

The Arkansas Education Service Cooperatives and  
HHMI BioInteractive present ...

## Enhancing Data Literacy Skills Using BioInteractive Resources

*FREE One-Day Workshops for Biology and  
Environmental Science Educators*

Use free, classroom-ready resources to enhance data literacy skills and to teach various curriculum concepts in life science, such as natural selection and ecology. We will model and reflect on techniques for implementing the NGSS cross-cutting concepts (CCCs) and the science and engineering practices (SEPs), including graph interpretation, data analysis, computational thinking, and evidence-based reasoning.

*Breakfast and lunch, and parking provided.*

**Register for ONE today!**

- July 30 at the **University of Central Arkansas**
