

AP HUMAN GEOGRAPHY SUMMER ASSIGNMENT

The purpose of the AP Human Geography summer assignment is to encourage you to start thinking about how geography applies to current human activities and to begin to develop skills and background knowledge needed to be successful in AP HUGA throughout next school year. **The following assignment will be due on the first day of classes (August 28 or 29, 2019).** If you need to contact me, please email me at: mueller_hilary@mybps.us. I will check email periodically over the summer, but remember, it is vacation ☺.

G20 Locations and Information:

During the school year you will learn the locations of the world's countries/regions because this background knowledge is important for understanding many Human Geo. concepts. For this initial assignment you simply need to learn the countries that belong to the G20 (Group of 20 strongest countries economically) and where they are.

Using this information you will **create a poster (18x24 or larger)** that includes the following parts:

1) An outline world map (easily found using a quick google search) where you will label all of the member groups.

2) Choose five of the countries and find the following information about them:

- Population
- Major Religions Observed
- GDP per Capita
- Birth Rate
- Death Rate
- Major imports/ exports
- Main agricultural products produced
- 5 additional facts with pictures (yes, 5 pictures/images)

*This will be graded on informational content as well as neatness, spelling and grammar.

These sites can help get you started:

*** **Excellent resource we use all year:** <https://www.cia.gov/library/publications/the-world-factbook/>

http://en.wikipedia.org/wiki/G-20_major_economies
