Make sure it is •. QUICK selection tool (Right click to change)

"Paint" the hat

- Look for the marching lines
- Start in the center for better edges
 Hold "OPTION" on the keyboard to 'erase' the line

Step 9

- 11

Edit -> Paste •.

Quick Keys: Command + V

Sfon 12 Click "Move Tool"

Step 13

Make the hat bigger/smaller

Edit Select Filter 3D Window Help Photoshop Image Undo Move **Toggle Last State** X #Z #C Copy 🕂 🗸 😨 Auto-Select: Layer 🧹 🗔 Show Transform Controls 🔚 🌲 🚢 Paste Paste Special Snake 1.webp @ 66.7% (Layer 1, RGB/8#) * × Hat 1.jpeg @ 306% (RGB/8) * Search Check Spelling. Find and Replace Text. Fill Stroke.. Content-Aware Scale ø Puppet Warp Perspective Warp 1 Free Transform Transform 2 Sky Replacement. ۲ Define Brush Preset... Define Pattern... . Purge

 Upper left hand corner

 Edit

 Free Transform

> Quick Keys: Command + T

Click and drag

Step 15

Erase part of the hat (if needed)

Click on eraser tool

(You can change the size of the eraser up top near the house icon)

Step 16

Erase -> Finished Look

Erase until the head comes through and it looks more natural...as natural as a snake wearing a sombrero can be :P

When in Quick Selection To Erase: Option + Start Painting

Refine Edge

When hat is selected: Select -> Select and View Mode: Black and White
