

<p><u>Cooking</u></p> <p>This hands-on cooking program will educate the students on kitchen safety, proper kitchen prep and cooking techniques and nutritious meal planning. In this program students will gain a sense of adventure, trying foods and recipes that may not be familiar to them. This will increase students' feelings and self-confidence, leading students to unleash their creativity. Students will have the opportunity to explore new cultures and foods that are important to these cultures.</p>	<p><u>RJP</u></p> <p>Students will learn restorative practices about building and restoring relationships. Students will have opportunities to be heard, form connections and stronger relationships, and recognize one's role as a positive contributing member of the school community.</p>	<p><u>Sports</u></p> <p>Students can come and play sports. Students will team up with partners, practice their athletic skills, and learn a new sport. This is a fun and engaging way to build on sportsmanship with friends during the break!</p>
<p><u>Videography/ Digital Media Editing- Creative Writing</u></p> <p>Want to know more about Videography and Digital Media Editing? This is the class for you. Students will learn how to edit digital media that they make as well as using the program to work on creative writing.</p>	<p><u>Crochet & Macrame</u></p> <p>Looking for a fun new hobby? Join the Crochet and Macrame class! In this class, you'll learn the art of crafting beautiful and practical items using yarn and cording. We will start with the basics and you will have the choice to make your own string bracelets, headbands, bags, wall hangings, stuffed animals and more. Both of these crafts help you explore your creativity in a fun and relaxing way. Come let your stress go while connecting with friends and getting creative!</p>	<p><u>All About Art</u></p> <p>Students will explore a variety of art materials and creative ideas that will culminate in a classroom "gallery exhibit". Over the week students will work on several art projects that will refine and showcase their creative instincts!</p>
<p><u>ELA Credit Recovery</u></p> <p>Are you struggling in your ELA class this term? Well look no further. Student's will be able to work on their ELA skills and also bring up their ELA grade for the term!</p>	<p><u>Math Credit Recovery</u></p> <p>Are you struggling in your Math class this term? Well look no further. Student's will be able to work on their Math skills and also bring up their ELA grade for the term!</p>	<p><u>Arts and Crafts</u></p> <p>Have you been looking for ways to enhance your artistic ability? The Arts and Crafts program will be a hands-on program where students will be able to open their minds and make their masterpieces.</p>
<p><u>Video Games/Mural Painting</u></p> <p>Students can come and play video games, learn how to collaborate, and work together to solve common problems. Students will also be assisting former Stoklosa Art teacher Lynne Barker with the Mural she is planning.</p>	<p><u>Music & Recording</u></p> <p>Want to learn how to make unique music and record it? Well the wait is over! Students will work collaboratively to be able to create their own music masterpieces</p>	<p><u>Board Games</u></p> <p>Do you love playing different types of board games with your friends? Well in this program, you will be able to work with friends as well as compete against friends in a variety of different board games.</p>
