Yellow Emergency Forms

Yellow emergency forms for the 18-19 school year will be coming home with your child. Please complete the form and send back to school. These are necessary so that we have current information for every student. In August, all families are required to update information on PowerSchool so that field trip permissions, addresses, phone numbers, etc. are current.

Spring

News from Mrs. O'Donnell

Families,

Even though it still looks and feels like winter, we are in the middle of our usual spring activities. This includes assessments, field trips, Family Fun Night, and planning for next year.

In regard to assessments, students in third through fifth grade just finished the Iowa Assessments (formerly called Iowa Tests of Basic Skills). Now we are working on NWEA. These are reading and math tests taken by second through fifth graders. These computer tests are individualized and untimed. Also during the months of April and May, all students aged five through fifth grade will be taking the FAST reading screener. This is the state-required timed reading test. As a screener, it tells us which kids might be at risk for needing some reading support. This test is administered three times each school year.

Soon we will start working on teacher assignments for next year. We work hard to look at the needs of all children to find a good match with the teacher and the classmates. As we begin to make class lists, they are looked at by many sets of eyes including current teachers, next year's teachers, the counselor, and myself. While we do not take requests for specific teachers, if you have a question or concern about a class assignment, you are welcome to contact Cris Southwood, the counselor, or me before Move Up Day.

Move Up Day is May 23rd. On this day, children meet their teacher for the 2018-19 school year. Towards the end of the day, everyone moves into the classroom of next year's teacher for a short activity. During this time fifth graders get an extra recess.

Kindergarten Camp – New Format

Kindergarten Camp is an opportunity for incoming kindergartners and their teachers to get to know each other a little. It is also a chance for parents to hear a little more about what kindergarten is like. In the past, this has taken place in June. This year, we are trying something new. We would like to have Kindergarten Camp on May 22nd in the early evening before families are off on vacation. More information will be sent to families that are registered for kindergarten for the 2018-2019 School Year.

Communication Survey

In the August and February newsletters was a link for a communication survey. We requested feedback from families about what is currently working and what can we do better, especially in regard to newsletters and Seesaw.

The number of people responding to the survey doubled from August to February, from 35 people to 70. The survey will go out again in the May newsletter and we hope to more than double that number again. We would really like to hear from a greater share of our families.

For the question: **How would you rate communication from Novak Elementary?** 89% of the respondents rated it high to excellent, compared to 66% in the fall.

For the question: **How would you rate communication from the teachers?** 84% rated it high to excellent, compared to 70% in the fall.

96% of the people that responded have a Seesaw account.

For the question: **What suggestions do you have for us to improve communication with your family?** Although most of the comments were positive, we are always interested in improving. Here were some of your suggestions.

Suggestion: Consistency. Whatever method you choose, keep it consistent.

Response: This year I have sent a newsletter as issues arise. Next year I will make a consistent day each month.

Suggestion: Although we love Seesaw, we would still like information about what children are learning in specific subjects, which used to be in a newsletter.

Response: Teachers will be encouraged to include this.

Suggestion: Would like weekly information on just my child's progress. I feel bad being the one always asking the teacher for this.

Response: Teachers are happy to provide this upon request. For teachers to create this on every child every week would take time away from other things, when this may not be what all parents need. Also, there might not be new information to share on every child each week.

Suggestion: Would like to know more about your strategic goals.

Response: Every grade level creates a reading and math goal based on data from the previous year. Generally, we take the percent proficient from the previous year and increase it by 10%. We also write a building goal for social and behavior. For example, we look at the number of office referrals from the previous year and set a goal to decrease it by 10%. We also write goals around OCM (anti-bullying program) to increase the number of students each year that like school and feel safe.

Drills

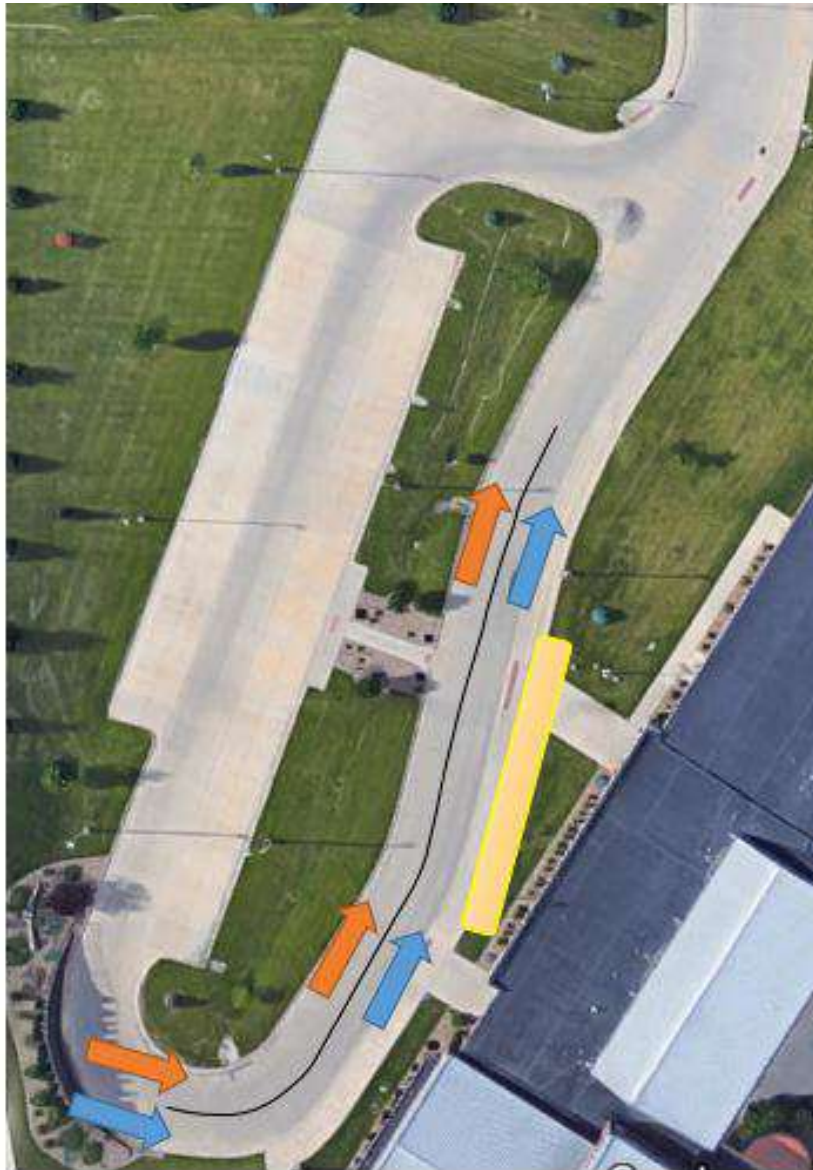

Recently we completed a tornado drill and a barricade drill. Coming up, we will have a fire drill. While you are familiar with tornado drills and fire drills, you may not be as familiar with the barricade drill. This is part of ALICE (Alert, Lockdown, Inform, Counter, Evacuate). As you may remember, we are using the book, I'm Not Scared, I'm Prepared by Julia Cook, with the students. (The link for this book is below.) Last year we practiced the evacuation drill, and will do another one in May. Recently we practiced a barricade drill with the students. During this time, we helped the students understand what to do if we would need to keep an intruder from entering the classroom. We define an intruder as someone that comes into the building, doesn't follow the rules, and wants to cause harm.

If you have questions about ALICE please feel free to contact me.

Julia Cook has many wonderful books, including the one I mentioned. <http://www.juliacookonline.com/book/im-not-scared-im-prepared/>

Beginning Monday, April 23, we will be implementing a new drop-off and pick-up plan. Please see the images below to view these changes. Thank you!

Morning Drop-Off Update:

Starting next week (4/23)

we will be using cones to designate two separate lanes during morning drop-off.

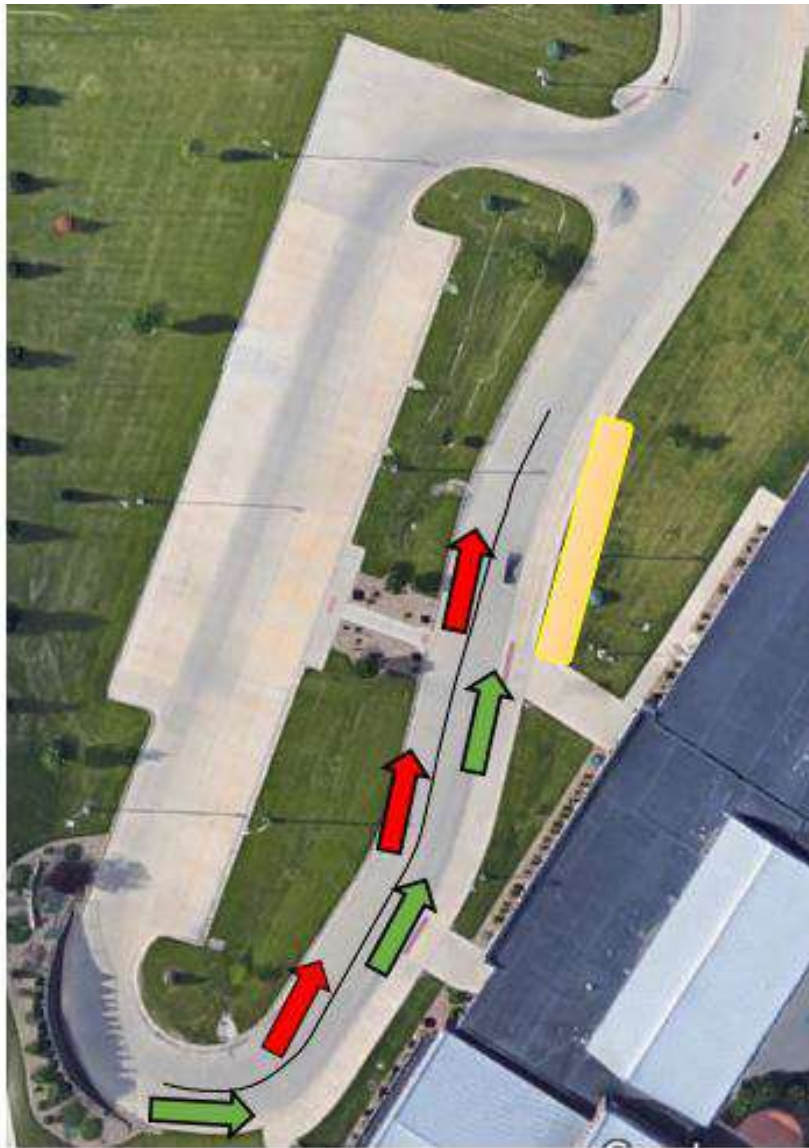

The inside lane (nearest the grassy island) will be only for those driving through and leaving the Novak lot. The outside lane (nearest Novak)

will serve only as the drop-off lane. Please see the diagram.

Please remember that once in drop-off lane there is no leaving the vehicle, no passing and your student needs to exit anytime your car is in the designated drop-off zone.

Key:

-  Exit Lane Only (No dropping off of students)
-  Drop-off Lane Only (please stay in line, do not exit your vehicle and no passing)
-  Drop-off Zone (once your car is alongside this highlighted area, students exit)

Afternoon Pick-Up Update:

Plan ahead – for student safety starting next week (4/23) we will be closing the middle lane during afternoon pick-up. This will limit traffic driving through the center lane. We understand this may delay your departure but feel it is necessary to ensure the safety of our students. Please remember that you should not park or exit your vehicle at any time during afternoon pick-up – our staff are present to help assist your student in getting into the vehicle.

Hills Bank Celebrates 10 years of Stories Alive! at Linn-Mar

We would like to send a BIG thank you out to Hills Bank & Trust for their 10th year of supporting the Stories Alive! visiting author program in our district. The Stories Alive! program, now 27 years at Linn-Mar, hosts a national author/illustrator to visit each of our elementary buildings to share their journey to becoming an author with our young readers and writers.

This year, Katherine Hannigan visited seven Linn-Mar schools in the last week of March to talk about how she became a children's author at 40! Katherine encouraged our students to "follow the fun" in their writing, don't worry about it being perfect, read, read, read and don't forget to believe in yourself as a great writer.

Thank you Hills Bank & Trust for believing in our students and supporting literacy in our schools.

Dear Parent/Guardian,

Linn-Mar Community School District is excited to inform you of a new partnership with Covenant Family Solutions (CFS). CFS will be providing school-based therapy services to Linn-Mar students. Located in Marion, CFS provides counseling and psychiatry/medication management services to adults, children, families, and couples. CFS therapists work with a variety of issues including; depression, anxiety, ADHD, trauma, substance abuse, and childhood behavioral issues, etc.

The purpose of this partnership is to increase access to important therapy services by removing several common barriers. Participating students will receive services on a Linn-Mar campus, eliminating the need to transport your child to an off-site office and reducing time spent out of the classroom. This arrangement can increase communication between school personnel and therapist, creating a more comprehensive treatment approach.

Covenant Family Solutions is able to bill most insurance companies for this service, all applicable copayments and coinsurance will apply.

If you are interested in your student receiving services, or would like more information, please contact:
