AP Computer Science

Snow Day Lesson Plan 3

ETHICS AND COMPUTERS

1. List two reasons why software developers commonly license their products instead of selling them out-right to customers.
2. What procedures should you follow to ethically acquire and use software or digital information? How can you find out about a company's licensing agreement? How would you cite a source if you needed to reference it in a report?
3. Go to: http://ice.cc.gatech.edu/apexam_final Take a 40 question exam online.
