

LEA ARP ESSER Plan: “A Plan for the LEA's Use of ARP ESSER funds”

The American Rescue Plan Elementary and Secondary School Emergency Relief (“ARP ESSER”) Fund, authorized under the American Rescue Plan (“ARP”) Act of 2021, provides nearly \$122 billion to States to support the Nation’s schools in safely reopening and sustaining safe operations of schools while meeting the academic, social, emotional, and mental health needs of students resulting from the coronavirus disease 2019 (“COVID-19”) pandemic.

This template is intended to collect all federally-required information from an LEA in a convenient format and to assist LEAs in meeting the federal requirement that, within 90 days of receiving ARP ESSER LEA allocation (90% of New Hampshire’s total allocation), an LEA shall publish an LEA ARP ESSER Plan, which is often called a “school district use of funds plan.”

For further context, please reference ARPA (<https://www.congress.gov/bill/117th-congress/house-bill/1319/text>) or the Interim Final Requirements of ARP ESSER in which the U.S. Department of Education established these requirements (<https://www.govinfo.gov/content/pkg/FR-2021-04-22/pdf/2021-08359.pdf>).

IV. Supporting the Continuous and Safe Operation of In-Person Learning

1. The extent to which and how LEA ARP ESSER funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning:
(Note federal regulation on this plan requires such reporting, but does not require adoption of CDC safety recommendations. The NH DOE recognizes schools will implement localized safety measures based on the guidance provided by the CDC, NH Public Health, and local public health officials.)

Description during SY21-22: The greatest portion of the ARP ESSER funds are set aside to address ventilation needs of the school. This is a priority as recommended by CDC. This is a long-range use of the funds which will also require community support of the proposed ventilation plan. As a result, these funds will most likely not be accessed until later within the grant period.

V. Addressing the Academic Impact of Lost Instructional Time (20 percent of an LEA's Allocation)

1. How the LEA will identify individual student learning loss, including among students most likely to have experienced the impact of lost instructional time on student learning, such as:
- Students who did not consistently participate in remote instruction when offered during school building closures;
 - Students who have missed the most in-person instruction during the 2019-2020 and 2020-2021 school years; and
 - Students most at-risk of dropping out of school.

Description during SY21-22: Ashland Elementary School has the benefit of being a small school with a personalized approach to learning. Educators consistently use academic, attendance, and behavior data to address individual student needs. Teachers, Guidance, Support Staff and Administration work collaboratively to identify needs, develop plans to meet needs, implement plans and monitor progress.

2. How the LEA will use the funds it reserves under section 2001(e)(1) of the ARP Act (totaling not less than 20 percent of the LEA's total allocation of ARP ESSER funds) to address the academic impact of lost instructional time for such students through the implementation of evidence-based interventions as defined by ESSA (<https://ies.ed.gov/ncee/wwc/essa>), such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year:

Description during SY21-22: The School District will utilize funds to provide an Academic Interventionist Teacher. This additional Interventionist will allow for increased access to direct instruction to close learning gaps. Additionally, a portion of the funds will be used to further support the expansion of school-wide Title I programming with the addition of a second Title I Teacher. These three positions (2 Title I with a portion of funding through ARP ESSER III and ARP ESSER funded Academic Interventionist) will work collaboratively with Classroom Teachers to address learning loss and gaps.

Description during SY22-23: No funds are planned for 22-23 at this time.

Description during SY23-24: No funds are planned for 23-24 at this time.

3. How the LEA will use the funds it reserves to address the academic impact of lost instructional time through:
- a. Individualized tutoring, including providing stipends to teachers for intensive, supplemental tutoring (please check one):
 Yes: ☐ Somewhat: ☐ No: ☒

Description: Ashland Elementary School provided a full in person learning option last year as well as a virtual option for families. ARP ESSER funds are being used to provide direct instruction and support during the school day to address learning gaps.

- b. Teacher-directed professional development, in which teachers choose the professional development opportunities best suited to their career pathway and current learner needs (please check one):
 Yes: ☐ Somewhat: ☐ No: ☒

Description: No ARP ESSER funds are planned for teacher-directed professional development at this time

4. How the LEA will produce evidence of the effectiveness of evidence-based learning loss interventions employed:
Description: The School maintains data on student learning achievement. An analysis of this data will provide evidence on the effectiveness of the additional Title I Teacher and Academic Interventionist.

VI. Addressing Learner and Community Needs (80 percent of an LEA's Allocation)

1. After accounting for the funds reserved under section 2001(e)(1) of the ARP Act, how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) of the ARP Act (See Appendix A.):

Description during SY21-22: The greatest portion of the ARP ESSER funds are set aside to address ventilation needs of the school. This is a priority as recommended by CDC. This is a long-range use of the funds which will also require community support of the proposed ventilation plan. As a result, these funds will most likely not be accessed until later within the grant period. The breakdown of funds is as follows - \$100,731.34 Academic Interventionist; \$7,907.08 Support Additional Title I Teacher (pending School Board Approval in September); \$7,879.98 Additional Administrative Support for Development/Implementation of Ventilation Project; \$4,117.44 Advisor for Families Enrolling in VLACS; \$6,328.02 Anticipated Indirect Costs; and \$274,865.11 reserved to address ventilation needs (additional funds in the amount of \$238,459.65 will be used from CRSSA ESSER II funds to support this work).
