

Daily

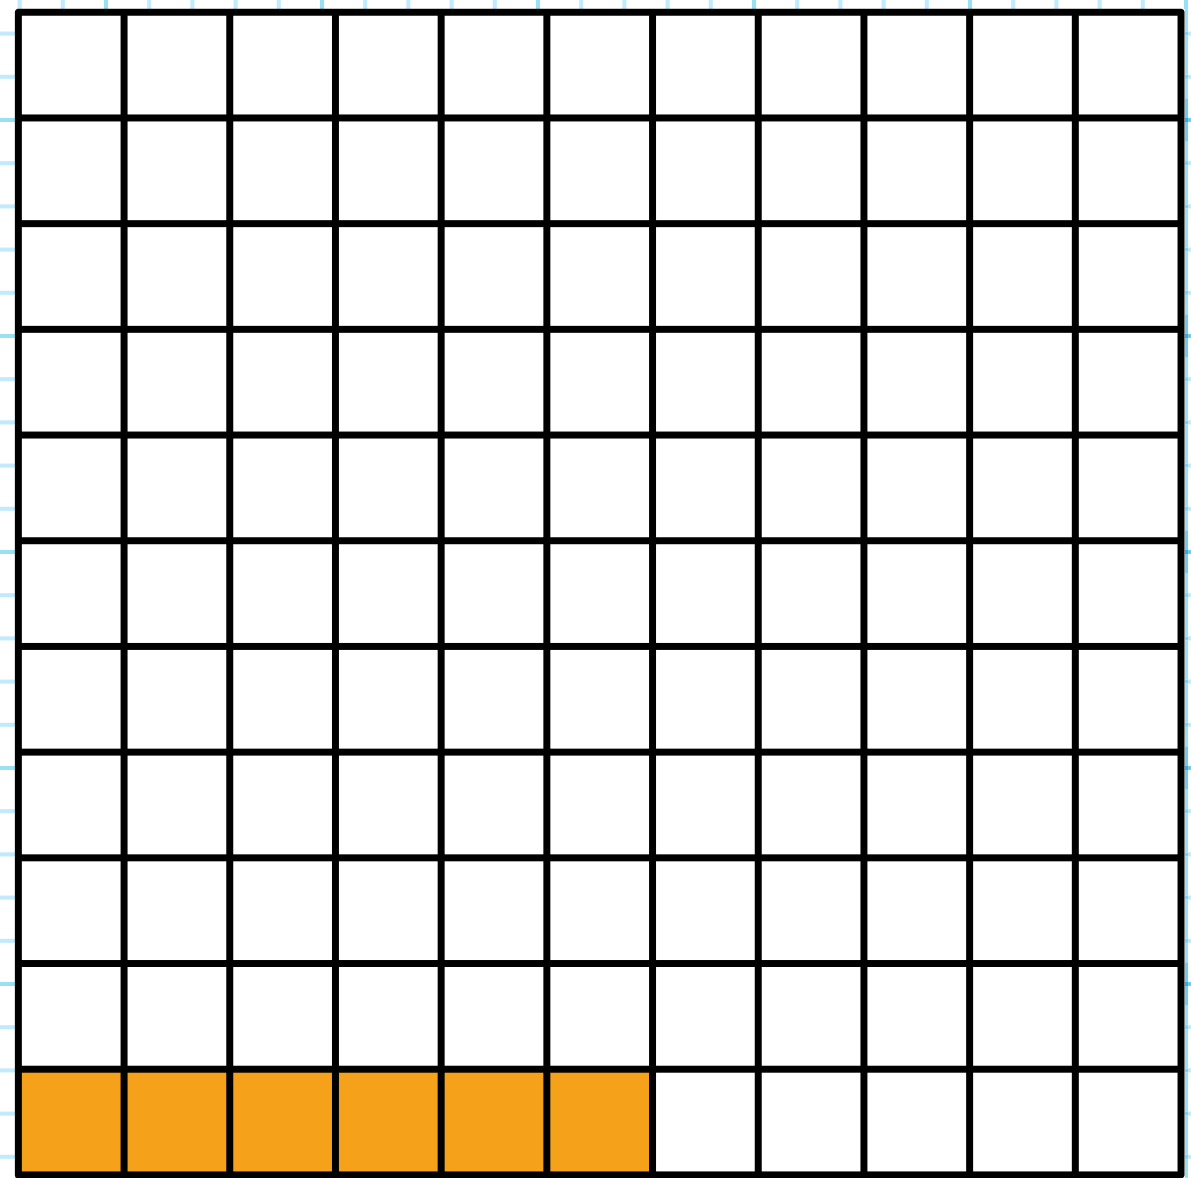

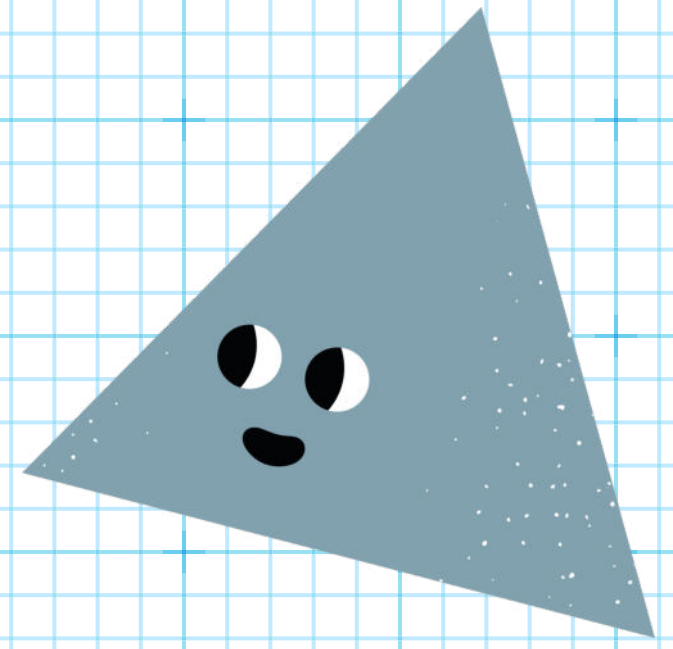

Area and Perimeter

Practice

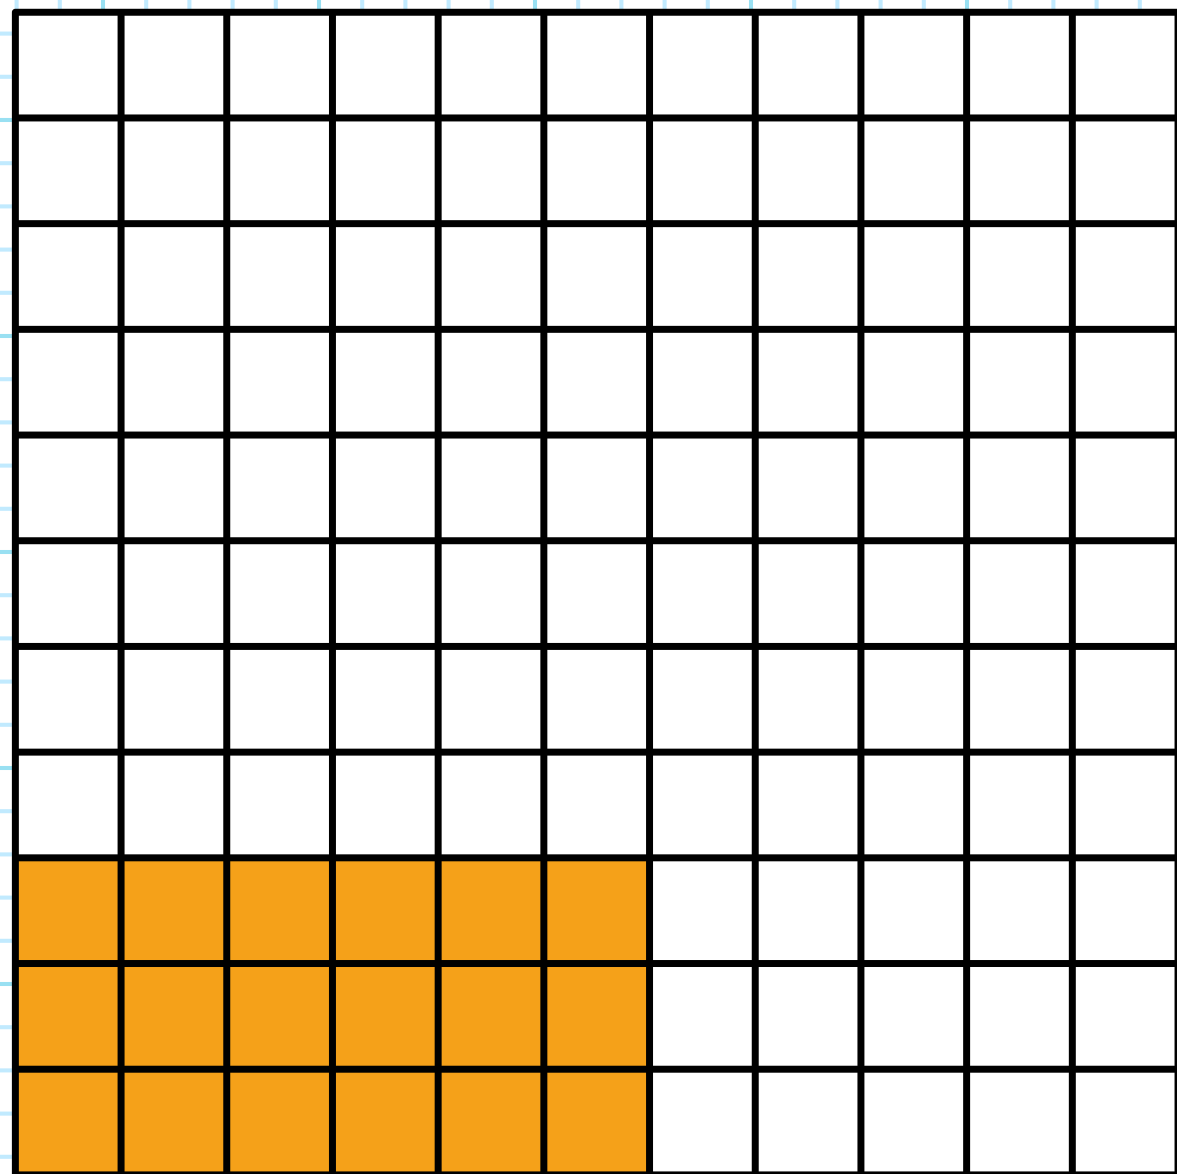

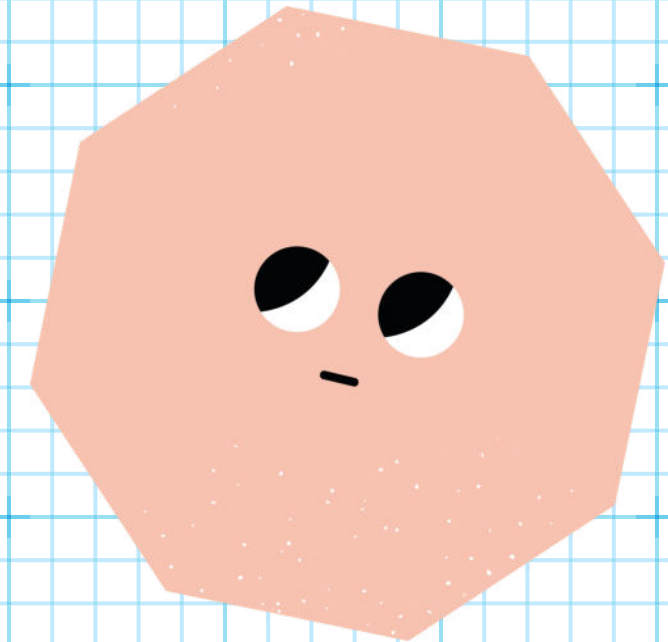

Day 1

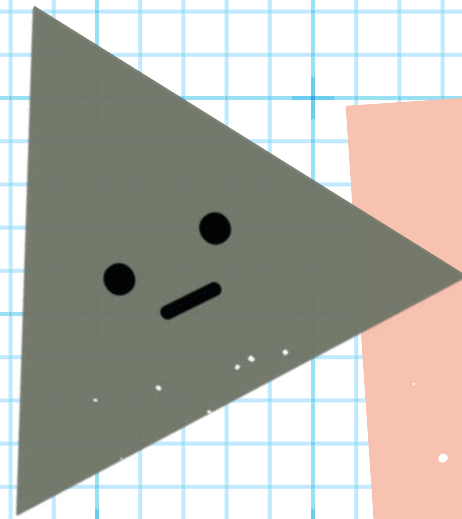

What is the area (length x width) of the shaded part?

What is the perimeter?

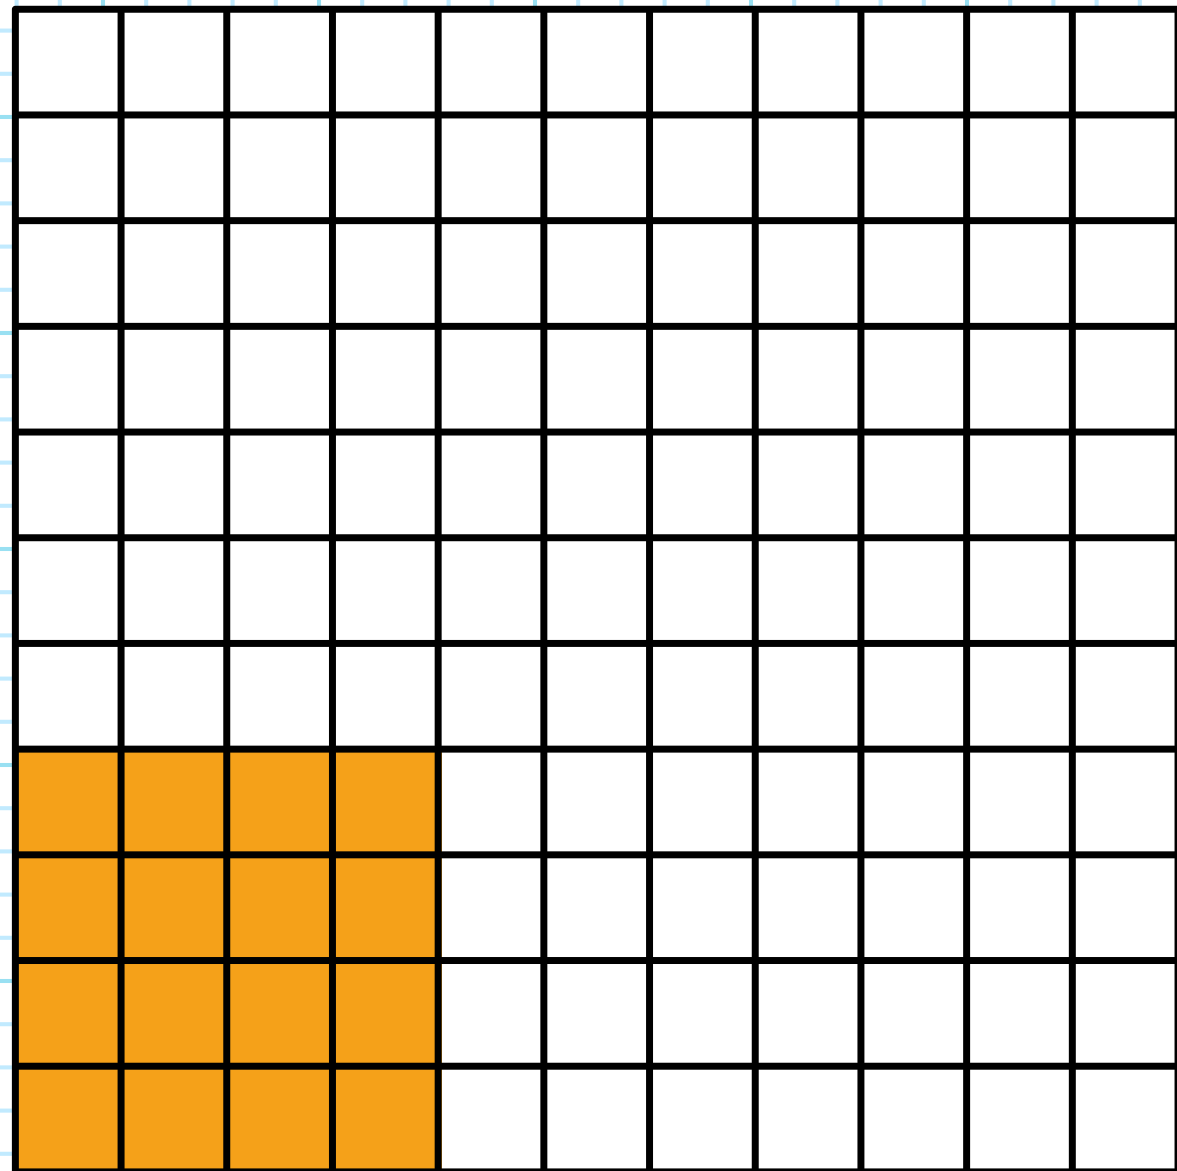

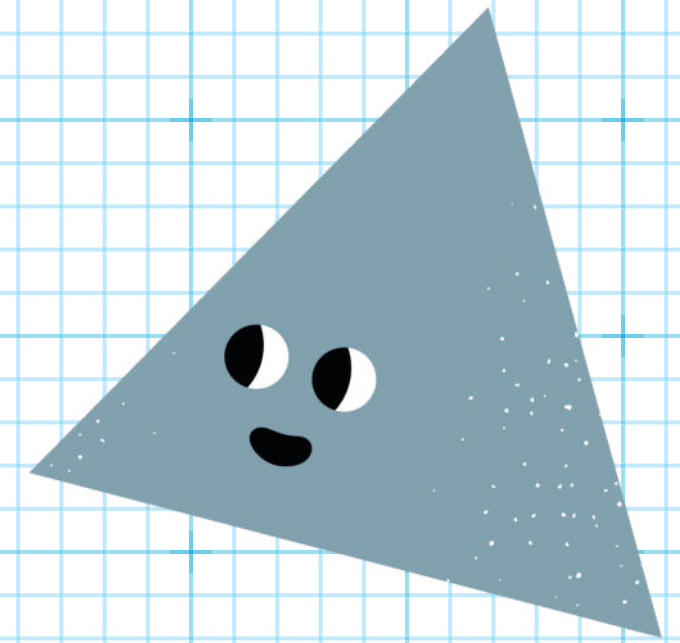

What is the area (length x width) of the shaded part?

What is the perimeter?

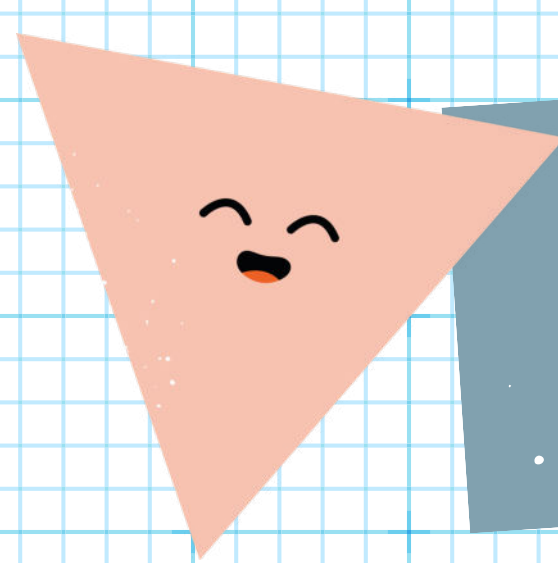

Day 3

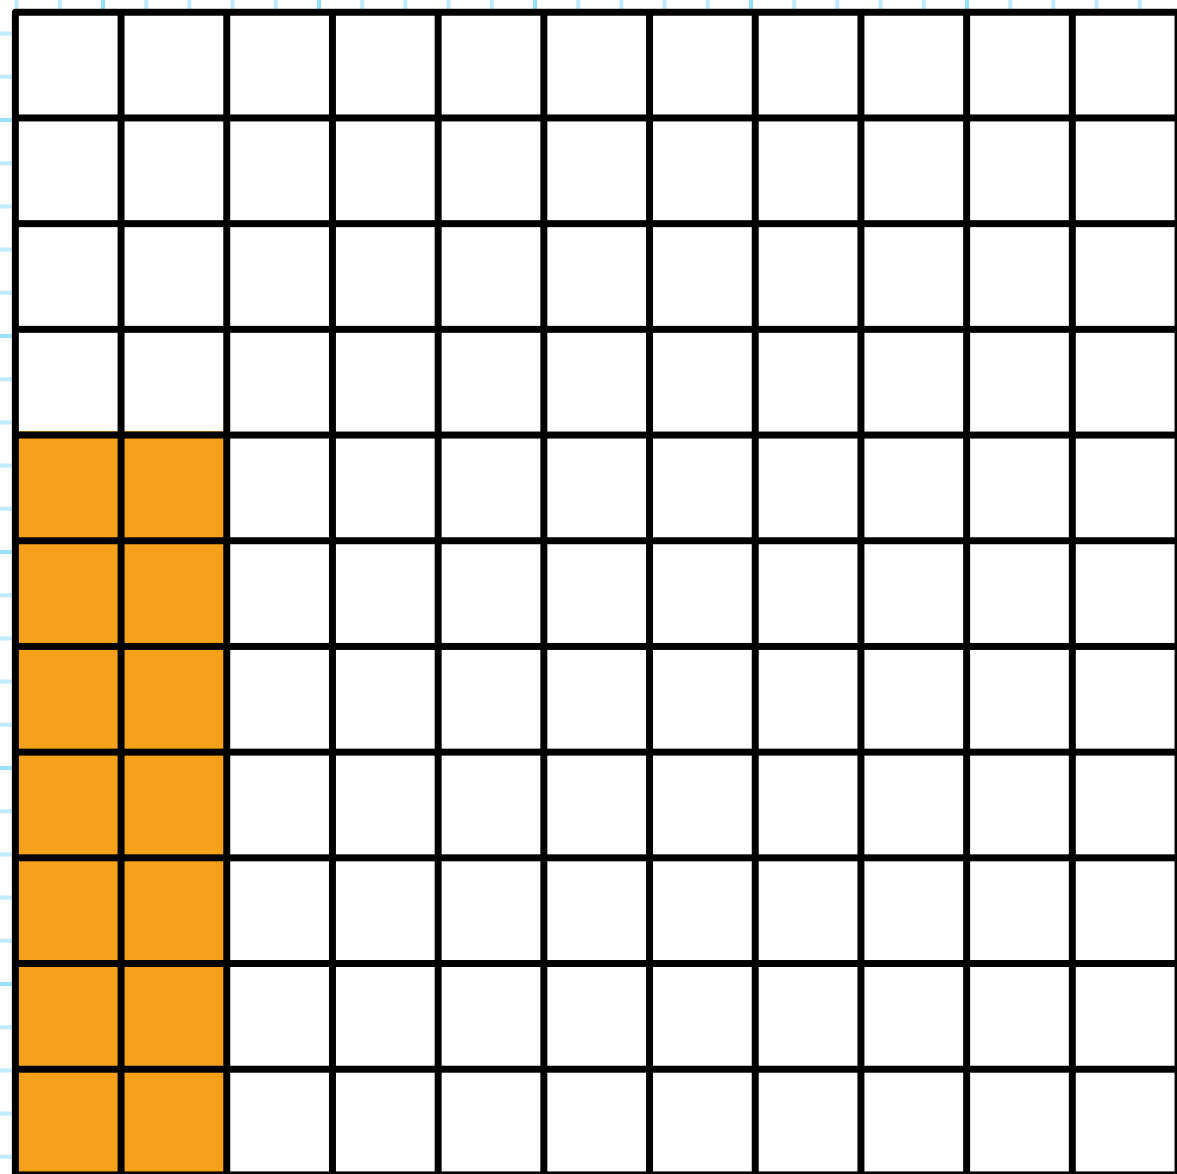

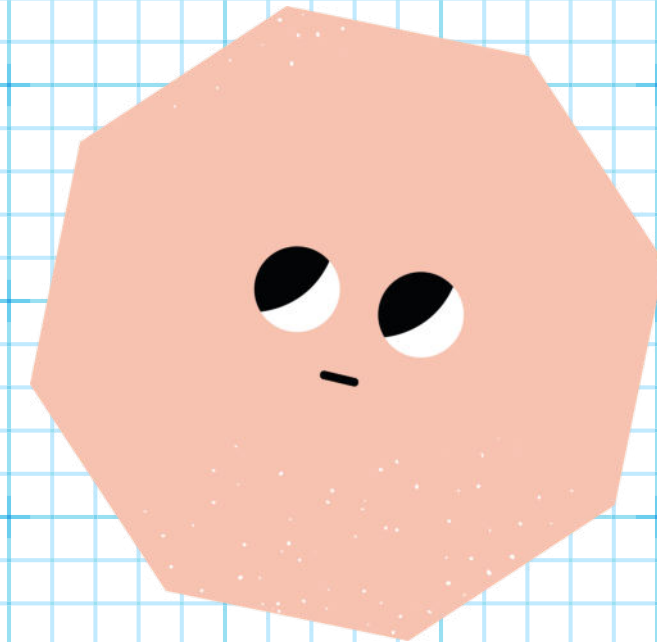

What is the area (length x width) of the shaded part?

What is the perimeter?

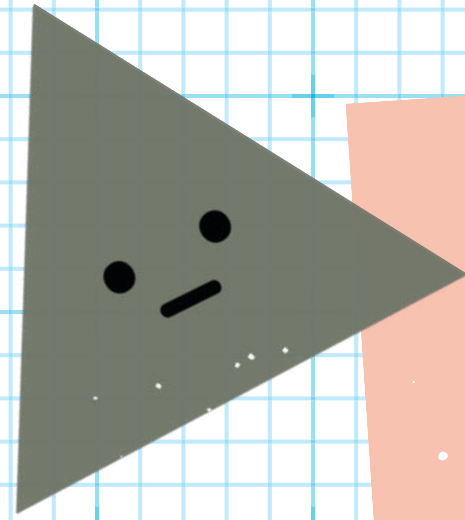

Day 4

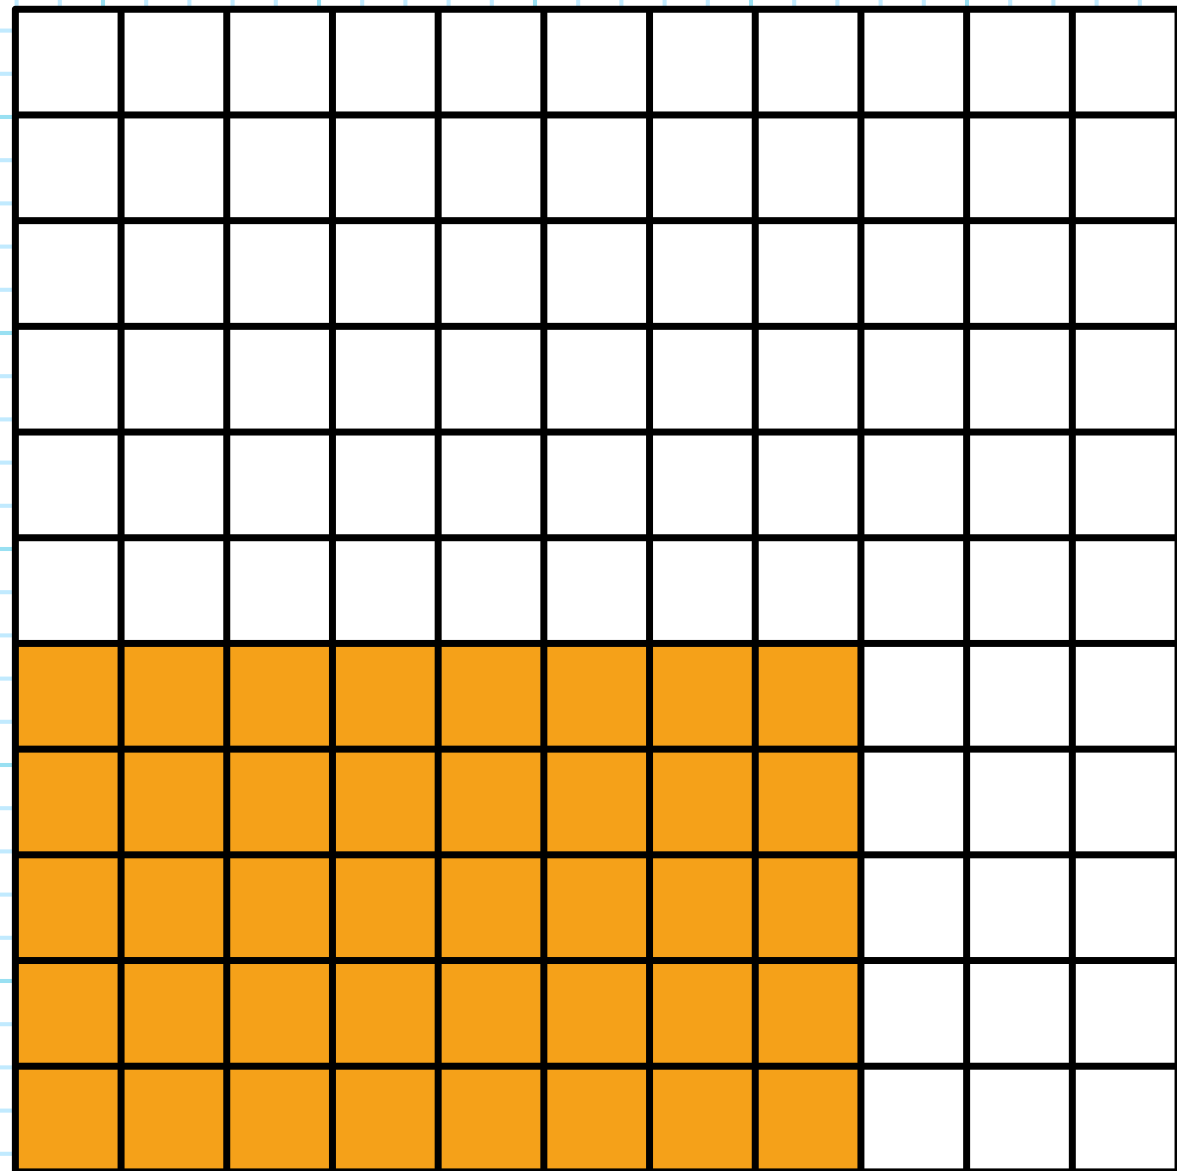

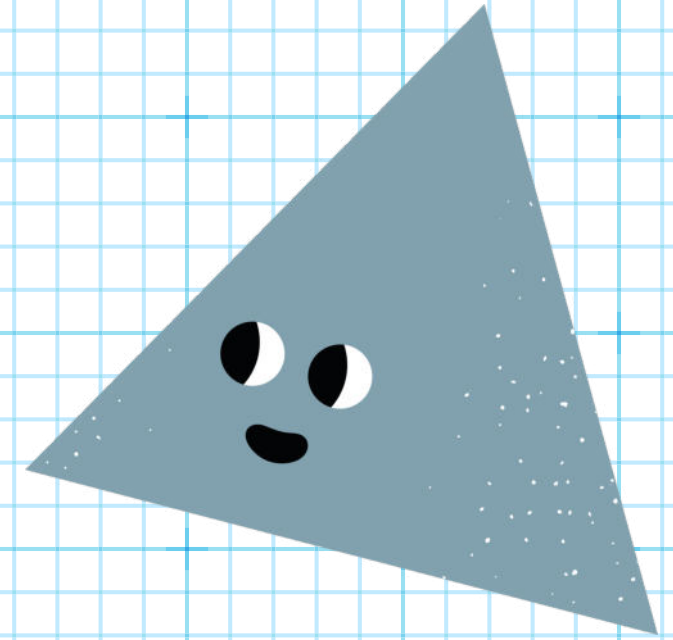

What is the area (length x width) of the shaded part?

What is the perimeter?

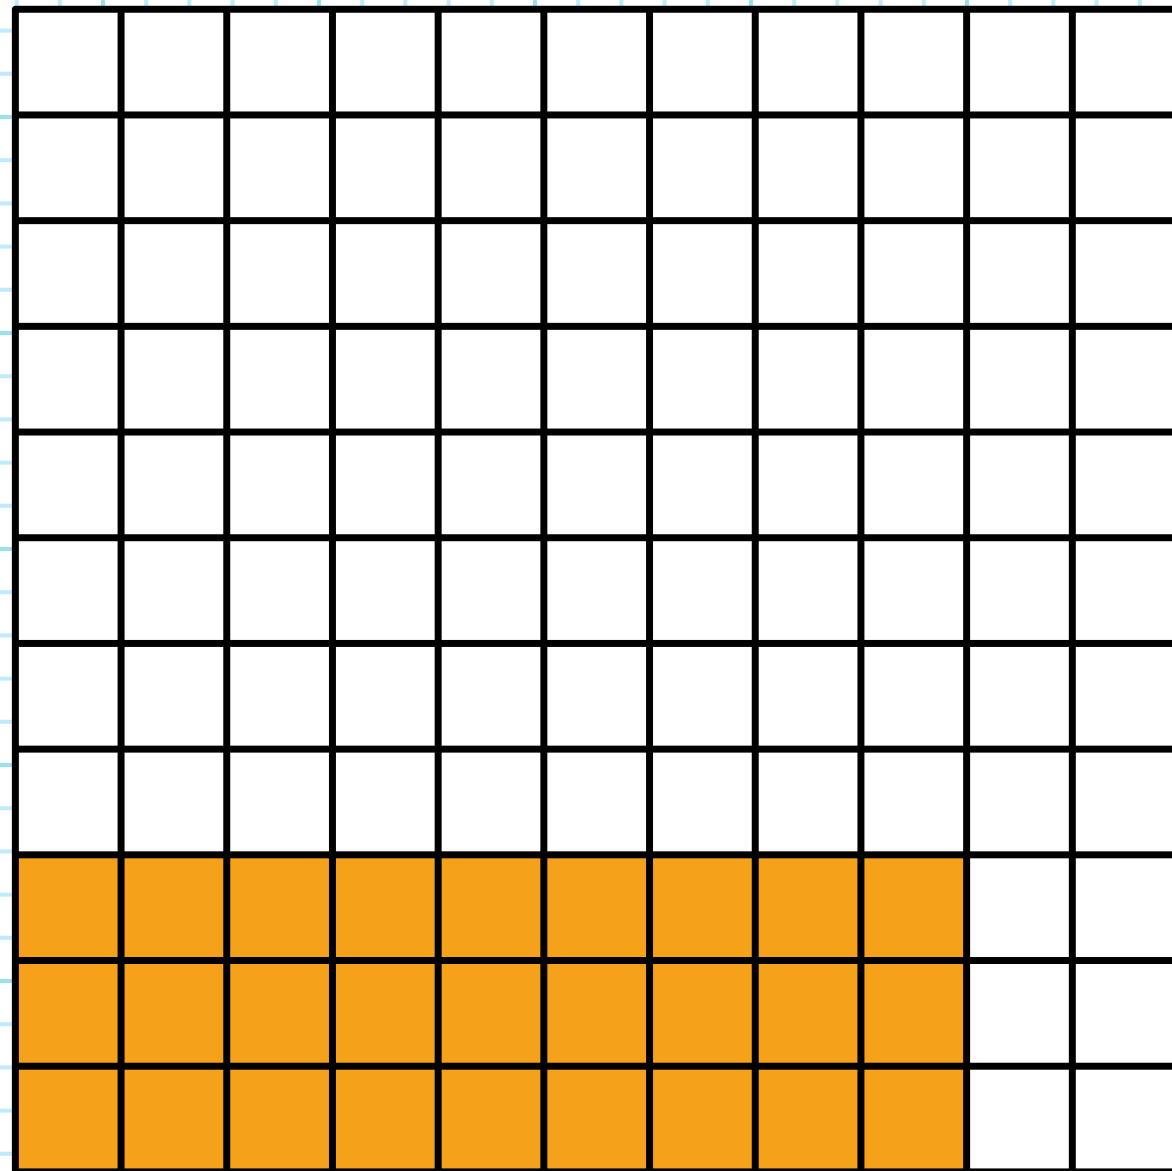

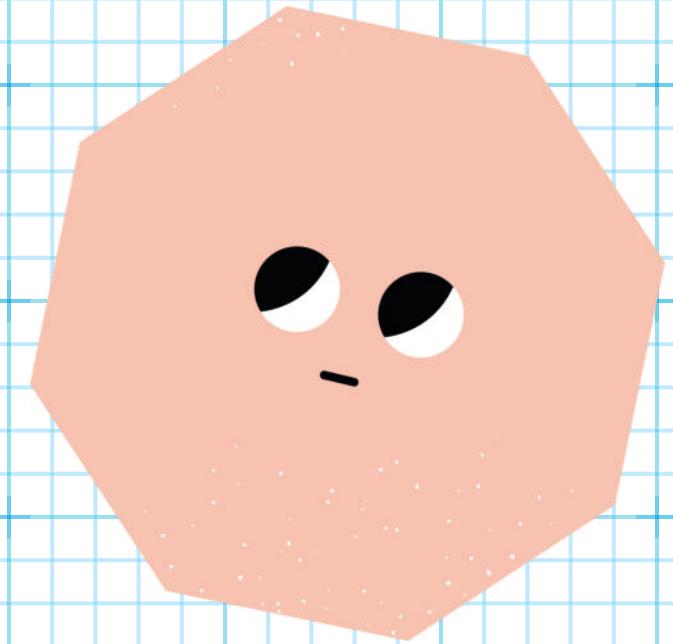

Day 5

What is the area (length x width) of the shaded part?

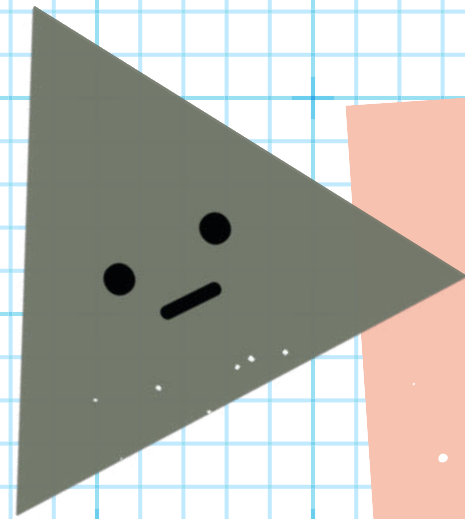

What is the perimeter?

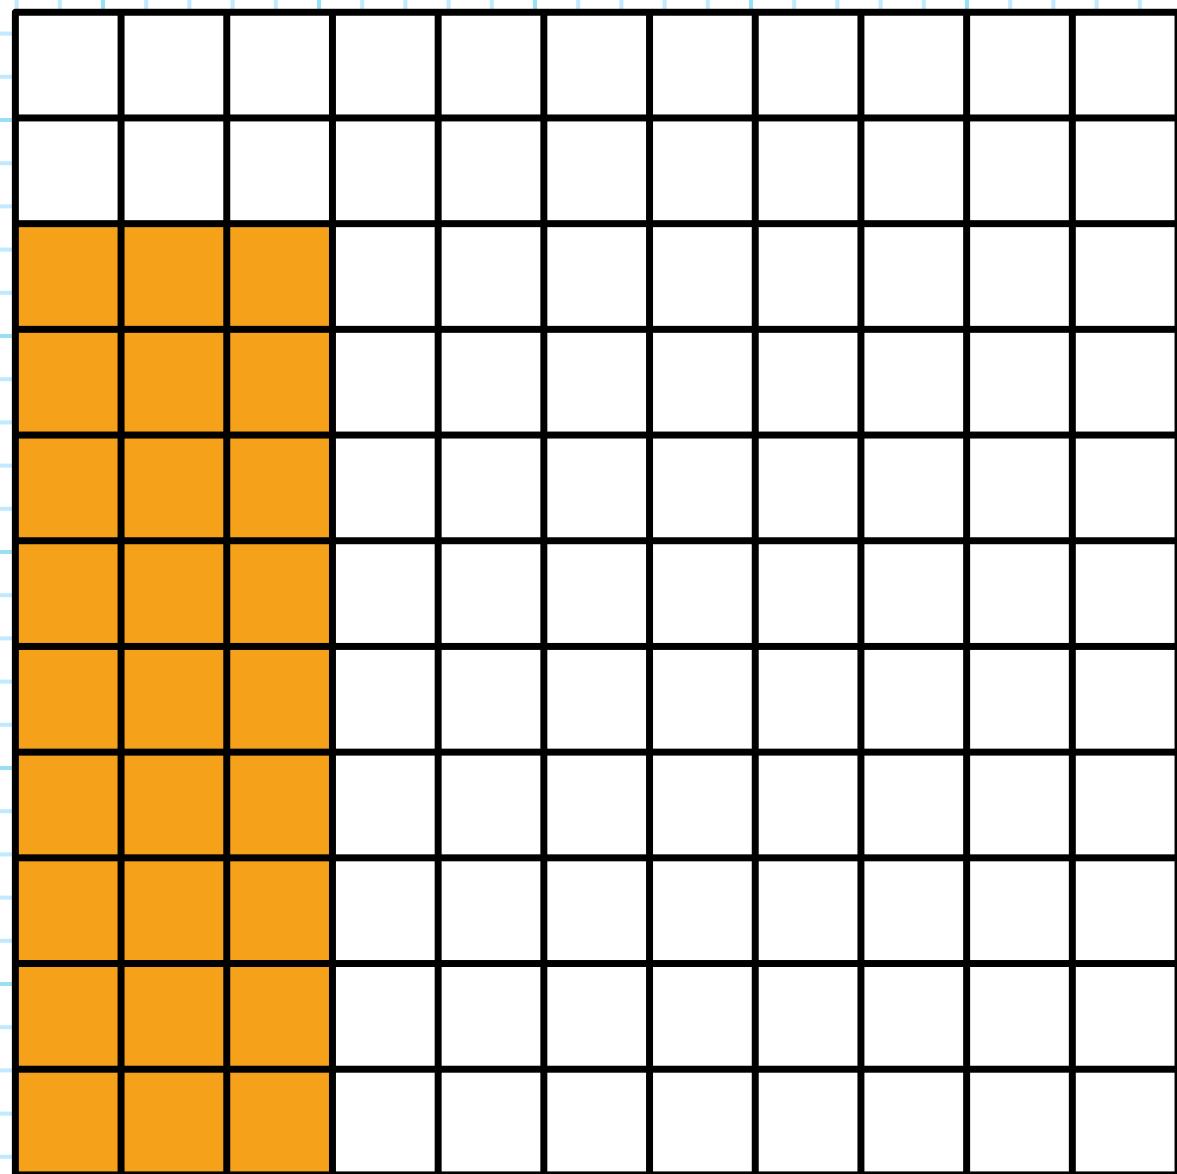

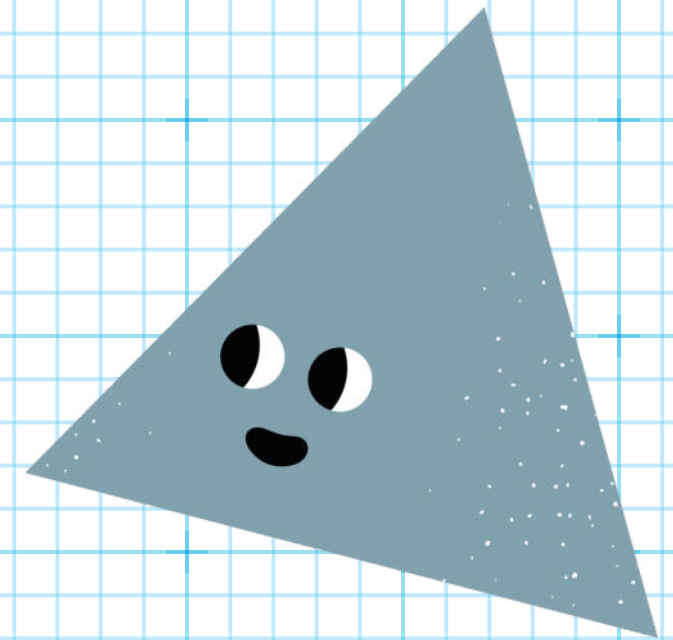

What is the area (length x width) of the shaded part?

What is the perimeter?

--

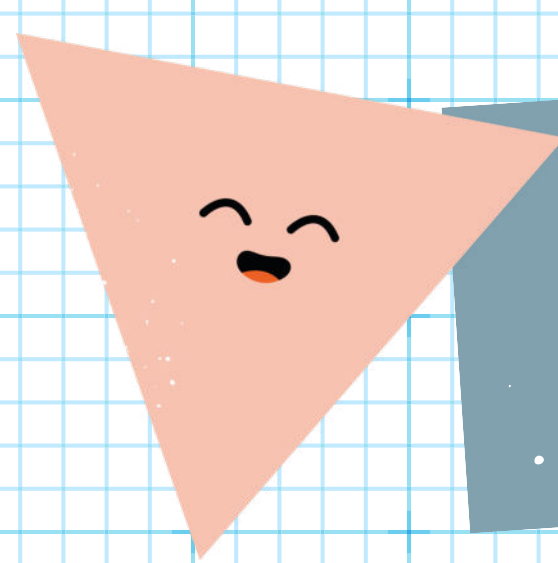

Day 7

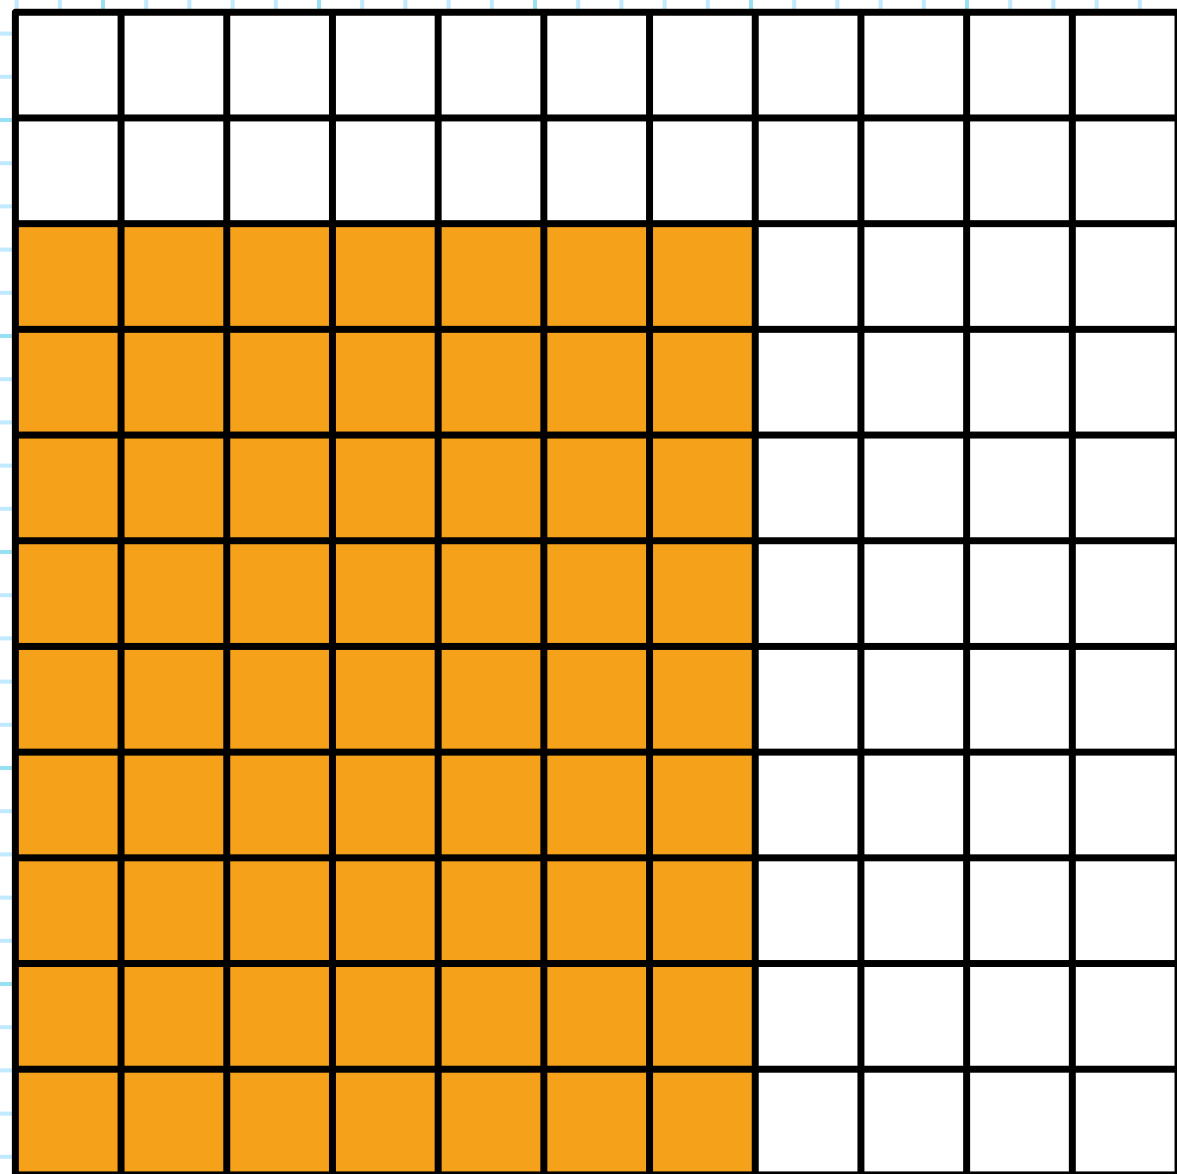

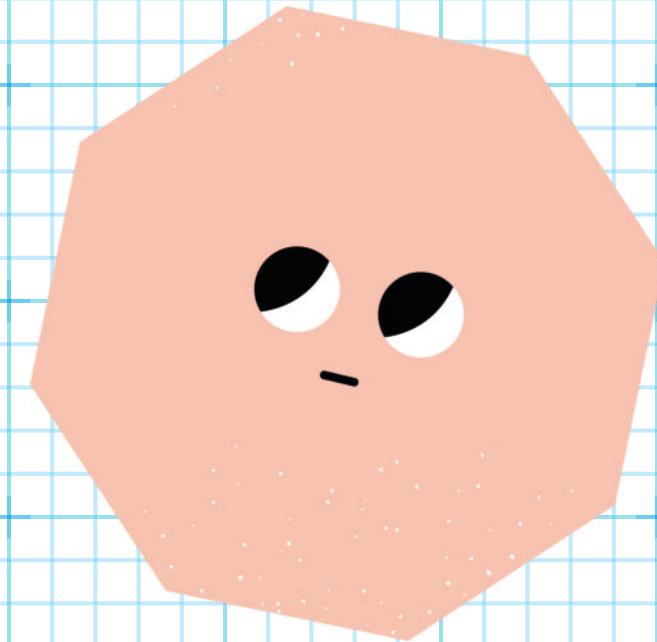

What is the area (length x width) of the shaded part?

What is the perimeter?

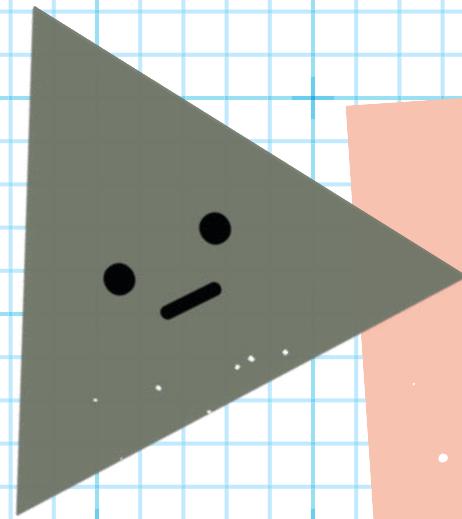

Day 8

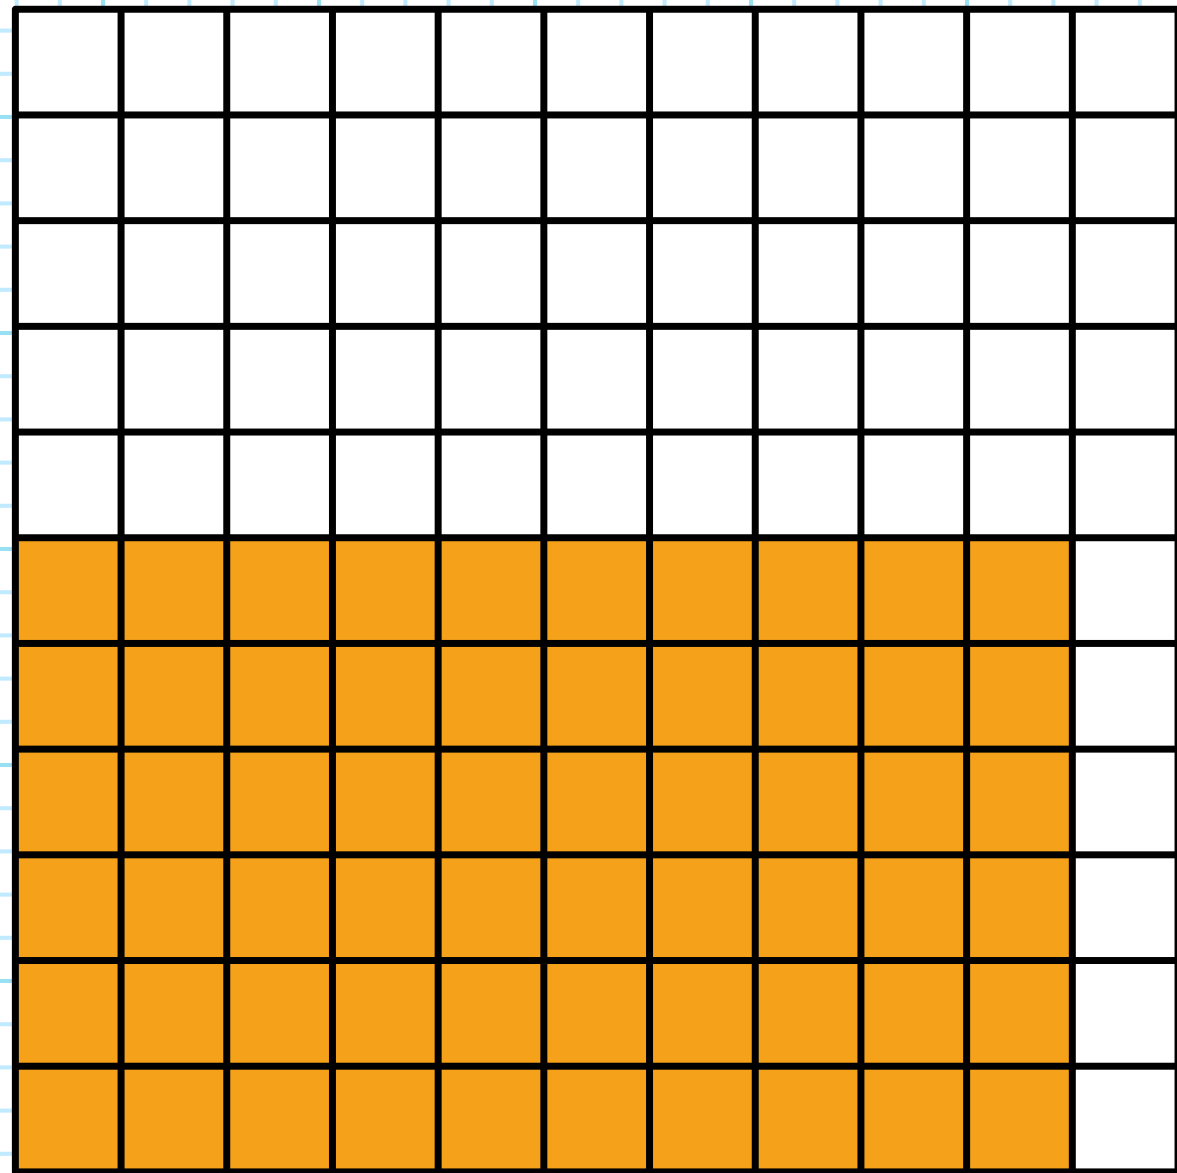

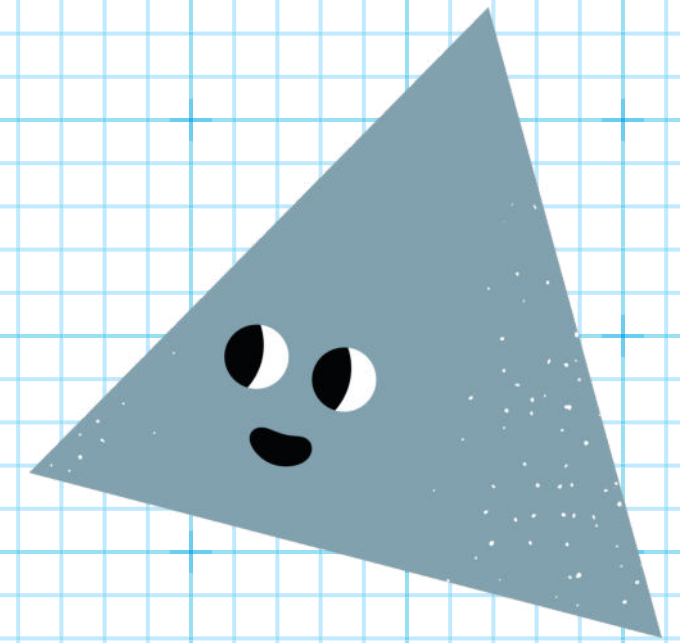

What is the area (length x width) of the shaded part?

What is the perimeter?

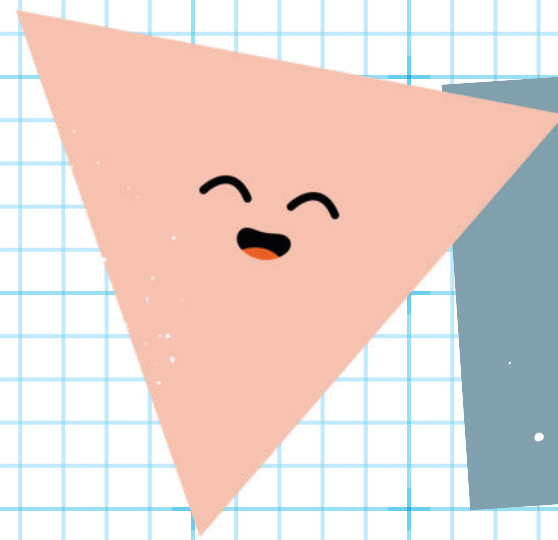

Day 9

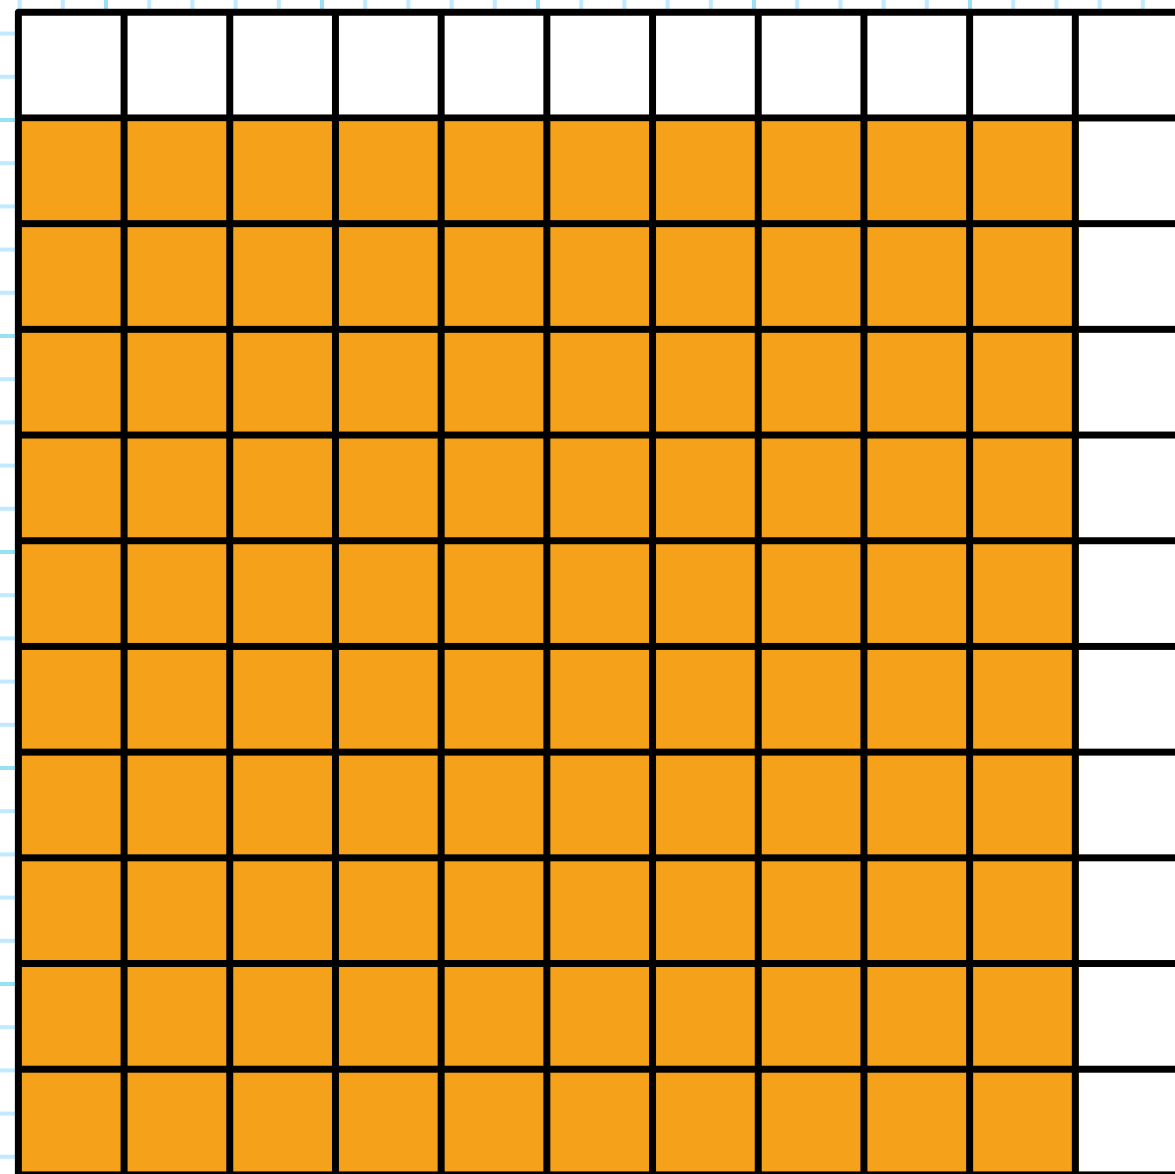

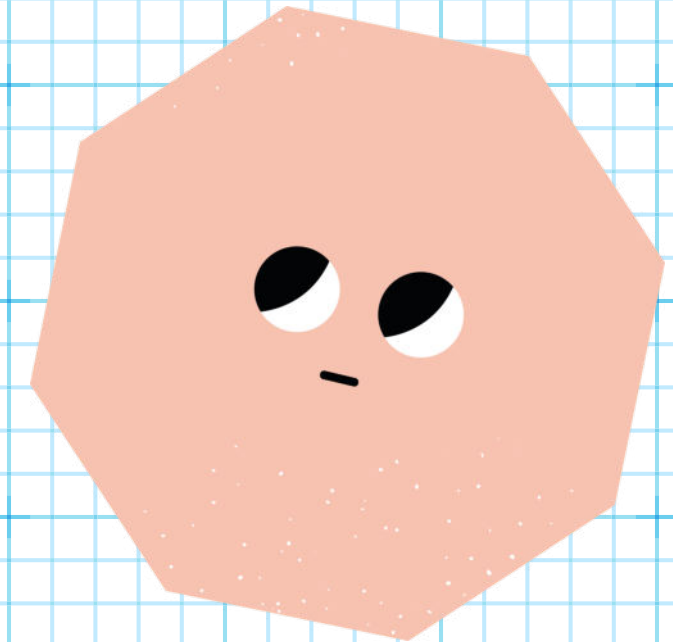

What is the area (length x width) of the shaded part?

What is the perimeter?

Day 10

What is the area (length x width) of the shaded part?

What is the perimeter?
