

Gallery Walk Make-up:

Art Critique

AP Studio Art 3D

Step 1: Choose an art piece to critique:

You should pick one of the following art pieces to critique. Each of these art pieces are works of art on display at some of the world's premiere art museums. The art pieces are all hosted on the Google Art Project and are available for your viewing pleasure.

Step 2: Fill out the critique sheet

The critique sheet is to help guide you in your art critique process. You should feel free to express your own opinions on the sheet. Many different people will have different responses to artwork. You do not have to agree with others on what you see, but you should be honest and thoughtful about your analysis.

Step 3: Turn it in

When you are done with the critique sheet, email it or turn it in to the instructor so that you can get credit. Make sure that your name is on your sheet and specify which of the gallery walks (which project) you are making up with this assignment.
