

Hello Everyone,

What a difference a month makes! It's a different world outside than it was last time I wrote, and I have to say I'm pretty happy to be a bit warmer. I hope everyone is enjoying the start of spring, and looking forward to getting outside for work, play, or track.

At the school, we've had a good, if slightly sick, month. We've had a lot of students and staff that have been struck by the many bugs going around currently. Please remember, your students should be 24 hours past any fever, vomiting, or diarrhea before they come back to school. While we value having kids at school, if they are truly sick we definitely don't want them here. Please help us keep all kids and adults here as healthy as possible by following the guidelines above.

Speaking of missing school, spring is always the busiest time in any school. Students are involved in many activities, and tend to miss quite a few days. Please help our teachers and staff out by making sure your students take care of their academic responsibilities when they miss school. While students get 2 days to make up work from any unplanned absence such as being sick, for planned and school-related absences they need to get their assignments ahead of time and stay caught up while gone. At the MS/HS, that means getting a "blue sheet" to track the assignments they will be responsible for so they are on track when they return. If you have an elementary student, please talk to their teacher about any planned absences and get the work they will need to complete ahead of time. Also please make sure to let the school know if there will be absences that are not school-related. In the end, the more prepared your student is prior to an absence, the easier it is for them to stay caught up, be ready for upcoming tests, and reduce their likelihood of falling behind.

Have a great April!

Sincerely,

A handwritten signature in black ink, appearing to read 'Bart K. Hawkins', is written over a white rectangular background.

Bart K. Hawkins, Superintendent

North Star School District 99M

Student Spotlight

Sydney Rigg—Fourth Grade

FUTURE PLANS - Become a Ski Instructor

BEST MEMORY - Going to a Taylor Swift Concert

FAVORITES

CLASS - Gym/Social Studies

FOOD/DRINK - Chicken Nuggets/Water

SPORT/ACTIVITY/HOBBY - Basketball

COLOR - Blue

SPORTS TEAM - Bobcats

Ereka Harvey—Eighth Grade

FUTURE PLANS - Become a Licensed Addiction Counselor or a Pediatric Surgeon

BEST MEMORY - Scoring 102 pts. Against Cut Bank team in a tournament

FAVORITES

CLASS - FCS

FOOD/DRINK - Pickles/Iced Coffee

SPORT/ACTIVITY/HOBBY - Basketball & Hanging out with friends

COLOR - Blue

SPORTS TEAM - Celtics

Tanicha Hudson—Senior

FUTURE PLANS - Attend MSU-Northern and get a Bachelor's Degree in Criminal Justice

BEST MEMORY - Hanging out with friends in the 'Paws'

FAVORITES

CLASS - Anatomy & Physiology

FOOD/DRINK - Cheeseburger & Fries/Vanilla Milkshake or Cran-Mango Juice

SPORT/ACTIVITY/HOBBY - Basketball

COLOR - Maroon

Art

By: Cooper Clawson & Xachery Searles

Right now in art we're drawing Dr. Seuss villages, we love art a lot. We prefer art because we get to use our artistic skills in this subject. When we start a new unit in art, Miss Lett tells us how to make what we are drawing.

Also, when we start a new unit and we struggle, Miss Lett will help us because some of us struggle in art. It helps us out. So what we're trying to say is that we both love art! Do you like art?

Writing

By Savannah Schaumloeffel and Adrianna Troup

Writing is lots of fun, because you can write your own story. If you like mystery you can write a story about that if you want.

We were doing an assignment on our opinion on coal; whether we want to keep coal or get rid of. Both of us picked a different opinion. One of us picked to keep coal and one of us picked to get rid of coal. It was so much fun!

Keyboarding

By: Tatum Hansen and Hedy Kessel

Keyboarding is going good! Right now we are doing a book talk of a book of our choice. Currently our keyboarding teacher is Mrs. Campbell. She is a very nice teacher. In the first 10-15 minutes we do Typing Club. The rest of the time we are working on our book talk.

Social Studies

By Kinzie Campbell and Sydney Rigg

In social studies, we are working on posters about different Pre-Columbian Native American tribes. The tribe names are, Makah, Hopi, Mandan, Iroquois, and The Creek tribe. Some of the details we have to include about the tribes are, their jobs, homes, location, clothing, food, weapons, tools, and how they used animals and natural resources.

The Makah used 46 foot long canoes to hold a dozen or more men. The Hopi grew 6 different types of corn, blue, red, white, gray, purple, and yellow. When the Mandan hunted buffalo, they drove them off a cliff for food and clothing. The Iroquois used false face masks to scare away spirits that might have caused illness. The Creek tribe had old woman and younger kids to shoo crows away from the crops, just like a human scarecrows.

We also learned about the first peoples that came from Asia on a strip of land called the Bering Land Bridge to North America following herds of wooly mammoths and giant buffalo.

A.R.

by: Camden Jackson and Quincy McCormick

This is about A.R. This is also our first year. A.R. is similar to Book It, except you get 4 parties instead of 1 party, but that is if you make the goal of ten points each quarter. We got a pizza party and quizlet, plus crafts and lego. But we have we have 1 more party (that is gonna be awesome) to do.

The books I recommend are The Land of Stories series by Chris Colfer and Harry Potter series by J.K. Rowling to make the 10 point goal. Some books have a half point and some have a two digit number. We made all 3 A.R. Parties this school year.

I can't promise you'll make A.R. but I believe in YOU!!!!!! But if you read the books above I bet you'd make A.R.!!!!!!!!! The Land of Stories is 10~20 points if you get the test answers correct. Harry Potter is 12~44 A.R. Points. We wish you luck!

Math

By: Aspynn Cramer and Piper Miller

In our last math unit we were learning about fractions. We learned about equivalent fractions and comparisons. We learned about adding and subtracting fractions. We learned about multiplying fractions by whole numbers. We learned to turn mixed fractions to improper fractions. We learned adding and subtracting mixed numbers. Aspynn's favorite part of our fractions unit was turning mixed fractions to improper fractions. Piper's favorite part of our fraction unit was simplest form. We think that they are all really fun to do.

Music

by Troy Howendobler and Bailey King

This year in music we are learning different notes like the 16th note and the 8th rest. We learn different music like The Hill of the Mountain King and other songs. We also learn instruments like recorders, do partner dances and sing songs. We also learn how to play in a band and how to be in a band to help prepare us for next year. We learn different instruments and how to play them. The music teacher is amazing. Mrs. V (VanWechel) helps the class and we learn a lot of new music in class. Mrs. V works hard to teach us.

gym

Cole Richey and Aphten Lynch

We been jump roping for 1 and 2 minute club. Now we are doing march madness. March madness is about learning how play basketball and you get to learn how to shoot hoops. We talk about we did over the weekend. We run 5 to 7 laps. sometimes we do climbing wall.

Science

By KAGE Peterson AND ISREAL Tavizon

In our last science chapter we learned about the moon phases and planets in our solar system. We learned the smallest hottest planet is Mercury. The coldest planet is Neptune. The biggest planet is Jupiter. The 2nd biggest planet is Saturn. The 3rd biggest is Uranus. The 4th biggest planet is Neptune. The 5th biggest planet is Earth. The 6th biggest planet is Venus. The 7th biggest planet is Mars. The 8th biggest planet is Mercury. The 9th biggest planet is Pluto.

When I started at North Star Schools this fall teaching in the Title 1 position, I had quite a few community members ask what Title 1 is, etc.?

According to the U.S. Department of Education, the **purpose of Title 1** funding, "is to ensure that all children have a fair, equal, and significant opportunity to obtain a high quality education and reach, at minimum, proficiency on challenging state academic achievement standards and state academic assessments."

The school uses a few different tests, including Star reading and math tests to identify potential students that could benefit from a little extra assistance in Reading and Math primarily. I then talk to the classroom teacher and inquire if they are seeing the same things in their classroom. If they are then we try to schedule that student in for some extra assistance in the Title 1 venue. Ideally, the student receives some assistance and is eventually able to go back into the classroom for that area. Also a group of teachers will be offering these options during the summer months. So if you think your child might benefit from some extra assistance this summer don't hesitate to talk to me about setting a time up for that.

I would like to thank the teachers/staff/community for the support shown me this year.

-Mr. Rambo

Attention!

Great Job Opportunity!

Parents, teachers and students are you looking for a fun, flexible summer job? The North Star Pool in Hingham is looking to hire life guards for the 2019 summer season. Life guard training will be provided.

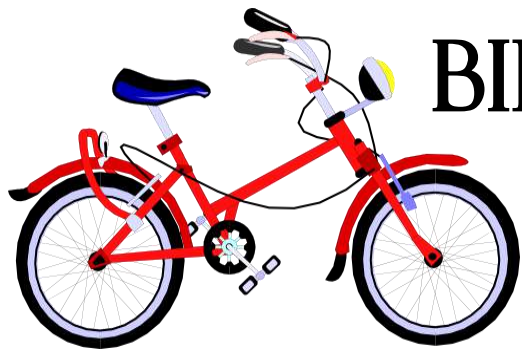

Please contact Kathy in the office for an application and more details.

APRIL AUTISM AWARENESS MONTH

- 1 in 88 children and 1 in 54 boys have autism
- Autism is the fastest-growing serious developmental disability in the U.S.
- Boys are four times more likely than girls to have autism.
- There is no cure for Autism, but early recognition and therapy can reduce symptoms and support development and learning.
- A neurodevelopmental disorder that affects the brain's ability to process information.

Wear blue every Tuesday for the month of April help bring awareness of autism!!!

BIKES

for

BOOKS

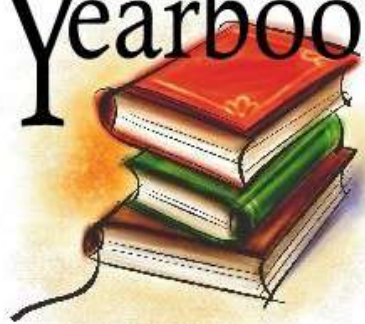

April 1-30, 2019

Bikes for Books will begin April 1 and conclude April 30, 2019. The presentation and drawing will take place on Monday, May 6. Students may have any adult sign their coupon and return them to the Office to be entered into the drawing. There are two divisions: Lower Division (Grades 1-3) and Upper Division (Grades 4-5). Each student will be given one sheet of coupons to get them started.

Winning students will receive a bike, and will have their photo taken for potential newspaper articles. Please notify the school if your child is not permitted to have their photo taken, in the event they win a bike.

Yearbook

North Star Yearbook Sales

Purchase your 2018-2019 Yearbook for \$45.00. The **Deadline to purchase your Yearbook is Thursday April 18, 2019.** Only annuals pre-purchased will be ordered. Due to the increased cost of printing, no extra annuals will be ordered. So if you do not pre-purchase your annual now, you will not receive one. Contact Mrs. Kathy Preeshl at the High School by calling 355-4481 or Mrs. Margie Chinadle if you have any questions.

Montana BPA 2019 State Leadership Conference

The 2019 Montana BPA State Leadership Conference (SLC) was held in Billings, Montana, March 9-12 at Montana State University—Billings, the Red Lion, and the Billing Hotel & Convention Center. Members from the North Star Chapter joined approximately 1,238 students and advisors from 80 Montana chapters. Montana Association members gathered to “Watch us Grow” through participation in the areas competitive events, leadership, community development, and professionalism. Opening the general session with the National Anthem was Hayden Massar and Kenidee Wolery. Hayden and Kenidee auditioned in January and were selected by the BPA State Officer Team. Congratulations on an outstanding performance and the honor of being selected. During the three-day conference, students demonstrated their knowledge in business and technological skills and abilities in over 60 competitive events.

North Star’s BPA Chapter was represented by eleven members including: Hayden Massar, Bailey Spicher, Topanga Watson, Olivia King, Saige O’Neil, Shayla Borlaug, Kenidee Wolery, Rhett Wolery, Makaila Horinek, Laramie Peterson, and Ian Kapperud. Each of the members advanced to the State BPA Conference because he/she placed in at least one competitive event at the Regional BPA Leadership Conference in January.

2019 State BPA results are as follows:

Hayden Massar

Advanced Office-4th

Bailey Spicher

Legal Office Procedures-4th

Shayla Borlaug

Basic Office Systems & Procedures-3rd

Administrative Support Team-4th

Saige O’Neil

Medical Office-2nd **

Administrative Support Team-4th

Kenidee Wolery

Olivia King

Administrative Support Team-4th

**National qualifiers per North Star CTSO Guidelines

Congratulations to all BPA members on a successful year! Special congratulations to Saige O’Neil for qualifying to attend the National BPA Leadership Conference in Anaheim, CA. Good luck, Saige!

North Star Shines at State FCCLA

North Star FCCLA members recently returned from the State Leadership Conference in Bozeman. The conference in Bozeman was held on the Montana State University Campus. Students were able to try out the new Rendezvous Dining Hall for lunch which was quite an experience.

Keynote speaker this year was Jessie Funk who spoke about succeeding through emotional intelligence and resilience. She spoke, sang and captivated the audience with her funny stories and life experiences.

North Star FCCLA sent in an awards application for the 2019 Traffic Safety project they completed. To our great surprise, North Star won the 1st place award for their project with an emphasis on drowsy driving. The students received many complements on their month long education approach to changing habits and the quality of the programming they presented. North Star FCCLA received a \$2,500.00 check from the National Road Safety Foundation and the Montana Department of Transportation for their efforts.

The chapter has 5 members who qualified for National FCCLA with their STAR events. Taking first place and earning a gold medal in the National Programs in Action STAR Event team of Pajj Peterson, Shayla Borlaug and Olivia King who planned and facilitated the month long traffic safety program at North Star Schools. Qualifying for National competition with a gold medal and second place in Entrepreneurship is Bailey Spicher for his business plan to start a Financial Advising company. The final recipient of a trip to National FCCLA is Daniel Nerat who earned a gold medal and a second place finish in Food Innovation with his project "Indulgent Cheesecake." Also earning a Top 5 recognition was Kenidee Wolery in Career Investigation and Jade Wendland in Food Innovations. The final competitors for North Star were Katie Berg and Autumn Henke who earned a silver medal in Interpersonal Communication. These FCCLA members were an amazing group of individuals who represented their school and their community very well.

The National Qualifiers along with their adviser, Margie Chinadle will be heading to Anaheim, CA the end of June for competition. A big thank you to these students, their parents and the entire community for the support shown to FCCLA and these students. We were accompanied to Bozeman this year by Kathy Preeshl who chaperoned and Charlie Chvilicek who drove the bus to Bozeman. Thank you to these individual for sharing their time and expertise with FCCLA.

LFL-Little Free Library

Check out what's new in Rudyard! The Chirping Meadowlarks 4H Club has placed a Little Free Library right down the road from Toner's.

What is a Little Free Library (LFL)? A LFL is a national program that anyone can use—neighbors, friends and passers-by. The books are always free. **Take a book...**if you see something that you'd like to read, take it! It's for you. Some books include a note about who gave it or has read it. You may leave your own note in it when you're done. **Share a book...**

When you're finished with a book, you may pass it along to a friend or return it to this library or any other Little Free Library. **Leave books...**Your books are welcome at any LFL. If this one is full there is another Little Free Library at the Havre IGA. The mission of the Little Free Library is to inspire a love of reading, build community and spark creativity by fostering neighborhood book exchanges around the world. For more information about the Rudyard or Havre Little Free Library please contact Reba Domire at 390-1343 or Cassie Solomen at 390-4242. For more information about the Little Free Library program visit www.littlefreelibrary.org

27th—Memorial Day

NANCY REYNOLD'S MEMORIAL SCHOLARSHIP

Scholarships will be awarded in memory of Nancy Reynolds to students pursuing a degree at an institution of higher education. Applicants must be a graduating senior living within the former boundaries of the KG School District or a graduate of KG High School. Priority will be given to candidates who have completed at least two full semesters or three full quarters at a college or university. Applicants must possess a good academic record, show a desire to better themselves and have a need. The amount of the scholarship will be determined by the number of students chosen to receive the award. The recipients of the scholarship will be announced at the North Star Graduation on May 18, 2019. Anyone interested in the scholarship may pick up an application by contacting Ginny Reynolds 265-9785, Kathy Preeshl 355-4481 (W), 376-3183 (H), or you may pick up applications at North Star High School.

The completed scholarship application must be returned to Ginny Reynolds, 570 Road 403 N., Havre, MT 59501, on or before Wednesday May 1, 2019. Please allow sufficient time for Post Office to deliver application by Wednesday May 1, 2019.

P.O. Box 202501

Montana DRIVE One-Day Summer Workshops June 3 through August 8, 2019

Learn to respond safely to driving risks and become a better driver!

Come to Lewistown this summer for a fun and active behind-the-wheel workshop that improves driver skill and confidence. All drivers are welcome and training costs less than a crunched bumper.

For drivers over 55, the completion of this workshop can lower auto insurance premiums. Check with your insurance agent to learn more.

Space is limited and workshops fill up quickly. \$10 off if registered by March 5.

TO REGISTER: Visit [Montana DRIVE](#) for registration details and 2019 workshop calendar. All workshop participants must pre-register and pre-pay the workshop. The cost for a one-day adult workshop is \$330. Register by March 5 for an early registration discount of \$10.00. [Submit your registration online](#), receive an invoice, and pay within 30 days.

TEEN WORKSHOPS: Montana DRIVE Teen Week is scheduled for July 22-26. ***Registration for the teen workshops will begin in March.***

Since 1979 our professional driving instructors have trained more than 14,000 drivers in off-road recovery, skid control, and evasive maneuvers. Montana DRIVE summer workshops include two hours of classroom instruction and six hours driving vehicles on a safe, closed track adjacent to the Lewistown Airport. The one-day workshop is limited to 12 drivers per day. Watch our [YouTube video](#) for an introduction to some of the driving exercises featured in the workshop.

Share this announcement with co-workers, friends, and family. And please register early to get the workshop day you want.

For more information, call: (406) 444-4432 or e-mail questions to montanadrive@mt.gov.

"The Montana Office of Public Instruction provides vision, advocacy, support and leadership for schools and communities to ensure that all students meet today's challenges and tomorrow's opportunities."

Transcripts

Beginning with the Class of 2019 and subsequent classes, transcript requests can be made electronically through Parchment. Transcripts are free for two years following graduation. After that, there is a \$3.15 fee that will be collected by Parchment. Destinations such as colleges, NCAA, Common Application or yourself can be requested. In three easy steps, you can order your transcript:

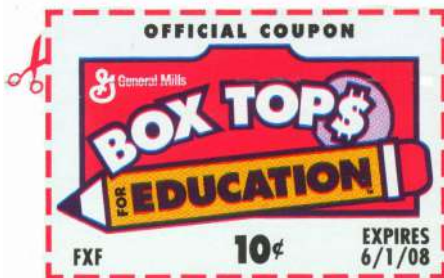

1. Register for your free account at parchment.com.
2. Request your transcript.
3. Track your transcript. A student can not only request a transcript but explore and compare colleges and analyze admissions data. Visit parchment.com. If you need further assistance, contact Rose Spinler or Carol Tempel.

Shoes, Shoes, Shoes...

North Star Elementary is still collecting new or gently used shoes (no holes, laces if applicable, clean and still have life in them) as a fundraiser for new playground equipment. Collection sites include both school campuses, Hi-Way Bar and K-lanes. Please contact Jessica Myers if you have any questions at jmyers@nsschools.org or 397-3281. Our goal is to collect 10,000 pairs and we are only at 3,500! Keep them coming!!

Box Tops

North Star Elementary is once again collecting Box Tops for Education this year. You can find them on various grocery and sundry items, clip them out, gather them up, and turn them in to the Elementary. Then, three times a year they are submitted to Box Tops headquarters and we get a check in return. The money earned has been used toward purchase of playground equipment and recreation supplies for our students. Collecting Box Tops is a great activity for kids as they are not only helping out our school, they can practice their cutting skills. Please double check that you are not submitting any expired Box Tops and do your best to cut them out accurately. If you have any questions, contact Katie in the Elementary Office. Thank you for helping contribute to our school!

2019 T-BALL/BASEBALL REGISTRATION FORM

Ages: Just finished kindergarten to 13 years old

Please return this form to Rachel Berg by April 15th.
You can mail it to: Rachel Berg – PO Box 26 – Kremlin, MT 59532
For questions or information, contact Rachel at (406) 372-3225
Signup deadline is May 1st so we know if we have enough kids!

CHILD'S NAME: _____

AGE: _____ DATE OF BIRTH: _____

ADDRESS: _____ CITY: _____ ST: _____ ZIP: _____
