

AP BIO TO DO LIST

~ OVARY PARTY postponed until Monday when I get back. If you brought ovaries put them in the fridge. If you brought something that won't keep you can share with the class.

1. Watch Chap 29 + 30 slide show video .

Take online Google Docs quiz after you watch the video

- Links are on WED homework calendar on AP Bio webpage

You have the slide show packet for this already.

2. Fill in Alternation of generations comparison after watching the video.

You have this handout already, too.

3. Look at hormone Facebook projects (links on webpage) made by other people in class.

4. Use your What to Know - Plant regulation/hormone handout and do the plant hormone quiz.
(link is on homework calendar on AP Bio webpage)

5. Use your book to complete the "Plant Solutions" organizer.

6. Work on finishing your Transpiration lab write up in your lab notebook (Due MONDAY)

~ ANYTHING NOT COMPLETED IN CLASS SHOULD BE FINISHED BEFORE YOU COME TO CLASS MONDAY.
