating a positive learning environment at Anamosa Middle School is the joint responsibility of students, parents/guardians and staff. When everyone works cooperatively to prevent problems, it will help to avoid the necessity of disciplinary action. One of the most important things you learn in school are the rights you have as a member of the school. But, just as you have rights, so does everyone else at the school. This means you cannot act in a way that denies other people their rights. This is called responsibility. All students are responsible for their actions.

If you are unable to exercise appropriate responsibility, consequences need to be imposed by the school. You are expected to conduct yourself appropriately both while in school and while representing Anamosa Middle School.

Students who, in the opinion of the staff, exhibit inappropriate behavior shall be subjected to discipline. Inappropriate behavior includes behavior which disrupts or interferes with the educational program, the orderly and efficient operation of the school or school activity, the rights of other students to participate in the educational process or activity, or the ability to create a safe environment. Disciplinary measures may include, but are not limited to: time out, removal from the classroom, detention, conferences, suspension, counseling, probation, and expulsion.

The teacher is the administrator of the classroom discipline. Therefore, minor disciplinary offenses are the responsibility and obligation of the classroom teacher. When serious or persistent problems arise, discipline will become the joint responsibility of any or all of the following: student, parent, teacher, administration, grade level team, and the child study team.

TARDINESS

If you arrive to class after the 8:10 bell rings, you will be marked tardy on the morning attendance. This may be excused through the normal parent communication. You are expected to get to all classes on time throughout the day. Faculty and/or administration will assign consequences for those students who demonstrate a pattern of arriving late to school or class.

THREATS OF VIOLENCE

All threats of violence, whether oral, written, or symbolic, against students, staff, or to school facilities are prohibited. All such threats will be promptly investigated. Law enforcement may be contacted. Threats issued and delivered away from school or school activities may be grounds for disciplinary action if the threat impacts the orderly and efficient operation of the school. Students engaging in threatening behavior will face disciplinary consequences up to and including expulsion.

The following factors will be considered in determining the extent to which a student will be disciplined for threatening or terroristic behavior:

1. the background of the student, including any history of violence or prior threatening behavior
 2. student's access to weapons of any kind
 3. circumstances surrounding the threat
 4. age of the student
 5. the mental and emotional maturity of the student
 6. cooperation of the student and his or her parent(s) or guardian(s) in the investigation
 7. the existence of the student's juvenile or criminal history
 8. the degree of legitimate alarm or concern in the school community created by the threat
 9. any other relevant information from any credible source

BOARD POLICIES

Two points to note in addition to board policies:

1. The Anamosa Community School District does have computer network use policies in place. Before you are allowed to use school computers, you need to have signed the computer and computer network use form.
2. You also need to be aware that the use of video cameras on, and around, school property is approved by the Board of Education. Specifically, Anamosa Middle School is equipped with a surveillance system. The Anamosa Community School District Board of Directors has authorized the use of cameras in the district school buildings and on school property. The cameras will be used to monitor student behavior in order to maintain a safe and healthy environment for students and staff. Students and parents are hereby notified that the content of the recordings may be used in disciplinary proceedings. The contents of the recording is a confidential student record and will be retained with other student records. Recordings will only be retained if necessary for use in a student disciplinary proceeding or other matters as determined necessary by the administration. STUDENT ABSENCES - EXCUSED Board Policy 501.2

Regular attendance by students is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students will attend school unless excused by the principal of their attendance center. Student absences approved by the principal are excused absences. Excused absences will count as days in attendance for purposes of the truancy law. These absences include, but are not limited to, illness, family emergencies, recognized religious observances, appointments that cannot be scheduled outside the school day and school-sponsored or approved activities. Students whose absences are approved will make up the work missed and receive full credit for the missed school work. For make-up work, students have the number of days missed plus one day to get the work turned in. (For example, five days absent equals 6 days to complete make-up work). It is the responsibility of the student to initiate a procedure with the student's teacher to complete the work missed. Students who wish to participate in school-sponsored activities must attend school the day of the activity unless permission has been given by the principal for the student to be absent. Students are required to be in attendance by 11:30 a.m. in order to be eligible to participate in a co-curricular activity on a given day. If a student goes home ill from school, they are not eligible to practice or participate in shows or competitions. It is the responsibility of the parent to notify the student's attendance center as soon as the parent knows the student will not be attending school on that day. The principal may request evidence or written verification of the student's reason for absence. It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

TRUANCY – UNEXCUSED ABSENCES Board Policy 501.3

Regular attendance by the students at school is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students will attend school unless excused by the principal of their attendance center. Truancy is the failure to attend school for the minimum number of days established in the school calendar by the board. Truancy is the act of being absent without a reasonable excuse. These absences will include, but not be limited to, tardiness, shopping, hunting, concerts, preparation or participation in parties and other celebrations and employment. Truancy will not be tolerated by the board. Unexcused absences will include, but not be limited to absences for the following reasons: 1. Truancy 2. Working (unless excused prior to absence) 3. Missing the bus or missing a ride 4. Oversleeping 5. Vehicle problems 6. Senior pictures being taken 7. Hair appointments 8. Tanning sessions 9. Needed at home (unless excused prior to absence) 10. Other avoidable absences A truant child is one of compulsory attendance age (6 – 16) who: 1. fails to attend school anywhere; 2. Accumulates 8 days of unexcused instruction per term 3. Accumulates 15 days of unexcused instruction per academic year Similarly, if a student turns sixteen prior to September 15, he or she is no longer of compulsory attendance age and may drop out or seek alternative forms of education without risk to his or her parent(s). If a student turns sixteen after September 15, he or she is compelled to attend for the remainder of that school year. Students are subject to disciplinary action for truancy including suspension and expulsion. It is within the discretion of the principal to determine, in light of the circumstances, whether a student may make up work missed because of truancy. Students receiving special education services will not be assigned to suspension unless the goals and objectives of the student's Individualized Education Program are capable of being met. The principal shall investigate the cause for a student's truancy. If the principal is unable to secure the truant student's attendance, the principal should discuss the next step with the superintendent. If after superintendent action, the student is still truant, the principal shall refer the matter over to the county attorney. The school will participate in mediation if requested by the county attorney. The principal or designee shall represent the school district in mediation. The school district will monitor the student's compliance with the medication agreement and will report violations of the medication agreement to the county attorney. It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy. The administrative regulations will indicate the disciplinary action to be taken for truancy.

TRUANCY - UNEXCUSED ABSENCES REGULATION Board Policy 501.3R1

Students are required to be in attendance, pursuant to board policy, unless their absences have been excused by the principal for illness (absences for three or more consecutive days due to illness require a doctor's note), family emergencies, doctor or dental appointment, recognized religious observances and school sponsored or approved activities. Reasonable excuses may also include family trips or vacations if the student's work is finished prior to the trip or vacation. Absences that do not fall within the categories listed above will be considered unexcused unless approved by the principal. Parents are expected to telephone the school office to report a student's absence prior to 9:00 a.m. on the day of the absence. If a student accumulates 10 unexcused absences in a class, he or she may lose credit for the class. Prior to imposing the loss of credit in one or more classes, the principal will provide the student an opportunity for an informal hearing. School work missed because of absences must be made up within number of days absent plus two class periods, not to exceed 10 days. The time allowed for make-up work may be extended at the discretion of the classroom teacher. Students will remain in class until the principal makes a decision regarding loss or restoration of credit. Full credit is awarded to all assignments and tests submitted that meet the teacher's specifications until a decision regarding credit has been made. A student who loses credit due to excessive absences is assigned to in-school suspension for the period(s) in which the course(s) meets or the student may be reassigned to another class or location. A student who, after a hearing before the board, loses credit in all courses due to unexcused absences, will not be allowed to participate in any school activities until the following semester. However, the student is eligible to practice if all other eligibility criteria have been met. The administration and guidance staff will make reasonable efforts to advise and counsel and may impose discipline upon any student approaching 7 unexcused absences. Such advice, discipline and counseling includes, but is not limited to, oral or written notices to the student and his or her parents, conferences with the student and parents, written contracts, or loss of non-academic privileges such as extracurricular activities, open campus, late arrival and early dismissal.

GOOD CONDUCT POLICY Board Policy 502.2

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for their lifetimes. Students who participate in extracurricular activities serve as ambassadors of the school district throughout the calendar year, whether away from school or at school. Students who wish to have the privilege of participating in extracurricular activities must conduct themselves in accordance with board policy and must refrain from activities which are illegal, immoral or unhealthy. Students who fail to abide by this policy and the administrative regulations supporting it may be subject to disciplinary measures. The principal will keep records of violations of the good conduct rule. The Board of Directors of the Anamosa Community School District offer a variety of voluntary activities designed to enhance the classroom education of its students. Students who participate in extracurricular activities serve as ambassadors of the school and district throughout the calendar year, whether away from or at school. Students who wish to exercise the privilege of participating in extracurricular activities must conduct themselves in accordance with board policy and must refrain from activities that are illegal, unhealthy, or that highly disrupt the educational or extracurricular environment. Participation in these activities is a privilege, conditioned upon meeting the eligibility criteria established by the board, administration, and individual activity coaches and sponsors. The principal and/or athletic director shall maintain records of violations of Good Conduct Policy. The Board has the authority to apply a greater suspension if an infraction is of a severe nature. It is the responsibility of the superintendent to develop rules and regulations for school activities. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity.

ANAMOSA MIDDLE SCHOOL GOOD CONDUCT REGULATION & PROCEDURE Board Policy 502.2R

The Anamosa extra-curricular program is an extension of a balanced educational program that allows students the opportunity to apply knowledge and skills learned in school to real life situations. Participation in school activities is a privilege. Students who participate in extracurricular activities serve as ambassadors of the school district throughout the calendar year, whether away from school or at school. The following activities are covered by, but not limited to, the board's Good Conduct Policy and these rules: athletics, non-graded instrumental and vocal music performances, drama productions, speech contests, NHS, FFA, cheerleading, dance team, or any other activity where the student represents the school and district outside of the classroom. Under the Good Conduct Policy, any student who participates in extracurricular activities is prohibited from possessing, using, transporting, controlling, or transmitting tobacco, alcohol, or other illegal drugs at any time (year round) during his/her high school career. No student involved in the above activities shall be involved in any criminal activity that violates local, state, or federal laws (excluding minor traffic violations). For purposes of the Good Conduct Policy, eighth graders who have graduated from middle school are considered high school students. The administration will suspend a student from participation in extracurricular activities if they find, by substantial evidence, that the policy has been violated. Such a finding may be based on reports by school personnel at any activities outside of school as well as at school or at a school event (either home or away). Suspensions may also result from either legal determinations or by self-admittance. Investigation of possible infraction will involve parent notification and due process rights, as identified in Policy 500.3, being upheld. If a student is in violation of the Good Conduct Policy and is not currently involved in an activity or the length of the suspension is greater than the length of the remaining season, the suspension will carry over to the student's future participation in the next activity that the student is involved in (this includes middle school students moving on to high school). The student must complete the season in good standing to complete the suspension. Any student who, after a hearing before the administration, is found to have violated the Good Conduct Rule, during the school year or summer, is subject to a loss of eligibility as follows: First offense within the student's middle school or high school career – Suspended from at least 25% of the scheduled public performances/contests dates for the remaining season with carryover to the next activity. Counseling from school personnel required prior to reinstatement. If counseling is refused, students will be suspended for 50% of the season. Must continue to practice. Second offense: Suspended from at least 50% of scheduled public performances/contest dates with carryover to next activity. Professional counseling required prior to reinstatement. Must continue to practice. Third offense: A minimum of one-year suspension from extra and co-curricular activities. Professional counseling and/or treatment

required for all third offenses. Reinstatement rules will be enforced and upheld or student will be permanently removed from extra and co-curricular activities for the remainder of their middle school or high school career. In those activities that are graded and/or receive academic credit, at no time shall ineligibility affect a student's grade. This policy and regulation will be in effect year round. Each coach/sponsor will review the policy with parents and student participants at the beginning of each season or activity.

SMOKING – DRINKING - DRUGS Board Policy 502.3

The board prohibits the distribution, dispensing, manufacture, possession, use, or being under the influence of beer, wine, alcohol, tobacco, nicotine, other controlled substances, or "look alike" substances that appear to be tobacco, nicotine, beer, wine, alcohol or controlled substances by students while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if the misconduct will directly affect the good order, efficient management and welfare of the school district. The board believes such illegal, unauthorized or contraband materials generally cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, or visitors. Violation of this policy by students will result in disciplinary action including suspension or expulsion. Use, purchase or being in possession of previously cited substances or products shall result in being reported to the local law enforcement authorities. Parents will also be informed. Students who violate the terms of this policy may be required to satisfactorily complete a substance abuse assistance or rehabilitation program approved by the school board. If such student fails to satisfactorily complete such a program, the student may be subject to discipline including suspension or expulsion. The board believes the substance abuse prevention program will include: Age-appropriate, developmentally-based drug and alcohol curriculum for students in grades kindergarten through twelve, which address the legal, social, and health consequences of tobacco, nicotine, drug and alcohol use and which provide information about effective techniques for resisting peer pressure to use tobacco, nicotine, drugs or alcohol; A statement to students that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful; Standards of conduct for students that clearly prohibit, at a minimum, the unlawful possession, use, being under the influence of or distribution of illicit drugs and alcohol by students on school premises or as part of any of its activities; A clear statement that disciplinary sanctions, up to and including suspension or expulsion and referral for prosecution, will be imposed on students who violate the policy and a description of those sanctions; A statement that students may be required to successfully complete an appropriate rehabilitation program; Information about drug and alcohol counseling and rehabilitation and re-entry programs available to students; A requirement that parents and students be given a copy of the standards of conduct and the statement of disciplinary sanctions required; and, Notification to parents and students that compliance with the standards of conduct is mandatory. It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

SEARCH AND SEIZURE Board Policy 502.5

School officials may conduct periodic inspections of all, or a randomly selected number of student lockers. At the beginning of each year, the District shall provide written notice to each student and the student's parents, guardians, or legal custodians that school officials may conduct periodic inspections of all school lockers without prior notice. Any locker inspection conducted pursuant to this policy shall either occur in the presence of the students whose lockers are being inspected or in the presence of at least one other person. An inspection of the lockers may be accomplished using methods such as, but not limited to, a visual search of lockers by school officials or the use, by school officials or law enforcement at the direction of school officials of a drug sniffing dog. School district property is held in public trust by the board. School district authorities may, without a search warrant, search students or protected student areas based on a reasonable and articulable suspicion that a school district policy, rule, regulation or law has been violated. The search is in a manner reasonable in scope to maintain order and discipline in the schools, promote the educational environment, and protect the safety and welfare of students, employees and visitors to the school district facilities. The furnishing of a locker, desk or other facility or space owned by the school and provided as a courtesy to a student, even if the student provides the lock for it, will not create a protected student area and will not give rise to an expectation of privacy with respect to the locker, desk, or other facility. School

authorities may seize any illegal, unauthorized or contraband materials discovered in the search. Items of contraband may include, but are not limited to, nonprescription controlled substances, marijuana, cocaine, amphetamines, barbiturates, apparatus used for controlled substances, alcoholic beverages, tobacco, weapons, explosives, poisons and stolen property. Such items are not to be possessed by a student while they are on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district. Possession of such items will be grounds for disciplinary action including suspension or expulsion and may be reported to local law enforcement officials. The board believes that illegal, unauthorized or contraband materials may cause material and substantial disruption to the school environment or presents a threat to the health and safety of students, employees, or visitors on the school district premises or property within the jurisdiction of the school district. It is the responsibility of the superintendent, in conjunction with the principals, to develop administrative regulations regarding this policy.

SEARCH AND SEIZURE REGULATION Board Policy 502.5R

Searches, in general. A. Reasonable and Articulate Suspicion: A search of a student will be justified when there are reasonable grounds for the suspicion that the search will turn up evidence that the student has violated or is violating the law or school district policy, rules, or regulations affecting school order. Reasonable suspicion may be formed by considering factors such as the following: (1) eyewitness observations by employees; (2) information received from reliable sources; (3) suspicious behavior by the student; or, (4) the student's past history and school record although this factor alone is not sufficient to provide the basis for reasonable suspicion. B. Reasonable Scope: A search will be permissible in its scope or intrusiveness when the measures adopted are reasonably related to the objectives of the search. Reasonableness of scope or intrusiveness may be determined based on factors such as the following: (1) the age of the student; (2) the sex of the student; (3) the nature of the infraction; and (4) the emergency requiring the search without delay. II. Types of Searches A. Personal Searches 1. A student's person and/or personal effects (e.g., purse, backpack, etc.) may be searched when a school official has reasonable suspicion to believe the student is in possession of illegal or contraband items or has violated school district policies, rules, regulations or the law affecting school order. 2. Personally intrusive searches will require more compelling circumstances to be considered reasonable. (a) Pat-Down Search: If a pat-down search or a search of a student's garments (such as jackets, socks, pockets, etc.) is conducted, it will be conducted in private by a school official of the same sex as the student and with another adult witness of the same sex present, when feasible. (b) While school authorities cannot conduct a strip search, a more intrusive search, short of a strip search, of the student's person, handbags, book bags, etc., is permissible in emergency situations when the health and safety of students, employees, or visitors are threatened. Such a search may only be conducted in private by a school official of the same sex as the student, with an adult of the same sex present unless the health or safety of students will be endangered by the delay which may be caused by following these procedures. B. Locker and Desk Inspections Although school lockers and desks are temporarily assigned to individual students, they remain the property of the school district at all times. The school district has a reasonable and valid interest in insuring the lockers and desks are properly maintained. For this reason, lockers and desks are subject to unannounced inspections and students have no legitimate expectations of privacy in the locker or desk. Periodic inspections of all or a random selection of lockers or desks may be conducted by school officials in the presence of the student or another individual. Any contraband discovered during such searches will be confiscated by school officials and may be turned over to law enforcement officials. The contents of a student's locker or desk (coat, backpack, purse, etc.) may be searched when a school official has reasonable and articulable suspicion that the contents contains illegal or contraband items or evidence of a violation of law or school policy or rule. Such searches should be conducted in the presence of another adult witness when feasible. C. Automobile Searches Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on the school premises may be searched if the school official has reasonable and articulable suspicion to believe that illegal, unauthorized or contraband items are contained inside.

TYPES OF SEARCHES

Personal

1. A student's person and/or personal effects (e.g., purse, backpack, etc.) may be searched when a school official has reasonable suspicion, unauthorized, to believe the student is in possession of illegal, unauthorized, or contraband items or has violated school district policies, rules, regulations related to school operation and order of the law.
2. Personally intrusive searches require more compelling circumstances to be considered reasonable.
 - a. Pat-Down Search: If a pat-down search or a search of a student's garments (such as shirts, socks, pockets, etc.) is conducted, it will be conducted in private by a school official of the same sex as the student and with another adult witness of the same sex present, when feasible.
 - b. While school authorities cannot conduct a strip search, a more intrusive search, short of a strip search, of the student's person and personal effects is permissible in emergency situations when the health and safety of students, employees, or visitors are threatened. Such a search may only be conducted in private by a school official of the same sex as the student, with an adult of the same sex present unless the health or safety of students will be endangered by the delay which may be caused by following these procedures.

Lockers, Desks, Work Areas, Parking Lots

1. Inspections: Although school lockers, desks, and work areas are temporarily assigned to individual students, they remain the property of and under the control of the school district at all times. The school district has a reasonable and valid interest in insuring these items of school property are properly maintained. For this reason, periodic inspections of lockers, desks, and work areas is permissible. Each year when school begins, the school district shall provide written notice to all students and the students' parents, guardians, or legal custodians, that school officials may conduct periodic inspections of school lockers, desks, and other facilities or spaces owned by the school and provided as a courtesy to a student without prior notice. An inspection under this subsection shall either occur in the presence of the students whose lockers are being inspected or the inspection shall be conducted in the presence of at least one other person. Periodic inspections may be accomplished using methods such as, but not limited to, visual search by school authorities or the use, by school officials or others, of a drug sniffing dog. Any illegal, unauthorized or contraband materials discovered during such searches shall be confiscated by school officials.
2. Searches: The student's locker, desk and/or work areas and their contents may be searched when a school official has a reasonable and articulable suspicion that the student may have violated a law, school district policy, rule or regulation and/or that the locker, desk or work area contains illegal, unauthorized or contraband items. Such searches will be conducted in the presence of another adult witness, when feasible. Reasonable suspicion, in this case, can be established by discovery, in a prior search of a violation of a law or school rule relating to dangerous weapons and/or controlled substances.

Automobile

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of the student parking lots, which are a part of school property. The interior of a student's automobile on the school premises may be searched if the school official has a reasonable and articulable suspicion that a law, school district policy, rule or regulation has been violated and/or illegal, unauthorized or contraband items are contained inside.

Pursuant to Iowa law, the Board has determined certain records need to be confidential as their disclosure could jeopardize the safety of persons or property and include, but are not limited to, the following:

The Superintendent shall develop rules and procedures to be approved by the Board.

STUDENT DIRECTORY INFORMATION Board Policy 506.2E1

Student is defined as an enrolled individual, PK-12 including children in school district sponsored child-care programs. Directory information is information contained in the education records of a student that would not generally be considered harmful or an invasion of privacy if disclosed. The district may disclose "directory information" to third parties without consent if it has given public notice of the types of information which it has designated as "directory information," the parent's or eligible student's rights to restrict the disclosure of such information, and the period of time within which a parent or eligible student has to notify the school in writing that he or she does not want any or all of those types of information designated as directory information." The district has designated the following as directory information: student's name, grade level, participation in officially recognized activities and sports, weight and height of member of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and other likeness, other similar information. Prior to developing a student directory or to giving general information to the public, parents (including parents of students open enrolled out of the school district and parents of children homeschooled in the school district) will be given notice annually of the intent to develop a directory or to give out general information and have the opportunity to deny the inclusion of their child's information in the directory or in the general information about the students. It is the responsibility of the superintendent to provide notice and to determine the method of notice that will inform parents.

USE OF DIRECTORY INFORMATION Board Policy 506.2E2

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Anamosa School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Anamosa School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Anamosa School District to include this type of information from your child's education records in certain school publications. Examples include: a playbill, showing your student's role in a drama production; the annual yearbook; honor roll or other recognition lists; graduation programs; and sports activity sheets, such as for wrestling, showing weight and height of team members. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. If you do not want the Anamosa School District to disclose directory information from your child's education records without your prior consent, you must notify the District as part of electronic e-registration on the parent permissions page or in writing to the school office your child attends by September 15. Anamosa Community School District has designated the following information as directory information: student's name, grade level, participation in officially recognized activities and sports, weight and height

of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and other likeness.

MULTICULTURAL AND GENDER FAIR EDUCATION Board Policy 602.1

Students will have an equal opportunity for a quality education without discrimination, regardless of their race, religion, creed, color, sex, marital status, national origin, sexual orientation, gender identity or disability. The education program is free of discrimination and provides equal opportunity for the students. The education program will foster knowledge of and respect and appreciation for the historical and contemporary contributions of diverse cultural groups, as well as men and women, and persons with disabilities, to society. It will also reflect the wide variety of roles open to both men and women and provide equal opportunity to both sexes. Inquiries regarding compliance with Multicultural and Gender Fair Education shall be directed to the Superintendent.

MEAL CHARGES Board Policy 701.7

In accordance with state and federal law, the Anamosa Community School District adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit school nutrition program.

Payment of Meals Students have use of a meal account. When the balance reaches \$0.00 a student may charge no more than \$10.00 to this account. When an account reaches the \$10.00 limit, the student will not be allowed to charge a reimbursable meal. The student will be provided an alternate meal (sandwich, choice of fruit or vegetable, and milk) that will be charged to their account (\$1.50/meal) until the negative balance is paid or a repayment plan has been arranged and is being followed. When a balance is \$0.00 or below a student will not be allowed to charge additional ala carte items. Money may be added to a student's account by paying at the school office or electronically.

through the Infinite Campus Parent Portal. Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases. Students with outstanding meal charge debt shall be allowed to purchase a meal if the student pays for the meal when it is received. Employees have use of a meal account, but will not be allowed to charge meals or a la carte items. An employee must have sufficient funds or cash to make a purchase.

Negative Account Balances The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with families to resolve the matter of unpaid charges. Families will be notified of an outstanding negative balance once the negative balance reaches \$10.00. Families will be notified by the district's automated calling system and/or letters sent home. Negative balances of more than \$50.00, not having an agreed upon repayment plan, not paid prior to the end of the quarter will be turned over to the superintendent or superintendent's designee for collection. Options may include: collection agencies, small claims court, or any other legal method permitted by law.

Communication of the Policy The policy and supporting information regarding meal charges shall be provided in writing to: All households at or before the start of each school year; Students and families who transfer into the district, at time of transfer; and All staff responsible for enforcing any aspect of the policy. Records of how and when the policy and supporting information was communicated to households and staff will be retained. The superintendent may develop an administrative process to implement this policy.

STUDENT CONDUCT ON SCHOOL TRANSPORTATION Board Policy 702.9

Policy: Students utilizing school transportation will conduct themselves in an orderly manner fitting to their age level and maturity with mutual respect and consideration for the rights of the school vehicle driver and the other passengers. Students who fail to behave in an orderly manner will be subject to disciplinary measures. The driver will have the authority to maintain order on the school vehicle. It is the responsibility of the driver to report misconduct to the designated administrator. The board supports the use of video cameras on school buses used for transportation to and from school as well as for field trips, curricular or extracurricular events. The video cameras will be used to monitor student behavior and may be used as evidence in a student disciplinary proceeding. The videotapes are student records subject to school district confidentiality, board policy and administrative regulations. The District, in conjunction with the Director of Transportation and Transportation Conduct Administrator will have the authority to suspend transportation privileges of the student or impose other appropriate discipline due to repeat infractions and/or the severity of an infraction. The Superintendent is informed prior to suspension of riding privileges. The parents/guardians, after notification, may request a meeting.
