INVITATION TO BID

APPLEGATE TRAIL CHLD NUTRITION PROGRAM GROUP (ATCNPG)

ADDENDUM #3

The purpose of this addendum is to answer questions that were raised during the protest and clarification process. Listed below are the questions that were asked along with the District's responses. Answers are in bold type underneath each corresponding question.

1. Bidders who offer a volume discount shall attach an addendum in their bid reflecting the volume allowance...How do I "attach" this to the bid? Or is it a separate email with a word document attached?

Bidders who offer a volume discount shall email their Volume Discount Sheet as an attachment to amy.coronado@bend.k12.or.us by the closing date of the bid.

2. Can you confirm the sodium target that we should meet in our products when bidding on the RFP this year?

Bidders need to bid the items as specified on the bid. If a District chooses to request lower sodium, that would be done prior to the bid posting. Please bid what is specified.
