The summer assignment is designed to review material previously learned. Summer Task-

View videos and take notes while viewing. It is important to remember the purpose of the assignment is to watch the videos in order to **reinforce and RETAIN** the information. Viewing the videos with the sole purpose of finishing the work will not help you in the long run!

-Adam Norris videos-- Use the link below for Adam Norris. Click from the toolbar "New APUSH Curriculum" to find Periods 1, 2, 3, and 4. Each Period has THREE Key Concept videos PLUS specific content/topic videos.

-NOTES-- Adam Norris provides video "fill in the blank guides". You may use these for your notes if you like them. You can print these from his webpage. OR you may also choose to use the note outline I provided in the folder on Edmodo. You do NOT need to do both! **

-In order to guide your notes, you may want to print out the "APUSH Framework" for Periods 1 through 4. It is located in the folder on Edmodo.

-Gilder Lehrman videos-- Use the link below for Gilder Lehrman. Periods 1 through 4 can be reviewed on this site. Add any new information to your notes. View Periods 5 and 6 videos on this page, and write notes in your own style.
