## General Information

### Description

This course will allow students to create art using various materials, explore new ideas and reflect on how the materials and ideas are merged into a final artwork. Students will be introduced to artists, drawing techniques, art vocabulary and how to create a power point portfolio.

### Expectations and Requirements

Art students are required to participate in class daily from 7:40am-11:50am\*

\*Exploratory Art or recovery art students have class from 10am-11:50am

Break will be from 9:45am to 10am

During class time, students are required to participate in meetings through video and chat.

Please find a well-lit workspace, free of distractions & keep background noise/music to a minimum. Be prepared to be on camera at the request of the teacher and stay at your workstation during class.

Students are expected to complete bell work, daily drawings, reflections, submit photographs of daily progress and turn in projects when they are due.

Students are expected to be respectful to one another and instructor when giving feedback or during class discussions. Students are expected to have their device fully charged before the start of class.

Students should notify instructor if issues arise, if a planned absence is scheduled, or if assistance is needed in any capacity. You may email me at [melanie.caudillo@ops.org](mailto:melanie.caudillo@ops.org) or request a virtual meeting.
