

ART LITERACY IS IN NEED OF SUPPLIES

Art literacy is in need of supplies to create an art installation. This installation is happening in conjunction with Earth Week and our upcoming art fair. It is our hope that the materials being gathered are not being purchased to fulfill these needs. Rather, the materials should be those that have been sitting around gathering dust and need to find a better home. We really want to be recycling/reusing extant lumber. All materials should be free of paint, mold/mildew, and chemical treatments. Imperfections are acceptable. Please see the list below and contact Roger Ray if you can help provide any of the listed items.

Your help is very much appreciated. THANK YOU!

STRUCTURAL/FRAMING WOOD

(I.E. Doug Fir, or other dense red wood, hardwood)

- (8)2" x 8" x 10'
- (1)2" x 8" x 8'
- (6)2" x 6" x 8' (I can use anything >48")
- (2)2" x 4" x 8' (I can use anything >48")

SECONDARY/CLADDING WOOD

(Can be any species, hardwoods preferred)

- Any dimension > 1" x 2" x 2' (4' or longer preferred)
- We will need approximately 40 sq. ft. of cladding.

To contact Roger Ray and make arrangements to drop supplies off at his house please call (619) 316-2239 cell or email rwray1971@gmail.com.
