

## AP BIO TO DO LIST

### MONDAY

- ☐ Turn in hemoglobin ?'s from Thursday's activity if you did not do that last Friday
- ☐ Use the cards to complete the Know your molecules activity.  
(Cards are in basket on computer cart)  
Match the molecule card with its description card.  
When you have completed the matches, you can check answers with answer key.  
Use cards to fill in the study guide provided.
- ☐ Use a piece of notebook paper to complete the card review and self-check your answers.  
(? Cards, notebook paper, and answer sheets are on computer cart)
- ☐ Use the computers to do some research on Linus Pauling and complete the "What's up with Linus Pauling?" sheet. Use the back if needed. Be sure to include a discussion about links to the 4 Big Ideas for AP BIO.
- ☐ Work on any MISSING/MAKEUP WORK:
  - ~ Watch Chap 16 video (Parts 1, 2, 3) and take Google Docs quiz
  - ~ Watch DNA people video and take Google Docs quiz
  - ~ Prokaryote vs Eukaryote Venn
  - ~ DNA to RNA to Protein puzzle
