

AP European History**Mid-Term Project**

You are hosting a dinner party at the lovely Capriotti's in McAdoo. Write the name of the guest and two facts associated with them. Your guests include some of the more important people in history covered in the first semester of AP European History. You have seating for 80 people. You have ten tables of eight to utilize. For each table, explain why you put together certain individuals. In your explanation, write what they would most likely discuss and any problems that you could foresee. You will present your dinner party on the week of mid-terms via PowerPoint or you may create a poster. You can cross time periods with your guests' tables. Due Friday, 1/11/19. Your guest list:
