JURISDICTIONAL AND BEHAVIORAL EXPECTATIONS STATEMENT

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school ground if the misconduct directly affects good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules, and regulations are in effect 12 months a year. A violation of a school district policy, rule, regulation or student handbook provision may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities, whether the violation occurred while school was in session or while school was not in session.

Students are expected to comply with and abide by the school district's policies, rules, regulations and student handbook. Students who fail to abide may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a discipline atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics. The discipline imposed is based upon facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules, regulations and student handbook provisions as circumstances warrant, including those contained in this handbook. Students are expected to be familiar with the contents of the handbook and comply with it.

ADVERSE WEATHER & DELAYS

Whenever it is necessary to call off school because of severe weather or impassable roads, you can be notified through our automated system. If using Media, the stations utilized for these announcements are: KCRG TV Channel 9, KWWL TV Channel 7, and KGAN TV Channel 2. We strongly recommend that families sign up for our district automated announcement system by logging on to Infinite Campus and checking *Emergency* and *General* for message preferences. You will receive a text or email alerting you to changes in the school schedule. Working parents should develop an emergency plan for early dismissals, discuss it with their child(ren).

In situations between students and school officials, faculty, staff, or volunteers who have direct contact with students, bullying and harassment may also include the following behaviors:

Individuals who knowingly file a false complaint may be subject to appropriate disciplinary action.

The training will include how to recognize harassment and what to do in case a student is harassed. It will also include proven effective harassment prevention strategies. The superintendent will also develop a process for evaluating the effectiveness of the policy in reducing bullying and harassment in the school district.

The board will annually publish this policy #104.0. The policy may be publicized by the following means:

- Inclusion in the student handbook,
- Inclusion in the employee handbook
- Inclusion in the registration materials
- Inclusion on the school or school district's website,
- Annual notification in Anamosa, Iowa newspaper and a copy shall be made to any person at the central administrative office.

The Building Administration will investigate the incident(s) as reported to them and ensure due process. The link for reporting can be found on our district website.

ARRIVAL TIME

Students will be welcomed into the building at 8:00, with class starting at 8:10. Students arriving prior to 8:00 are asked to wait outside of their assigned door (weather permitting) or other designated area. Students arriving after 8:10 should get a late pass from the office.

ATTENDANCE/ILLNESS NOTES (in addition to school board policies regarding attendance)

If you have a fever or are vomiting, you should not come to school. When school is missed because of illness, a call to the school should be made by the parent/guardian to notify the staff that you will not be in school along with the reason. If a call is not received, the health secretary will attempt to reach the parent/guardian by phone. Students will be unexcused until a call or note, excusing the student, is received.

If you become ill or injured at school, your parents / guardians will be notified as soon as possible. Emergency or minor first aid will be administered if a person competent to do so is available. An emergency medical form providing necessary information to be used in case of an injury or illness needs to be completed annually and updated as necessary in Infinite Campus.

You will be allowed to leave school grounds during school hours only with authorization from your parents / guardians or other persons listed on your emergency information. If you leave the school during the day, your parents / guardians should come into the office to have you released into their care. In this manner, the school is able to help control unwanted visitors to the school campus.

ADMINISTRATIVE REGULATIONS RELATING TO STUDENT ATTENDANCE AT SCHOOL

Regular attendance (Board Policy 501) is an integral part of the learning experience and is required of all students to receive the maximum benefit of the educational program. Punctuality and daily school attendance must be a high priority for the student and the parent. Lacking these two things can disrupt schedules, require readjustments to the class routine, and slow down learning. We want students to be in class and on time each day unless they are sick.

If it is necessary for your child to be absent, please call your child's attendance center and report the reason for the absence. Phone calls will be placed to parents/guardians to check on absent students if parents/guardians do not call to report the reason for a student's absence. At the elementary level, arrival past 11:30 a.m. constitutes ½ day absence. Leaving before 1:30 p.m. constitutes ½ day absence. Students at the middle school and high school are required to be in attendance by 11:30 a.m. in order to be eligible to participate in a co-curricular activity on a given day. Students who go home ill from school are not eligible to practice or participate in shows or competitions.

As defined by the state, chronic absenteeism is missing 10% of the school days. This means a student is considered chronically absent if they miss just 2 days each month. The school will work with the student and family to promote positive attendance. If necessary, we will implement a Level I, Level II, or Level III collaborative meeting. If our Level III plan is unsuccessful, further efforts will be made.

BICYCLES & SKATEBOARDS

Because of the potential of accidents, bicycles and skateboards are to be used with extreme caution on sidewalks surrounding the school grounds. All bicycles must be kept in the bicycle racks provided by the school district.

CELL PHONES

If parents/guardians choose to send a phone with their child, students must adhere to the following rules:

1. Cell phones must be silenced and not seen between 8:10 - 3:20.
2. Using a cell phone to record or video tape is prohibited.
3. Watches should not be a distraction or used for cell phone purposes.
4. Unless instructed otherwise, earbuds and headphones are not to be used.
5. Students may come to the office as needed to contact parents with staff permission.
6. There may be situations when teachers allow students to use their cell phone temporarily at times for instructional purposes. This would not be a frequent occurrence.

Staff members will take cell phones, earbuds/headphones, and/or watches from students not abiding by these expectations and leave them in the office until the end of the day.

DISASTER PROCEDURES

Fire, bus, tornado and other crisis response drills will be conducted in order to practice the proper safe procedures during emergency situations. Procedures for fire and tornado evacuation will be posted in each room.

Fire Alarms

The fire alarm is an intermittent tone and a flashing strobe light. When the alarm sounds, students will immediately stand and form a single line leaving through the designated exit. Walk quickly and quietly out of the building. Do not stop for coats, books, or any other materials. The first students to the door will hold it open until all students have left the building.

Tornado Alarms

A tornado signal is a recorded message played through our speaker system. Students are to move quickly to the designated safe room. They will then sit on the floor and cover their heads.

DRESS AND APPEARANCE

Students are expected to adhere to standards of cleanliness and dress that are compatible with the requirements of a good learning environment and common sense. Shoes must be worn at all times. Students must be neat, clean, and properly attired. Unacceptable items include:

1. Clothing that is revealing in its design (reveals undergarments, shirts that reveal belly or midriff, muscle shirts, extremely short attire, etc.) If you find yourself constantly having to adjust your clothing, it is unacceptable for school wear.
2. Clothing that is vulgar, violent, sexually suggestive language and/or gestures, stated as a double meaning, or other messages that are disruptive to our school environment.
3. Clothing that has alcohol, tobacco, or drug advertising.
4. Caps, hats, or bandanas.
5. Sunglasses
6. Gang-related items
7. Chains, cords, ropes, spike jewelry, etc. that may be harmful to self or others
8. If blankets are brought to school, they should remain in your lockers and not be in the classrooms.

* Exceptions to these rules will be allowed only during approved events.

While the primary responsibility for appearance lies with the students and their parents, appearance disruptive to the educational program will not be allowed. When, in the judgment of the school staff, a student's appearance or mode of dress disrupts the educational process or constitutes a threat to health or safety, the student may be required to

make modifications, such as turning inside out, putting on a jacket, etc. If a student is deemed to have poor hygiene, they will be provided an opportunity to shower privately at school.

EVENT COURTESY

There are many school sponsored events that you can attend. In addition to sporting events, there are concerts, plays, field trips, and many others. For events you are expected to:

1. Be respectful and quiet during the national anthem
2. Watch the event
3. Support the performers
4. Be respectful and courteous to others
5. Demonstrate good sportsmanship
6. Be a positive reflection on families, school, and community
7. Remain seated until organized intermission
8. Applaud in recognition of what is occurring and not as a way to draw attention to yourself

Examples of inappropriate behavior at events are spitting, fighting, arguing, running around, taunting, and jeering. Offenders will be warned and if inappropriate conduct continues, you may be asked to leave the event.

FOOD and DRINKS

Caffeinated beverages, candy, and food disrupt the educational environment and are high-maintenance items in and out of the classroom. Outside of breakfast, only special arrangements will be honored for having or consuming any of these items during the school day. For these special arrangements, students may bring store-bought items that include the nutritional label and ingredient list. Students are welcome to carry water bottles that contain water and have a lid. All lunch items must remain in the commons.

ITEMS NOT TO BE BROUGHT TO SCHOOL OR SCHOOL ACTIVITIES

A dangerous weapon is classified as any object, instrument, knife, gun, explosive device, chain, studded jewelry, laser pointers, etc. that could cause physical harm to a student or school employee. If you are found to be in possession of such items, you could face expulsion and civil penalties.

You should not bring items to school that would typically be disruptive to the educational environment. If there is a reason to have any device at school that can be disruptive to the educational environment, permission from administration should be requested in advance. The school is not responsible for these items.

LEVELS OF LEARNING

At ACSD, we implement standards based learning and Levels of Learning to describe where students are at in their learning process. In order to better prepare them for their future, students are encouraged to improve their demonstrated level of learning through practice and reassessments. There is no extra credit offered; homework is considered practice and therefore, not graded but the practice is essential to learning!

LOCKERS

A locker will be assigned to you. Lockers remain the property of the school and are not to be used to hold illegal items. Lockers will be randomly searched for drugs at least once a year. The school is not responsible for lost or stolen property. Be sure you use the lock on your locker to keep your valuables safe. Keep your locker code to yourself and leave others' lockers alone. Bags/purses are to be stored in lockers during the day, not carried with you. No food or drink is allowed in your locker besides a lunchbox or water bottle. In order to keep a tidy looking hallway, only school sanctioned decorations can be placed on the outside of the locker. Personal decorations can be placed on the inside of your locker. Please keep your locker door closed when not in use.

MEALS/ACCOUNTS

To ensure all students have an opportunity to eat breakfast, breakfast may be eaten in classrooms. All students are to report to the lunchroom during their lunch period whether they eat a purchased school lunch, carry their own lunch, or choose not to eat. We do not recommend skipping lunches; you need the nutrition. Lunches delivered from carry out restaurants are not allowed. Single item purchases are available for student accounts with a positive balance or cash in hand. Due to food allergies, food should not be shared. Behavior in the lunchroom is expected to be civil and respectful.

RAIDER READY

Since academic achievement is the only factor when determining a student's level of learning, we recognize students who demonstrate expected behavior with Raider READY recognition. READY stands for Respectful, Engaged, Accountable, Determined, and Yourself.

RESPECT FOR PUBLIC PROPERTY / VANDALISM

You are invited to join the staff in keeping the middle school clean and undamaged. Vandalism to school property is treated seriously and will result in discipline, fines, and / or charges filed with the police.

You are asked to take proper care of school property. Proper care of textbooks, library books, and computers and cases will prolong their use. You will be charged for books which are lost or damaged. If computer misuse is abusive or repetitive, you will be charged for costs associated with repair/replacement.

Any student willfully marking or damaging Anamosa Middle School property will be assessed the total cost for all replacement or repairs. You and your parent / guardian will be held responsible for payment of debt.

STUDENT CONDUCT DISCIPLINE

Creating a positive learning environment at Anamosa Middle School is the joint responsibility of students, parents/guardians and staff. When everyone works cooperatively to prevent problems, it will help to avoid the necessity of disciplinary action. One of the most important things you learn in school are the rights you have as a member of the school. But, just as you have rights, so does everyone else at the school. This means you cannot act in a way that denies other people their rights. This is called responsibility. All students are responsible for their actions.

If you are unable to exercise appropriate responsibility, consequences need to be imposed by the school. You are expected to conduct yourself appropriately both while in school and while representing Anamosa Middle School.

Students who, in the opinion of the staff, exhibit inappropriate behavior shall be subjected to discipline. Inappropriate behavior includes behavior which disrupts or interferes with the educational program, the orderly and efficient operation of the school or school activity, the rights of other students to participate in the educational process or activity, or the ability to create a safe environment. Disciplinary measures may include, but are not limited to: time out, removal from the classroom, detention, conferences, suspension, counseling, probation, and expulsion.

The teacher is the administrator of the classroom discipline. Therefore, minor disciplinary offenses are the responsibility and obligation of the classroom teacher. When serious or persistent problems arise, discipline will become the joint responsibility of any or all of the following: student, parent, teacher, administration, grade level team, and the child study team.

THREATS OF VIOLENCE

All threats of violence, whether oral, written, or symbolic, against students, staff, or to school facilities are prohibited. All such threats will be promptly investigated. Law enforcement may be contacted. Threats issued and delivered away from school or school activities may be grounds for disciplinary action if the threat impacts the orderly and efficient operation of the school. Students engaging in threatening behavior will face disciplinary consequences up to and including expulsion.

The following factors will be considered in determining the extent to which a student will be disciplined for threatening or terroristic behavior:

1. the background of the student, including any history of violence or prior threatening behavior
2. student's access to weapons of any kind
3. circumstances surrounding the threat
4. age of the student
5. the mental and emotional maturity of the student
6. cooperation of the student and his or her parent(s) or guardian(s) in the investigation
7. the existence of the student's juvenile or criminal history
8. the degree of legitimate alarm or concern in the school community created by the threat
9. any other relevant information from any credible source

2. You also need to be aware that the use of video cameras on, and around, school property is approved by the Board of Education. Specifically, Anamosa Middle School is equipped with a surveillance system. The Anamosa Community School District Board of Directors has authorized the use of cameras in the district school buildings and on school property. The cameras will be used to monitor student behavior in order to maintain a safe and healthy environment for students and staff. Students and parents are hereby notified that the content of the recordings may be used in disciplinary proceedings. The contents of the recording is a confidential student record and will be retained with other student records. Recordings will only be retained if necessary for use in a student disciplinary proceeding or other matters as determined necessary by the administration.

Listed below are some of the more frequently used board policies for students/parents information.

Equal Educational Opportunity Board Policy 102

It is the goal of the board to develop a healthy social, intellectual, emotional, and physical self-concept in the students enrolled in the school district. Each student attending school will have the opportunity to use its education program and services as a means for self-improvement and individual growth. In so doing, the students are expected to conduct themselves in a manner that assures each student the same educational opportunity.

The Anamosa Community School District does not to discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. The belief in equal educational opportunity serves as a guide for the board and employees in making decisions relating to school district facilities, employment, selection of educational materials, equipment, curriculum, and regulations affecting students. There is a grievance procedure for processing complaints of discrimination. If you have questions or a grievance related to this policy please contact Superintendent, 200 S. Garnavillo St., Anamosa, IA 52205, 319-462-4321.

Board policies, rules and regulations affect students while they are on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district.

Students, parents or guardians of students, employees, and applicants for employment in the school district will have the right to file a formal complaint alleging discrimination under federal or state regulations requiring non-discrimination in programs and employment. The district has policies and procedures in place to identify and investigate complaints alleging discrimination. If appropriate, the district will take steps to prevent the recurrence of discrimination and to correct its discriminatory effects on the Complainant and others.

A Complainant may attempt to resolve the problem informally by discussing the matter with a building principal or a direct supervisor. However, the Complainant has the right to end the informal process at any time and pursue the formal grievance procedures outlined below. Use of the informal or formal grievance procedure is not a prerequisite to the pursuit of other remedies. Please note that informal processes and procedures are not to be used in certain circumstances (e.g., sexual harassment and sexual assault).

Filing a Complaint

A Complainant who wishes to avail himself/herself of this grievance procedure may do so by filing a complaint with the equity coordinator(s). An alternate will be designated in the event it is claimed that the equity coordinator or superintendent committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within *180 days* of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The equity coordinator(s) shall assist the Complainant as needed.

Investigation

Within Fifteen [15] working days, the equity coordinator will begin the investigation of the complaint or appoint a qualified person to undertake the investigation (hereinafter "equity coordinator"). If the Complainant is under 18 years of age, the equity coordinator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. The investigation may include, but is not limited to the following:

- A request for the individual named in the complaint to provide a written statement;
- A request for witnesses identified during the course of the investigation to provide a written statement;
- Interviews of the Complainant, Respondent, or witnesses;

Within Sixty [60] working days, the equity coordinator shall complete the investigation and issue a report with respect to the findings.

The equity coordinator shall notify the Complainant and Respondent of the decision within five [5] working days of completing the written report. Notification shall be by U.S. mail, first class.

Decision and Appeal

The complaint is closed after the equity coordinator has issued the report, unless within ten [10] working days after receiving the decision, either party appeals the decision to the superintendent by making a written request detailing why he/she believes the decision should be reconsidered. The equity coordinator shall promptly forward all materials relative to the complaint and appeal to the superintendent. Within thirty [30] working days, the superintendent shall affirm, reverse, amend the decision, or direct the equity coordinator to gather additional information. The superintendent shall notify the Complainant, Respondent, and the equity coordinator of the decision within five [5] working days of the decision. Notification shall be by U.S. mail, first class.

The decision of the superintendent or if under appeal of the board shall be final.

The decision of the superintendent or the board in no way prejudices a party from seeking redress through state or federal agencies as provided by law.

If any of the stated time frames cannot be met by the district, the district will notify the parties and pursue completion as promptly as possible.

GOOD CONDUCT POLICY Board Policy 502.02

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for their lifetimes. Students who participate in extracurricular activities serve as ambassadors of the school and district throughout the calendar year, whether away from or at school. Students who wish to exercise the privilege of participating in extra-curricular activities must conduct themselves in accordance with board policy and must refrain from activities that are illegal, unhealthy, or that highly disrupt the educational or extra-curricular environment. Participation in these activities is a privilege, conditioned upon meeting the eligibility criteria established by the board, administration, and individual activity coaches and sponsors. The principal and/or athletic director shall maintain records of violations of Good Conduct Policy. The Board has the authority to apply a greater suspension if an infraction is of a severe nature. It is the responsibility of the superintendent to develop rules and regulations for school activities. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity.

SMOKING – DRINKING - DRUGS Board Policy 502.03

The board prohibits the distribution, dispensing, manufacture, possession, use, or being under the influence of beer, wine, alcohol, tobacco, nicotine, other controlled substances, or "look alike" substances that appear to be tobacco, nicotine, beer, wine, alcohol or controlled substances by students while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if the misconduct will directly affect the good order, efficient management and welfare of the school district. The board believes such illegal, unauthorized or contraband materials generally cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees, or visitors. Violation of this policy by students will result in disciplinary action including suspension or expulsion. Use, purchase or being in possession of previously cited substances or products shall result in being reported to the local law enforcement authorities. . Possession, use or being under the influence of beer, wine, alcohol and/or of a controlled substance may also be reported to the local law enforcement authorities. Parents will also be informed. Students who violate the terms of this policy may be required to satisfactorily complete a substance abuse assistance or rehabilitation program approved by the school board. If such student fails to satisfactorily complete such a program, the student may be subject to discipline including suspension or expulsion. The board believes the substance abuse prevention program will include: Age-appropriate, developmentally-based drug and alcohol curriculum for students in grades kindergarten through twelve, which address the legal, social, and health consequences of tobacco, nicotine, drug and alcohol use and which provide information about effective techniques for resisting peer pressure to use tobacco, nicotine, drugs or alcohol; A statement to students that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful; Standards of conduct for students that clearly prohibit, at a minimum, the unlawful possession, use, being under the influence of or distribution of illicit drugs and alcohol by students on school premises or as part of any of its activities; A clear statement that disciplinary sanctions, up to and including suspension or expulsion and referral for prosecution, will be imposed on students who violate the policy and a description of those sanctions; A statement that students may be required to successfully complete an appropriate rehabilitation program; Information about drug and alcohol counseling and rehabilitation and re-entry programs available to students; A requirement that

parents and students be given a copy of the standards of conduct and the statement of disciplinary sanctions required; and, Notification to parents and students that compliance with the standards of conduct is mandatory. It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

SEARCH AND SEIZURE Board Policy 502.05

School district property is held in public trust by the board. School district authorities may, without a search warrant, search students or protected student areas based on a reasonable and articulable suspicion that a school district policy, rule, regulation or law has been violated. The search is in a manner reasonable in scope to maintain order and discipline in the schools, promote the educational environment, and protect the safety and welfare of students, employees and visitors to the school district facilities. The furnishing of a locker, desk or other facility or space owned by the school and provided as a courtesy to a student, even if the student provides the lock for it, will not create a protected student area and will not give rise to an expectation of privacy with respect to the locker, desk, or other facility. School authorities may seize any illegal, unauthorized or contraband materials discovered in the search. Items of contraband may include, but are not limited to, non-prescription controlled substances, marijuana, cocaine, amphetamines, barbiturates, apparatus used for controlled substances, alcoholic beverages, tobacco, weapons, explosives, poisons and stolen property. Such items are not to be possessed by a student while they are on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district. Possession of such items will be grounds for disciplinary action including suspension or expulsion and may be reported to local law enforcement officials. The board believes that illegal, unauthorized or contraband materials may cause material and substantial disruption to the school environment or presents a threat to the health and safety of students, employees, or visitors on the school district premises or property within the jurisdiction of the school district. It is the responsibility of the superintendent, in conjunction with the principals, to develop administrative regulations regarding this policy.

SEARCH AND SEIZURE REGULATION Board Policy 502.05R

Searches, in general: Reasonable and Articulable Suspicion: A search of a student will be justified when there are reasonable grounds for the suspicion that the search will turn up evidence that the student has violated or is violating the law or school district policy, rules, or regulations affecting school order. Reasonable suspicion may be formed by considering factors such as the following: eyewitness observations by employees; information received from reliable sources; suspicious behavior by the student; or, the student's past history and school record although this factor alone is not sufficient to provide the basis for reasonable suspicion. Reasonable Scope: A search will be permissible in its scope or intrusiveness when the measures adopted are reasonably related to the objectives of the search. Reasonableness of scope or intrusiveness may be determined based on factors such as the following: the age of the student; the sex of the student; the nature of the infraction; and the emergency requiring the search without delay. Types of Searches Personal Searches: A student's person and/or personal effects (e.g., purse, backpack, etc.) may be searched when a school official has reasonable suspicion to believe the student is in possession of illegal or contraband items or has violated school district policies, rules, regulations or the law affecting school order; Personally intrusive searches will require more compelling circumstances to be considered reasonable. Pat-Down Search: If a pat-down search or a search of a student's garments (such as jackets, socks, pockets, etc.) is conducted, it will be conducted in private by a school official of the same sex as the student and with another adult witness of the same sex present, when feasible. While school authorities cannot conduct a strip search, a more intrusive search, short of a strip search, of the student's person, handbags, book bags, etc., is permissible in emergency situations when the health and safety of students, employees, or visitors are threatened. Such a search may only be conducted in private by a school official of the same sex as the student, with an adult of the same sex present unless the health or safety of students will be endangered by the delay which may be caused by following

these procedures. Locker and Desk Inspections Although school lockers and desks are temporarily assigned to individual students, they remain the property of the school district at all times. The school district has a reasonable and valid interest in ensuring the lockers and desks are properly maintained. For this reason, lockers and desks are subject to unannounced inspections and students have no legitimate expectations of privacy in the locker or desk. Periodic inspections of all or a random selection of lockers or desks may be conducted by school officials in the presence of the student or another individual. Any contraband discovered during such searches will be confiscated by school officials and may be turned over to law enforcement officials. The contents of a student's locker or desk (coat, backpack, purse, etc.) may be searched when a school official has reasonable and articulable suspicion that the contents contain illegal or contraband items or evidence of a violation of law or school policy or rule. Such searches should be conducted in the presence of another adult witness when feasible. Automobile Searches Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on the school premises may be searched if the school official has reasonable and articulable suspicion to believe that illegal, unauthorized or contraband items are contained inside.

STUDENT DIRECTORY INFORMATION Board Policy 506.02E1

Student is defined as an enrolled individual, PK-12 including children in school district sponsored child-care programs. Directory information is information contained in the education records of a student that would not generally be considered harmful or an invasion of privacy if disclosed. The district may disclose "directory information" to third parties without consent if it has given public notice of the types of information which it has designated as "directory information," the parent's or eligible student's rights to restrict the disclosure of such information, and the period of time within which a parent or eligible student has to notify the school in writing that he or she does not want any or all of those types of information designated as directory information." The district has designated the following as directory information: student's name, grade level, participation in officially recognized activities and sports, weight and height of member of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and other likeness, other similar information. Prior to developing a student directory or to giving general information to the public, parents (including parents of students open enrolled out of the school district and parents of children home-schooled in the school district) will be given notice annually of the intent to develop a directory or to give out general information and have the opportunity to deny the inclusion of their child's information in the directory or in the general information about the students. It is the responsibility of the superintendent to provide notice and to determine the method of notice that will inform parents.

USE OF DIRECTORY INFORMATION Board Policy 506.02E2

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Anamosa School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Anamosa School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Anamosa School District to include this type of information from your child's education records in certain school publications. Examples include: a playbill, showing your student's role in a drama production; the annual yearbook; honor roll or other recognition lists; graduation programs; and sports activity sheets, such as for wrestling, showing weight and height of team members. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. If you do not want the Anamosa School District to disclose

directory information from your child's education records without your prior consent, you must notify the District as part of electronic e-registration on the parent permissions page or in writing to the school office your child attends by September 15. Anamosa Community School District has designated the following information as directory information: student's name, grade level, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and other likeness.

AUTHORIZATION FOR RELEASING STUDENT DIRECTORY INFORMATION Board Policy 506.02E3

The Anamosa Community School District has adopted a policy designed to assure parents and students the full implementation, protection and enjoyment of their rights under the Family Educational Rights and Privacy Act of 1974 (FERPA). A copy of the school district's policy is available for review in the District Office at 200 S. Garnavillo St., Anamosa, IA 52205. This law requires the school district to designate as "directory information" any personally identifiable information taken from a student's educational records prior to making such information available to the public. The school district has designated the following information as directory information: student's name, grade level, participation in officially recognized activities and sports, weight and height of member of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, photograph and other likeness, other similar information. You have the right to refuse the designation of any or all of the categories of personally identifiable information as directory information with respect to your student provided that you notify the school district in writing not later than September 15 of this school year. If you desire to make such a refusal, please (pick up a form at your child's school).

MULTICULTURAL AND GENDER FAIR EDUCATION Board Policy 602.01

Students will have an equal opportunity for a quality education without discrimination, regardless of their race, religion, creed, color, sex, marital status, national origin, sexual orientation, gender identity or disability. The education program is free of discrimination and provides equal opportunity for the students. The education program will foster knowledge of and respect and appreciation for the historical and contemporary contributions of diverse cultural groups, as well as men and women, and persons with disabilities, to society. It will also reflect the wide variety of roles open to both men and women and provide equal opportunity to both sexes. Inquiries regarding compliance with Multicultural and Gender Fair Education shall be directed to the Superintendent.

MEAL CHARGES Board Policy 701.07

In accordance with state and federal law, the Anamosa Community School District adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit school nutrition program.

Payment of Meals Each student is assigned a computerized meal account. Parents can pre-pay into a student's meal account by sending a check to the student's school, district office, or paying online with debit/credit card at <https://anamosa.infinitecampus.org/campus/portal/anamosa.jsp>. During meal service students scan or punch in their student ID at the point of sale. The computer debits and records purchases from the student's meal account.

Meal Charging

The Nutrition Services department closely monitors student accounts to prevent negative balances and changes as follows: Students that fail to have a positive account balance may charge meals up under the following parameters: students will be served a full, regular meal (breakfast or lunch) allergies will be taken into consideration, no snacks or a la carte items may be charged, with the exception of milk, families will receive email communications when the account balance is low or negative. Staff/Adults: no charges of meals or a la carte items allowed, adults will be notified of their balance verbally at the point of sale when the balance falls below \$ 10.00, adults will receive email

communications when the account balance is negative. Students who qualify for free or reduced meals will never be denied a reimbursable meal even if they have accrued a negative balance from previous purchases. Schools are encouraged to provide a reimbursable meal to students with outstanding meal charge debt.

Negative Account Balances The school district will make reasonable efforts to notify families when meal account balances are low. However, the failure of the school district to notify families will not relieve the families' obligations to keep meal account balances current; nor will it prevent the school district from being able to take actions legally available to collect any delinquent account balances. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. . Negative balances of more than \$ 50.00, not having an agreed upon repayment plan, not paid prior to the end of the quarter will be turned over to the superintendent [or designee] for collection.

Funds to Support Student Meals/Unpaid Student Meal Accounts The Nutrition Services department may accept monetary gifts on behalf of the district from individuals and group/organizations wishing to support students and families who are experiencing financial hardships. Funds from private sources will be deposited into the district Angel Account in accordance with law. Funds deposited into this account will be used to address student meal and milk needs as it deems appropriate.

STUDENT CONDUCT ON SCHOOL TRANSPORTATION Board Policy 702.09

Students utilizing school transportation will conduct themselves in an orderly manner fitting to their age level and maturity with mutual respect and consideration for the rights of the school vehicle driver and the other passengers. Students who fail to behave in an orderly manner will be subject to disciplinary measures. The driver will have the authority to maintain order on the school vehicle. It is the responsibility of the driver to report misconduct to the designated administrator. The board supports the use of recording devices on school buses used for transportation to and from school as well as for field trips, curricular or extracurricular events. The recording devices will be used to monitor student behavior and may be used as evidence in a student disciplinary proceeding. The recordings are student records subject to school district confidentiality, board policy and administrative regulations. The District, in conjunction with the Director of Transportation and Transportation Conduct Administrator will have the authority to suspend transportation privileges of the student or impose other appropriate discipline due to repeat infractions and/or the severity of an infraction. The Superintendent is informed prior to suspension of riding privileges. The parents/guardians, after notification, may request a meeting. The meeting shall include appropriate personnel, including but limited to the Director of Transportation and or the Transportation Conduct Administrator, the Superintendent and may include the building principal. The meeting shall be for the purpose of reviewing the nature of the violation and the subsequent assigned discipline. It shall also be the purpose of the meeting to determine solutions to the problem behavior. It is the responsibility of the superintendent, in conjunction with the building principal, to develop administrative regulations regarding student conduct and discipline when utilizing school district transportation.

TOBACCO/NICOTINE* FREE ENVIRONMENT Board Policy 905.04

In an effort to provide a healthy learning and working environment for employees, students and visitors; all District buildings, school grounds, property and vehicles shall be kept tobacco and nicotine* free. No student, staff member or school visitor is permitted to use or display any Tobacco/Nicotine* product at any time:

The policy may permit tobacco products to be included in instructional or research activities in public school buildings if the activity is conducted or supervised by the faculty member overseeing the instruction or research and the activity does not include smoking, chewing, or otherwise ingesting the tobacco product.

Enforcement of Tobacco/Nicotine* Free School Environment

The success of this policy will depend upon the thoughtfulness, consideration and cooperation of tobacco and non-tobacco users. All employees on school premises share in the responsibility for adhering to and assisting in compliance with this regulation.

Persons failing to abide by the policy shall be required to extinguish and/or dispose of the tobacco/nicotine* product in a safe manner and/or leave the school grounds and property immediately.

Students who willfully violate the policy will be treated in accordance with Good Conduct Regulation and Procedure RP502.1A and/or Possession and use of Controlled Substances, Code No. 502.3.

Employees who willfully violate the policy will be considered as demonstrating insubordination. Their conduct will be treated through due process procedures.

Visitors or Community members who rent school facilities will be required to sign a statement indicating their assumption of the responsibility to adhere to the tobacco free school environment policy as required in Guidelines for Community Use of District Facilities, RP1004.1A. It will be their responsibility to supervise their own activities to accomplish a Tobacco/Nicotine* free environment. Violation of this policy by the members of a group may adversely affect that group's future utilization of school grounds and property.

**“Nicotine products” means any product containing nicotine or other preparation of tobacco and any product or formulation of matter containing biologically active amounts of nicotine. “Nicotine product” does not include any cessation product specifically approved by the United States Food and Drug Administration (FDA) for use in reducing, treating, or eliminating nicotine or tobacco dependence.*
